GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper :—

From Surgeon-Major J. L. VANGEYZEL, M.B., F.I.C., F.C.S., Chemical Examiner, Madras, to the Chief Secretary to Government (through the Surgeon-General with the Government of Madras), dated 23rd June 1897, No. 638.

I have the honour to state that proceedings and orders of Government, which used to be distributed to this office, have been discontinued recently. In the appendix to G.O., No. 321, Public, dated 5th March 1896, one copy of proceedings and orders and twelve copies of the annual report of this department are shown as the authorised supply to this office. The supply of such proceedings and orders were continued for several months after G.O., No. 175, Public, dated 3rd February 1896, which prescribed the status of the Chemical Examiner; but recently it has been discontinued altogether.

2. The Surgeon-General's standing orders, which are a reprint of Government orders relating to the Medical department, are supplied to this office, but since they relate to administration of hospitals, &c., they do not affect the administration of this department, nor do they supply information upon matters generally referred to this department. I have recently been obliged several times to obtain loans of proceedings of Government from various offices in the Presidency in order to obviate delay in replying to references made to me from departments of Government upon matters referred to in those proceedings. As this is an inconvenient arrangement, I beg that Government may be pleased to concede the continuance to this office of the supply of its proceedings and orders as hitherto laid down in the appendix to G.O., No. 321, Public, dated 5th March 1896.

No. T-2—157.

Submitted for the favourable consideration of Government.

OOTACAMUND,
3rd July 1897.

(Signed) C. SIBTHORPE, Surgn.-Major-Genl.,
Surgeon-General with the Government of Madras.

ORDER—No. 1021, Public, dated 2nd August 1897.

The supply of copies of proceedings of Government direct to the Chemical Examiner, as laid down in the appendix to G.O., No. 321, Public, dated 5th March 1896, will be continued, except in the case of orders passed on matters relating to the administration, which should reach him through the Surgeon-General.

The copies were apparently
at 14, but it does
not show, as far as I
can see, that any
provision was made

The departure from his

to have been wrong.

There seems to be
no reason why

in some respects he is
a head of Dept still.

NOTE FOR THE CHIEF SECRETARY
Tues. 5.4.

No doubt - G.O. 321 / 5-3.96 /
is of later date than G.O. 175
/ 3-2.96 /, but it is submitted that it
is anterior to the former G.O. was
first in hand & well advanced
before these G.O.s issued & that it
was eventually published as
originally tabulated with some
modifications. Talking to chemical
examiners letter filed with G.O.
321 - his report made in July 1945
was tabulated about that time.
The report stated no doubt was
been modified since July 1945 and
in July 1946 but that G.O. was published.

in fact the conversation between
 them on 11/15, 1956, was the first
 time brought-forward by the C.E.
 himself, though some few months
 after there is some the effect of
 G.P. 125-4/3/2/36 on the list
 was noticed & a remedy applied.
 List is a very old one & it has
 been modified from time to time
 on the strength of G.P. 125-4/3/2/36
 No 125-4/3/2/36 is an instance of such
 irregularities when the C.E. name
 is appended & that alteration was
 made under the orders of the

It is submitted that the

cases except as regards G.O.'s
dealing with the administration
of his department, that is
being General G.O.'s as well
as those dealing with technical
matters in his Dept. should
go direct, only G.O.'s passed
on letters of the C.E. which have
come up through the S.G. might
go back through the S.G. This,
it is submitted, would save a
great deal of useless printing
work in the S.G.'s office and it
would ^{practically} be no more work here.
