CHINGLEPUT DISTRICT BOARD'S OFFICE,

SAIDAPET, 31st July 1897.

From J. A. Cumming, Esquire,
President of the District Board,
Chingleput.

To

The ~~Chief~~ Secretary to Government,
Local and Municipal Department,
Madras.

SIR,

The district medical and sanitary officer has reported that in pursuance of the order contained in G.O. no 12552, dated 3rd July 1897, the Surgeon General has instructed him to inform the Hospital assistants in charge of the dispensaries at Tiruppur, Tiruvallur and Pulicat to hold themselves in readiness to start without delay for famine duty when required to do so. He has subsequently reported that the Hospital assistant in charge of Tiruppur dispensary has already been ordered of

and that the institution has been closed.

2. As regards the hospital assistant at Truvethiyur, the President of the Saidapet taluk board under whose control he is placed, states that it is undesirable to take him away now as cholera has broken out in the villages about Truvethiyur and his services are required at those places. This seems desirable, in order to prevent spreading.

Pulicat which is situated on the Buckingham canal and is liable to periodical visitation of this epidemic has a floating population. The place is far removed from medical help, the nearest dispensaries being those at Bommeri on one side and Truvethiyur on the other. If the passengers on their way to Madras get cholera, they are likely to carry it on to Madras unless watched at Pulicat.

3. In these circumstances I have the honour to request that government will be pleased to issue orders

to the Surgeon general not to disturb the medical subordinate at these two stations.

I have the honour to be,
Sir,

Your most obedient servant,

President, S.O.D.

same districts.

The S. G. would appear to have made a bad selection when he proposed to take away the Hospital Assistant from Timothys, where Cholera has broken out. It is submitted that the letter may be communicated to the S. G. in the remark that he should, never practically, consult the District Board before deciding to remove a medical subordinate.

AV

5/8/97. The S. Genl. has a usual make a mess

of things. He should of course have adapted the District Bd. before moving any of the H. Asst. or even warning them. What he ought to have done was to have a copy as he received the order in the Public Dept. & drawn up in communication with President of D. Bd. a regular scheme for the

withdrawal of H. Asst. from minor dispensaries in which the dispensaries the order of doing so would have been given for some time: had this been done every body concerned would have known exactly when the men and their would have been no hitch. Under the circumstances the S. G. should do so

submitted as needed order to send the H. Asst. belonging to Timothys back or supply a man in his room and should be further told that he is not to work in local or small employ but they will probably be required to do some work, or move them to any of the kind without first communicating with the President or Chairman concerned and if these officials make any objection, considering it

ORDER.

The letter of the Pres. Dir. Board
Chargé of the Dispensaries
under the Commission
reported the Govt. considers that
the dispensary at Tinnakur
should not be left without
a medical officer.

When sanctioning the closing
of minor dispensaries
the Govt. did not intend that
any steps should be taken without
consulting the Local Boards
concerned, & drawing up a
carefully considered scheme to
be acted upon if necessary. The
S.G. will be informed that
requested not to close Hospital
Dispensaries in local municipalities
which are not to be closed.

required for family duty
 or to transfer them to such
 duty^{xx} which first communicating
 with the Pres. a Chairman of
 of the Local Board a municipality
 that employs them, and
 considering any objections that
 may be raised.
