THE COMMISSIONER OF POLICE,
MADRAS.

To The Assistant Commissioner of Police,
Madras.

Sir,

I have the honor to acknowledge the receipt of your letter dated 2nd June 1897, submitting the Account of the Expenditure of the Police Department, embodied in G.O. No. 931. I have the honor to inform you that the closing balance Rs 319-11-00 is insufficient to meet the expenditure to be incurred up to March 1898. The price of rice, however, has risen so much that my forecast cannot now be realized. The marginal statement shows the price of rice in March, April, May, June and July 1897. It will be observed that the price rose from 28 measures per pagoda in March 1897 to

Notes on the I. A.

This need not be referred to the Account Genl. It is for the ~~Ind~~ Pub Dept to sanction the expenditure if it finds it necessary, & the Finb to provide funds. This is what the A's office people want us to do on my personal enquiry. The papers at B & C are of course exact precedents, but they say that they are out of date, that the present ~~is~~ right procedure in these cases is the one stated above.

NOTE FOR THE CHIEF SECRETARY.

Please see notes below. Orders
 are requested as to how such
 papers should be dealt with.
 Public cannot sanction the
 estimates, but at the same
 time financial issues, as is
 supposed to know, nothing as
 to the administrative side of
 the question. As the departments
 are under the C.S. and in
 charge of the same H.M. this
 is rather little practical difference
 that of him deals with this
 similar questions, but an
 order on the point would
 place matters in a more
 satisfactory footing. The
 most reasonable course would
 seem to be for Public to
 approve of the proposal &
 transfer it to Financial. If
 Financial cannot find the
 money it would say so.

The annual Govt contribution to the Triplicane Langakham is Rs 4,800. In para 11 of the last report on this institution it was stated that the closing balance for 1895-96 had fallen so low as Rs 319 and that the extra cost of rice would absorb this balance in about eight months; also that as a precautionary measure no admissions had been made since 1896.

It is now represented that the rise in the price of rice has been so rapid that the balance on the 30th ult was Rs 5.8-1 only.

The Commr of Police
Thrup.

therefore ask for sanction
for extra allowance
of Rs 100 per mensem as
long as the present high
rates of grain prevail.
He calculates that the
monthly expenditure

will for some time to come
fall little short of Rs 530*

The average monthly expenditure
in 1876-77 was Rs 476 -

So $\frac{1220 \text{ Rs}}{4.11.76}$ and $\frac{1131 \text{ Rs}}{28.12.77}$

From the papers flagged
P & C it will be seen that
similar requests were
sanctioned during the
famines of 1866-67 and
of 1876-77. During the
latter famine the grant
was first raised to
Rs 500 per mensem and
later to Rs 600.

In the event of
sanction being accorded
a draft order is
submitted for approval

Yes - I think the extra grant

it can be carried to famine
