Muhammadan Hospital Assistants.

Stating that the concession of reserving one-third of the annual vacancies in the Hospital Assistant grade for Muhammadan candidates irrespective of those recruited by general competition will remain in force for a further period of two years.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper :—

From Surgeon-Major-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Ootacamund, 1st July 1897, No. T-2-147.

I have the honour to state that in my letter, No. 474, dated 1st November 1895, I brought to the notice of Government the utterly inadequate proportion of Muhammadan hospital assistants in the Madras Subordinate Medical establishment and proposed, in the interests of the public service, that for a period of at least five years one-third of the annual vacancies in the Hospital Assistant grade should be reserved for Muhammadan candidates irrespective of those who enter by general competition.

2. The Government in its order, No. 1035, Public, dated 30th December 1895, reduced the scope of my recommendation and directed that one-fifth of the vacancies for two years should be reserved for Muhammadans.

3. By this concession I have been able to secure at the examinations held in 1896 and 1897 nine Muhammadan students in addition to the six who have entered by general competition. The number of Muhammadan hospital assistants in the department is, however, still considerably short of our requirements, and I therefore strongly recommend that Government may be pleased to extend the present concession for a further term of two years.

Attention is solicited to the notes in G.O. No. 1035 Pub of 30.xii.95. In that order it was granted the concession that for two years, 20 p.c. of the annual vacancies in the Hospl. Asst. grade should be reserved for Muhammadans who have passed at least the Lower Secondary Examⁿ, in addⁿ to those Muhammadans who enter by funeral competitions.

The Surgeon General reports that he has ^{upto date} by this means been able to secure nine Muhammadans in addn to the six who enter by funeral competitions, and that the number of Muhammadans Hospl. Assts. in the Dept.

be regarded as the reverse as the number that would have otherwise got in has increased 450,000 cent.

I submit that a further trial of a year may be given to the system.

The S. G. as usual does not give information which he might have afforded. It would have been as well if he had given figures of men who entered under the concession granted by Govt. in 1890 and 1897, as well as those who were successful under the competition system: we might then have been able to form some idea how the system was working.

is still considerably short of requirements. He therefore recommends that the present concession may be extended for a further term of two years. The Ag. D.P.I. concurs in the Surgeon General's recommendation (C. 300 of 1907)

In his note at D. Sir H. Bliss wrote "I see no objection to trying this way for 2 years. He can then reconsider the matter". If Govt. decides to accede to the Surgeon General's request, he should, it is submitted, be told that no further extension will be granted hereafter, and that the process amongst the (Munhammadan) community" referred to in para 6 of his letter at should, at the expiry of this second term of privilege, result in a larger number entering by free competition.

The Government does not appear to have been a highly successful one. Though it cannot
