FEBRUARY.

The Lady Wenlock Nursing Institute.

Approving provisionally, with remarks, the revised rules framed by the Surgeon-General for the working of —.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper :—

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated 4th December 1896, No. 548.

I have the honour to acknowledge the receipt of G.O., No. 925, Public, dated the 27th August 1896, calling on me to report on the proposals of the Government of India regarding the Lady Wenlock Nursing Institute. It is stated that "the Government of India are in hearty accord with the Government of Madras in regard to the scheme of the Nursing Institute, but they consider that its position should be strictly that of a private institution (like the Countess of Dufferin's Fund) more or less connected with Government institutions and Government officers yet resting on its own independent basis. The nursing staff will thus receive no salaries from Government, the institution being entirely a self-supporting one; and from this point of view the sanction of the Government of India to its formation appears to be unnecessary."

2. I have consulted the Senior Medical Officer of the General Hospital and the Matron Superintendent as to the best way of carrying out the above suggestions.

3. I would suggest that the Senior Medical Officer of the General Hospital should be the Trustee of the funds of the institution and the Matron Superintendent the Secretary and Treasurer, and that the funds should be deposited in the Bank of Madras.

4. That Government should provide quarters in the General Hospital for the nurses as has already been sanctioned.

5. That the cost of furniture, clothing and other necessities should be provided from the funds of the institution.

6. That the rules sanctioned in G.O., No. 1003, Public, dated the 11th December 1895, should be modified as suggested by the Senior Medical Officer and Matron Superintendent (*vide* Appendix) with the exception of the proposed reduction in both daily and monthly rates of fees in rule 11 (2). This would, in my opinion, be a great mistake for the reasons given in my letter published in G.O., No. 1003, Public, dated the 11th December 1895, *i.e.*, that the fees charged in this institute should not unduly compete with those of the certificated nurses who are not connected with the institute and who are endeavouring to secure their own livelihood. I know the Matron Superintendent fears that the higher fees will diminish the work these nurses are called on to do and which had paid "the Home," but in my opinion the higher fees would be willingly paid by the public for the services of as reliable nurses as can be obtained and that there would be no loss of revenue. Even if there was a loss of revenue it would be desirable to fix the fees at the higher rate and for Government to assist the funds of the institute with a grant.

7. The Senior Medical Officer should be permitted to call on the public for subscriptions if the funds of the institute required it.

8. In my letter, No. T-2—16, dated the 19th November 1896, I have proposed that the clerk should be sanctioned on the establishment of the General Hospital Training School for Nurses.

9. If Government approves of the rules proposed in paragraph 6, I consider that any change proposed in them should also be submitted to Government for approval through the usual channel.

ORDER—No. 114, Public, dated 5th February 1897.

The word "Trustee" should not be used to describe the connection of the Senior Medical Officer with the Institute. There is no objection to the banking account being kept in the name of that officer.

2. It is observed that it is proposed to provide the nurses of the Institute with rations at Rs. 25 *per mensem* when not employed on out-duty, while the nurses of the General Hospital, who will be under the same roof, are allowed only Rs. 15 which the Surgeon-General recently found himself unable to recommend should be raised to Rs. 20. The Surgeon-General will be requested to state the reason for such a difference and whether an uniform rate for all nurses is feasible.

3. After careful consideration, His Excellency the Governor in Council agrees with the Surgeon-General that the charges for the services of nurses should remain at the rates previously adopted, at any rate to begin with. The Surgeon-General will report the result after they have been in force for six months, or earlier should he deem it necessary to do so.

4. There is no objection to the Senior Medical Officer inviting subscriptions to the Institute from the public, but it should be distinctly stated that it is a purely private and self-supporting institution.

5. The rules as printed in the appendix to these proceedings are approved provisionally.

(True Extract.)

J. F. PRICE,
Chief Secretary.

To the Surgeon-General.

THE LADY WENLOCK NURSING INSTITUTE, GENERAL HOSPITAL, MADRAS.

"The Madras Nursing Institute", which had been worked by Mrs. Nisbet since 1893 as a private institution partly supported by public subscriptions, was located in the Government General Hospital under G.O., No. 256, Public, dated 18th April 1894. Under G.O., No. 439, Public, dated 31st May 1895, the designation of the Institute was changed to "The General Hospital Nursing Institute", and subsequently to "The Lady Wenlock Nursing Institute, General Hospital, Madras" under the orders in G.O., No. 584, Public, dated 11th July 1895. In G.O., No. 925, Public, dated 27th August 1896, it was decided that the Institute shall be strictly private and self-supporting, connected with the General Hospital yet resting on its own independent basis. The object of the Institute is to supply trained hospital nurses to the public at the shortest notice on payment of a moderate fee.

Rules regarding Administration.

1. *Control.*—The Institute shall be under the general control of the Senior Medical Officer of the General Hospital.

2. *Establishment.*—The permanent establishment shall consist of—

Two first-grade nurses,
Four second-grade nurses,

who shall be entertained by the Matron Superintendent, General Hospital.

3. Additional certificated nurses may be entertained by the Matron Superintendent when those on the permanent staff are all employed. Only nurses who are fully qualified in all respects will be so entertained.

4. The Matron Superintendent shall give notice in the local newspapers and in the *Fort St. George Gazette* that the services of the nurses are available to the public on payment.

5. The Matron Superintendent shall have authority and control over the nurses and shall be responsible for their discipline and due performance of duty according to the rules laid down.

6. The Matron Superintendent shall be responsible for the upkeep of the following books:—

(1) Application Book.

Date.	Name of applicant.	Address.	Name of nurse.	Travelling expenses.	Date sent.	Date of return.	Number of days.	
								RS. A. P.

(2) Acquittance Roll Book.

Date.	Name of nurse.	Rate of pay per month.	Days employed on cases.	Days in hospital.	Board.	Total.	Signature.
		RS. A. P.			RS. A. P.	RS. A. P.	

(3) A Cash Book, which shall be balanced on the 10th day of each month.

(4) A Rough Account Book of Receipts and Expenditure.

7. The Matron Superintendent shall prepare an annual report for each calendar year on the working of the Institute and forward it to the Senior Medical Officer, General Hospital, by whom it will be submitted to Government. A statement showing the receipts and expenditure during the year shall be attached with a foot-note showing the estimated value of the Institute property (furniture, &c.,) in hand, and any additions or deductions during the year should be explained.

8. *Regulations for the admission of Nurses.*—Women desirous of being engaged as nurses should apply to the Matron Superintendent, General Hospital. If considered suitable, they will be engaged under the following conditions and regulations:—

(1) They must hold certificates of training as nurses.

(2) They must be able to read and write English well, and have testimonials of good character.

(3) They will be provided with, and required to wear always when on duty, a uniform dress.

(4) The rate of pay for first-grade nurses will be Rs. 40, and for second-grade nurses Rs. 30, a month.

(5) They will be provided with rations at the rate of per mensem when in the hospital. They must keep themselves, and the apartments allotted to their use, neat and clean. They must at all times be ready to obey the instructions of the Matron Superintendent.

(6) The nurses are paid fixed salaries by the Institute and are prohibited from receiving gratuities.

(7) Nurses are liable to be suspended or dismissed by the Matron Superintendent for inefficiency, disobedience of orders, culpable neglect, or other misconduct.

(8) Nurses desirous of leaving the Institute must give one month's notice or forfeit pay for that period.

(9) A first-grade nurse will be provided with a separate room or cubicle; but second-grade nurses will have one room or cubical between two. They shall each be allowed furniture as supplied to the nurses of the General Hospital.

(10) When the nurses' services are not required for private cases they may be utilized in the General Hospital.

9. *Rules regarding the employment of the Nurses.*—(1) Every nurse sent out from the Institute will have had at least one year's hospital training in attendance on medical, surgical and fever cases and a full course of instruction and will also have passed a qualifying examination.

(2) The fee for the services of a nurse will be Rs. 5 per diem with all travelling and laundry expenses. The charge will be levied for each day inclusive of the days of departure from, and return to, the Institute. If engaged for a definite period the following lump sums will be charged:—

	RS.
For two weeks	50
For a month	125
For any period in excess of the first month at the monthly rate of ..	100

An addition of 25 per cent. on the foregoing charges will be made for attendance on a contagious case.

The amount due must be paid at the end of each month or as soon as the nurse's services are discontinued.

(3) The nurse must be provided during her attendance with suitable food and lodging and be allowed at least eight hours' undisturbed rest out of the twenty-four.

(4) The nurse is not to leave the house while on duty without the sanction of the medical attendant or the permission of the employer. Opportunity should be given her when possible of attending religious service on Sunday. She is always to wear plain uniform dress when on duty.

(5) No testimonial should be given to the nurse. If the employer or medical attendant desires to grant her a certificate, it should be forwarded direct to the Matron Superintendent, by whom it will be kept for the nurse until the period of her engagement with the Institute expires.

(6) Any misbehaviour, unskilfulness or want of attention on the part of a nurse should be at once reported to the Matron Superintendent.

(7) Every nurse sent from the Institute to attend a private patient will bring with her a printed form to be delivered to the employer before she enters upon her duty.

(8) Cheques should be made payable to the Matron Superintendent, General Hospital, Madras.

The Lady Wenlock Nursing Institute, General Hospital, Madras, 189 .

This day nurse _____ has been sent from the Lady Wenlock Nursing Institute to nurse in the case of _____

(Signed) _____,

Matron Superintendent.

When the nurse's services are no longer required, please detach and return the annexed form filled in and the amount due.

Notice of Nurse's Return.

The services of nurse _____ not being required after _____ she will return to the Institute on that day. The sum of Rs. _____, being the amount due for her attendance for _____ day of _____ when it commenced, is herewith sent by the hands of the nurse. The sum of Rs. _____ for travelling expenses has been paid to the nurse.

Conduct and efficiency or other remarks.

SUBJECT.

13. H. E. THE GOVERNOR.

1. THE HON'BLE MR. BLISS, C.I.E.

2. THE HON'BLE MR. GROSE, C.I.E.

The Lady Wenlock Nursing Institute.

FOR ORDERS.

A

In paragraph 3 of its letter in G.O. No. 925, Public, dated 27th August 1896, India decided that the Lady Wenlock Nursing Institute should be strictly a private institution more or less connected with Govt. Institutions and Govt. Officers, yet resting on its own independent basis. The Surgeon-General has therefore revised the rules approved in G.O. No. 1003 Public, dated 11th December 1895, but which however were not published pending the reply of the Govt. of India, and submits them for approval with certain other suggestions.

B

~~the principle would be~~ ^{he proposes} that the Senior Medical Officer of the General hospital should be the "Trustee" of the funds of the institution and the Matron Superintendent, the Secretary and Treasurer. It does not appear whether they have been consulted in the matter and are prepared to undertake the proposed responsibilities.

It is submitted that the Surgeon-General should be requested

* It is not specifically stated that they have been consulted but apparently they have. He distinctly says that he has consulted both. But note on this particular point: "He does not say he has consulted them with regard to this as well as

[C15/19]

to report exactly what he means by the use of the word "Trustee". It seems probable that he does not intend ^{it} to have its full ^{legal} significance and attached responsibilities.

If the institute ^{is} to ~~wait~~ ^{the} provision of quarters for ~~the~~ ^{the} Nurses in the General Hospital there is no particular hurry in the matter for nothing can be done until the Military ~~authorities~~ vacate the Station hospital.

The copy of the rules attached to the ~~current~~ ^{current} has been corrected in red ink in accordance with the Surgeon-General's suggestion.

It is not stated in Rule 8 to whom the Matron Superintendent is to submit her Annual Report. Under Rule 10 (5) it is proposed to provide the Nurses with rations at the rate of Rs. 25 per mensem when in the hospital, but the Govt. Nurses at that institution receive only Rs. 15 a month as ration money and in the separate file regarding General Hospital Training Institute the Surgeon-General has hesitated to recommend ^{that} the increase of amount to Rs. 20.

It would not be conducive to harmonious work to have such a difference in the ration allowances of two sets of Nurses under the same roof..

It will be seen from Para. 1 (2) of G.O. No. 139, Public, dated 31st May 1895, that the amount of ration money then sanctioned for the non-offi-

I should think that he does but it is as well to make sure.
Apparently what he means is that the banking account shall be in the name of the S.M.O., nothing more
H.D.
The phrase "Trustee" should not be used
Jg

The report should be submitted to the S.M.O. by the Matron, + sent on by him to the S.M.O. separately from his administrative report
Jg

According to the old rule the report was submitted to the S.M.O. who reviewed it in his annual administrative report. Submitted this should continue to be the practice.
A.L.H. It appears to me that the Matron should submit the report to the S.M.O. in his capacity as Trustee and that it should be sent on to the Govt. in the same way as the Victoria Station hospital is. It has been distinctly laid down that the Lady. Walpole Nursing Institute is not to be treated as a Govt. concern and the report upon it should therefore not appear in notes that of the General Hospital.

Perhaps this difference for which I can find nothing to account might be pointed out to the S.M.O. and he asked to explain or suggest something which will bring the two more closely together: if Rs. 15 is to be sufficient in one case, why should it not be in another.
Jg
D

It doesn't matter much but
 Rule 10 may be taken to
 apply as whilst the nurses
 are at the hospital

The rates at flag in Rule
 11(2) were agreed upon in
 1915 at flag T. It
 was submitted that as
 there is a very strong reason for
 changing them forward. The rates
 might put forward. The rates
 after the rates can hardly be called
 prohibitive.

The rates are not prohibitive
 but what is the object of
 the Institute? It is to
 keep a daily nursing
 rate of Rs 3 or
 monthly rate of Rs 100
 100 would do. The General Public have salaries
 lower than the
 daily rate

the addition to their ordinary
 expenses & the maintenance of
 their dress & the maintenance of
 their family & travelling allowance
 back ward & forward. There is
 the question for consideration whether
 the rate at present maintained
 by certificated nurses is not too high
 I venture to think considering what
 Govt. pays its best nurses for instance
 that Rs 150 a month with Re 5 and
 travelling expenses is too high a charge
 for a nurse and that it should be
 cut down.

x This should be added in
 the preliminary para.

11/1/37
 14/1/37
 14/1/37
 15.1.37

The last sentence of Rule 11(4)
 may be omitted as it is already in-
 cluded in Rule 10 (3).

Attention is invited to the
 notes on the Note for Orders flagged J,
 the result of which was Rule 11(2)
 at flag B. It will be seen from the
 entry opposite to the rule in the
 copy of the rules with the current
 that the Senior Medical Officer and
 Matron Superintendent are in favour
 of reducing the daily charge for a
 Nurse from Rs. 5 to Rs. 3 and would
 omit all reference to term engagements.
 The Surgeon-General thinks this a
 mistake as the institute should not
 compete with certificated nurses who
 are not connected with it. Against this
 it may be argued that there will be
 only six nurses attached to the
 institute and it is necessary to make
 sure of their earning fees. They will
 of course be entitled to their pay
 from the date of engagement whether
 required for outside cases or not, and
 the institute has no capital to fall
 back upon. The Surgeon-General con-
 sidered it would be preferable to fix
 the fee at the higher rate and for
 Govt. to meet any deficit in the work-
 ing of the institute.

There is no objection to the
 Senior Medical Officer inviting sub-
 scriptions from the public, if necessary,
 but it should be
 clearly stated
 that the institution is entirely
 private and self-supporting.
