Confidential reports on Medical officers.

Communicating to the Surgeon-General letter from the Government of India regarding the preparation and submission of the summaries of —.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—again the following paper :—

G.O., Nos. 680-81, Public, dated 31st May 1897.

ABSTRACT.—Passing orders on the question of submission by Collectors of confidential reports on Commissioned Medical officers; and addressing the Government of India as to the necessity for submitting to it separate sets of confidential reports.

READ—also the following paper :—

From J. P. HEWETT, Esq., C.I.E., Secretary to the Government of India, Home Department (Medical), to the Chief Secretary to the Government of Madras, dated Simla, the 20th August 1897, No. 931.

I am directed to acknowledge the receipt of your letter No. 681, dated the 31st May last, regarding the submission of confidential reports on Medical officers in civil employ, in which the Government of Madras suggest, in order to avoid the necessity for their having to make the same remarks twice over, that it would be sufficient if the summaries were prepared by the Surgeon-General after receipt of the remarks of the Local Government and forwarded by him direct to the Director-General, Indian Medical Service, with the separate reports.

2. In reply I am to say that the Government of India have no objection to the course proposed by the Government of Madras, provided that the Surgeon-General's summary contains a complete copy of the remarks made by the Local Government. The Governor-General in Council considers that this proviso is essential because the summaries are intended for transmission to the Secretary of State, and because of their intrinsic importance. They are referred to both in the Military department and in the office of the Director-General, Indian Medical Service, when questions of promotion arise, and His Excellency in Council is of opinion that there should be no possibility of doubt that the summaries correctly and completely convey the meaning actually intended by the Local Government.

ORDER—No. 1190, Public, dated 10th September 1897.

The letter from the Government of India will be communicated to the Surgeon-General for information and guidance, and his special attention drawn to the remarks in paragraph 2 thereof.

(True Extract.)

J. F. PRICE,
Chief Secretary.

Simla, the 27th August 1897.

SIR,

I AM directed to acknowledge the receipt of your letter No. 681, dated the 31st May last, regarding the submission of confidential reports on medical officers in civil employ, in which the Government of Madras suggest, in order to avoid the necessity for their having to make the same remarks twice over, that it would be sufficient if the summaries were prepared by the Surgeon-General after receipt of the remarks of the Local Government and forwarded by him direct to the Director-General, Indian Medical Service, with the separate reports.

2. In reply I am to say that the Government of India have no objection to the course proposed by the Government of Madras, provided that the Surgeon-General's summary contains a complete copy of the remarks made by the Local Government. The Governor General in Council considers that this proviso is essential because the summaries are intended for transmission to the Secretary of State, and because of their intrinsic importance. They are referred to both in the Military Department and in the office of the Director-General, Indian Medical Service, when questions of promotion arise, and His Excellency in Council is of opinion that there should be no possibility of doubt that the summaries correctly and completely convey the meaning actually intended by the Local Government.

I have the honour to be,

SIR,

Your most obedient Servant,

J. P. Hewett

Secretary to the Government of India.
