NOTE FOR THE CHIEF SECRETARY.

The telegram from
India has just reached
me. I have sent for
the printer's papers
but perhaps they
need not wait. They
approved before of the
charity being left in
the hands of the S.S.
charities in the case of
Amsterdam.

If the telegram is
forwarded it can go
between 12-11-30 pm.

NOTE FOR THE UNDER SECRETARY.

when the Laffal was
 (went away) ^{from 804} ^{to} ^{his} ^{quarters}
 for the first few days
 that was no Secretary here
 L-offer the cover. I was
 therefore directed L-offer
 the Laffal & the paper
 registered a requirement as
 far as possible. Arranged
 the Laffal of the 12.11.57
 was a packet from the
 Private Secy. to the L. the
 Governor - in this packet
 were these two papers,
 some confidential papers
 about Burdett's affairs
 & a blue book about
 China - Japan - with
 regard to these papers there
 is of course no question
 that the Secy. saw it
 & L. for he has initialed
 it; but as regards current
 N: 3715, I am positive that
 it came from the Private
 Secy. along with the L.
 for I had them & there
 had made the pencil
 note on the docket.
 Looking into the L. &
 observed that it had not
 been given a L. N:
 & date & for this purpose
 I passed both the current

A A A

x the 4th on the Table black
the number the latter, stating
it the 2nd is as directed by
the 1st, & then returns the
file to me. The Table black
was away on that date & told
the 2nd in examination leave
on the 23rd he says he
saw me & pointed that the
4th could be then be given
as the list of numbers was
in the Press, & he asked that
I assented to his keeping
the paper till he was in a
position to number it.

It is possible at the the
lapse of so many days I
did actually forgetting at the
time that there was a
current for disposal, & it
had not already been disposed
of. Then, it is said, is
how it was that the paper
came to be delayed. The
Table black explains that

his exam: leave had
thrown his work so much
into arrears that he had
no time to study the file
& therefore failed to see
that, besides the 4th, there
was an undispersed current
in it. It is observed that
with the current ^{must have} reached
the 10th office about the
same time for they are
numbered current 1007
