SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

To

THE HON'BLE THE CHIEF SECRETARY TO GOVERNMENT,

Public DEPARTMENT.

SIR,

I have the honour to request that the orders of the Government of India may be obtained on the following points connected with the supply of the Nomenclature of Diseases, 1896 Edition, to non-Government Medical Institutions:-

2. Towards the end of last year, a supply of copies ^{of the book} was received in this Presidency. According to the instructions of the Director-General received at the time, these copies were intended for issue free of cost to all State and State-Aided Medical Institutions, and on payment to institutions independent of Government aid. As Government is aware, all Local Fund and Municipal institutions in this Presidency receive from the State a contribution, which in the majority of cases is one-eighth, towards the pay of the Medical Subordinates attached to them, in return for Medico-legal work and attendance on Government servants. They are also supplied with Civil Medical Books and Forms free of cost and in some cases a small contribution is also made for the treatment of the police sick &c. On the principle that such contributions represent merely the fee paid by the State for work done for it, this office has hitherto treated these institutions as not coming under the class of state-aided and has charged the value of copies ^{of} of the Nomenclature of Diseases supplied. But one of the Presidents of District Boards has objected to the demand on the contention that all Local Fund Hospitals are

are State-Aided institutions and I also notice that the practice in the Bengal Presidency is in keeping with this contention. It will be seen from a reference to the Triennial Report of Charitable Dispensaries in that Presidency for 1893-95, page V of the Appendix, that the Balpur Dispensary, which gets a free supply of registers and forms and nothing else is nevertheless classed as IIEB i.e. state-aided.

3. Again the principle to be adopted in regard to the supply to civil medical institutions which refuse to pay for the book has also come into question. These institutions now receive registers and forms free in the same way as Local Fund institutions, the object being the same as in the case of the latter, viz., to obtain annual returns from them so as to bring them in accordance with the wishes of Government (in para 3 of G.O.No.746, Public, dated the 7th September 1895) within the purview of the annual report on Civil Medical Institutions in this Presidency. The Nomenclature of Diseases being indispensable for the preparation of these returns, if these institutions refuse to pay for the book, the only alternative in my opinion seems to be to supply it gratis.

4. The above two questions were originally submitted for decision to the Director-General, Indian Medical Service, who suggests in reply that they should be referred for the orders of the Government of India in the Home Department through the local Government, I accordingly do so and request the favour of a definite ruling being obtained on the same.

I have the honor to be,

Sir,

Your most obedient Servant,

C. Litchamper

Surgeon-Major
Surgeon-General

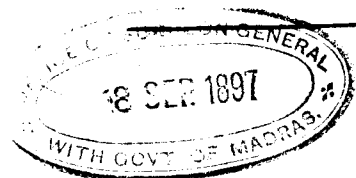

with the Govt of Madras.

CURRENT No. 37 //

No. 371.

OFFICE OF SURGEON-GENERAL
WITH THE GOVERNMENT OF MADRAS,

Madras, 1st October 1897.

From

C.B.,
SURGEON-MAJOR-GENERAL F. SIBTHORPE, F.R.C.P.I.,

SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

To

THE HON'BLE THE CHIEF SECRETARY TO GOVERNMENT,

Public DEPARTMENT.

SIR,

herewith re-
turned with
its enclosure.

With reference to your endorsement Reference No. 1923 dated 16th September on Current No. 3149 of 1897, I have the honor to state in reply that the "Civil Medical institutions" referred to in para 3 of my letter to you No. T 3/5.A dated 18th August 1897, are those Civil Medical institutions which are independent of Government aid, such as the Mission Hospital at Nellore and others similarly organised.

I have the honor to be,

Sir,

Your most obedient servant,

C. Sibthorpe

Surgeon-Major-General,

Surgeon-General with the Government of
Madras.

NOTE FOR THE CHIEF SECRETARY.

It is not plain why the
Director General should not
have answered this S. G.
query - but the point is
not important.

In reference to para 3
of the comments it is not
clear to what kind
of medical institutions the
S. G. refers. If he means
Local Fund & Municipal
dispensaries or the
position has been already
discussed in para 2 of
the letter. Para 3 of G.O.
no 746 P. 6 of 1895 to which
he refers relates to no
institutions except those
aided by Provincial or local
revenues. If there are
Local Fund hospitals which
get no contribution from
Govt. L & M can order them
to buy copies of this work.

X Ask him
D

Ascertain from L & M
by Office Note whether
there are any such
I am inclined to think

18/1/98Letter. W. 1355 of 11 Oct. 97
To the Secretary to the Govt of India
H.D.

Sir.

I am directed to refer
to the letter of the 28th Sept.
d. 30 Sept. 1896 regarding the
introduction into all the
Civil medical institutions in
the Presiding of the new
edition of the "Nomenclature
of Diseases", and to report
the instructions of the Govt of
India regarding the supply
of that book.

be included in the
annual report Para 3
of Nat. G.O. in which
the S.S. relies, namely
that all ~~medical~~
medical institutions
and for this
funds should be included
of the private institutions
before to pay for the
book. The ~~new~~ book is
submitted to be supplied
to the patients.

AK
2/11/97

It appears from a report of
Mr. S.S. with this sort that
a large number of copies
of this ^{book} ~~document~~ was received
from friends this end of
1896, with instructions from
Mr. D.S. of this I. H.S. kind
to distribute them free of
cost with State, and
State-aided medical
institutions. Under these
instructions this charge was
made for this copy supplied
to School Fund & Municipal
Hospitals, but the President
of ~~the~~ District Board has
now objected to the demand
in the grounds that all local
fund hospitals are State-aided
institutions. He bases his
objection on the fact that
Pub. ^{under} contribution towards this
part of the medical establishment
a charge of such hospitals a
contribution (generally one eighth)
a return for his attendance on
Soc. servants. I am therefore
checking in this account this

The position has changed
been referred ^{directly before the D.C.} to Mr. S.S.
Parent for the order of
this D.C. who has suggested
a reference through this
part to the sort of India.
I am to be sure that ^{regarding the distribution of this book}
the instructions of Mr. D.S.
were conveyed to Mr. S.S.
that it was ~~not~~ ^{not} to be
sent it is not apparent
why the alteration of this
part is now required.
