OCTOBER.

Police Hospital Report.

Reviewing the — for the year 1896-97.

## GOVERNMENT OF MADRAS.

## PUBLIC DEPARTMENT.

READ—letter from the Surgeon-General, dated 14th August 1897, No. 302.

ORDER—No. 1393, Public, dated 15th October 1897.

The Surgeon-General submits his annual report on the working of the Police hospitals in this Presidency for the year 1896-97. The Government is glad to observe that the instructions regarding the omission of unnecessary matter, contained in G.O., No. 998, Public, dated 11th September 1896, have had attention, with the result that the present report is briefer, yet not less complete, than that of last year.

2. G.O., No. 800, Public, dated 3rd August 1896, directed the abolition of twelve police hospitals and wards. The instructions conveyed in this order have already been carried out with regard to nine of these, and the remaining three will be closed as soon as suitable arrangements for the treatment of the police in the localities in which they are situated have been made.

There were at the close of the year 51 institutions at work with beds for 591 in-patients. As in 1895-96 the only hospital in which the accommodation was obviously insufficient for existing needs was that at St. Thomas' Mount.

3. Comparing the tabular statement in paragraph 2 with the corresponding statistics in last year's report, it would appear that at Guntur the number of beds has risen, while at Cuddalore and Tellicherry it has fallen. Footnotes pointing out changes of this nature would much simplify the checking of these statements. Orders regarding the erection of police hospitals at Vizagapatam, Cumbum and Nandyal are awaiting revision of the plans submitted to Government, which were found to be on far too costly a scale. With regard to

*Vide* G.O., No. 534-A., Public, dated 8th May 1897. the Vizagapatam hospital, the Government observes from Statement V in the report

for 1895-96 that no expenditure on house-rent was then shown against that institution. The hospital at Vizianagram, which is to be closed, has been allowed to continue open until a suitable building is constructed at Vizagapatam, and it is not clear under what circumstances a room in the civil hospital has now been rented at the latter place. The Surgeon-General refers to the utilization in future by the Public Works Department of the present police hospital at Rajahmundry and the consequent necessity for a new building; it is presumed that what is alluded to is the possible acquisition of the site for the use of the East Coast Railway. The Surgeon-General should have clearly explained the circumstances to which reference is made, and not left it to Government to seek for an explanation of his remark. The Surgeon-General's letter containing proposals regarding the police hospital at Chingleput has not been received. The suggestion regarding Cuddalore should be submitted with full details in consultation with the Inspector-General of Police.

4. The year under review appears to have been a comparatively healthy one, the admissions to hospital being less than in either of the two preceding years. The daily average of in-patients was, however, greater than in 1895-96. The high ratio of sick in Gódvári, Vizagapatam, Ganjam and Salem, upon which the Government commented when reviewing the report for the previous year continued, and the Surgeon-General has again offered no remarks on this important point.

The appreciable increase in the proportion of men invalided, as compared with the previous year, appears to have been accidental. The mortality in the force from ordinary causes, that is, excluding cholera, showed a striking decline.

The various details in paragraph 3 of the report are rendered somewhat confusing by the fact that the figures for Madras City have been in some cases included and in others omitted. The inclusion in a list of surgical operations performed in police hospitals of a number performed in the General and other civil hospitals in Madras seems unnecessary.

5. The decrease under "Establishment" is attributed by the Surgeon-General entirely to the reduction in the charges at Vizianagram. Statement V, however, shows that extensive increases and decreases have occurred in other hospitals, and it is plain that the diminution in the total cost cannot be set down to any one institution.

No. 302

From

SURGEON-MAJOR-GENERAL C. SIBTHORPE, C.B., F.R.C.P.I.,

*Surgeon-General with the Government of Madras,*

To

THE HON. THE CHIEF SECRETARY TO GOVERNMENT,

PUBLIC DEPARTMENT.

SIR,

I have the honour to submit to His Excellency the Governor in Council the Annual Report and Statistics on the working of the police hospitals in the Presidency of Madras for the year 1896-97.

**1. Number of institutions.**—There were forty-two police hospitals and eighteen special wards at work at the beginning of the year. The inclusion of Madanapalle in the last year's report as an institution with a police ward was incorrect. Eight hospitals \* and one police ward † were closed during the year in accordance with G.O., No. 800, Public, dated 3rd August 1896, leaving thirty-four hospitals and seventeen wards at work at the close of the year. The ward at Chingleput was also closed during the year agreeably to the above order of Government, but was re-opened under G.O., No. 998, Public, dated 11th September 1896.

Fifteen of the hospitals were in charge of full-time subordinates, the work in the other hospitals and wards being performed by officers or subordinates attached to the civil hospitals of the respective stations.

**2. Accommodation.**—There was a provision in all for 655 in-patients, while the average daily sick was only 259.26. In only one instance (St. Thomas' Mount) was the average daily sick in excess of the number of beds provided. The following statement gives the actual accommodation available in each institution and the extent to which this accommodation has been utilized with particulars regarding the officers and subordinates in charge:—

\* Vellore, Tiruvannamalai, Tirukkóyilúr, Ádóni, Hospet, Bezvada, Tiruppattúr and Kumbakónam.  
† Pollachi.

\* The forty-two hospitals marked with an asterisk are separate Police hospitals. The others are special Police wards attached to Civil hospitals.

The desirability of constructing a separate police hospital at Vizagapatam, and special police wards at Cumbum and Nandyal are now under the consideration of Government. In Vizagapatam a portion of the civil hospital has been temporarily set apart for treating the police sick, for which a rent of Rs. 20 *per mensem* is paid. As the present hospital at Rajahmundry is to be utilized by the Public Works Department, the Inspector-General of Police has been requested to make the necessary arrangements for the construction of a new hospital on a standard plan. In Cuddalore, the police hospital is now located in a rented building. It would be convenient to have one erected in the same compound as the police offices when they are sanctioned. The question of erecting a police hospital at Chingleput is under reference to Government (*vide* my letter No.  $\frac{T2}{240}$ , dated 23rd July 1897). The erection of the police wards at Cumbum and Nandyal has been approved by Government (G.O., No. 697, Judicial, dated 8th April 1896). The police hospital at Kurnool was completed and occupied during the year, and the one at Kollegal is in course of construction. The police hospitals at Balligudá, Chicacole and Russellkonda are in a bad state of repair.

The police hospital at Guntur was repaired during the year at a cost of Rs. 475, but the District Medical and Sanitary Officer apprehends insufficiency of accommodation owing to the abolition of the police hospitals at Bezvada.

**3. Statistics of sickness—(a) Number treated.**—9,638 in-patients and 32,916 out-patients were treated during the year against 10,176 in-patients and 34,453 out-patients in the previous year.

Of these, 7,417 in-patients and 14,863 out-patients were treated either in the police hospitals, or in civil hospitals where there were separate police wards, the remaining patients having been afforded relief in the civil hospitals and dispensaries of the Presidency. The following statement exhibits the number of admissions as in- and out-patients, during the year under report, among the officers and men of the police force in the Presidency, with the ratio per mille of sick calculated upon the total strength:—

| Number. | District.         | Strength. |        | Number of admissions as in-patients. |       | Number of admissions as out-patients. |        | Total of admissions as in- and out-patients. |        | Ratio of sick per mille of the total strength. |          |

From this it will be seen that, in the districts of Nilgiris, Gódaavari, Vizagapatam, Ganjám and Salem, the sick rate was, as in the last year, higher than in any of the other districts.

(b) *Classes of diseases.*—The largest number of in-patients treated was for malarial fever, being 2,509 out of a total of 7,417. Next in their respective turn

in order of frequency came rheumatic affections, 'all other general diseases,' diseases of the digestive system, diseases of the skin and dysentery (*vide* statement III).

(c) *Surgical operations*.—589 \* operations were performed during the year against 281 in the year previous. Two of the patients operated on died—one of these was operated on for hydrothorax in Tanjore, and the other for suppurating inguinal bubo (removal of lymph glands) in the Royapettah Hospital.

(d) *Invaliding† and its causes*.—116 men were invalided during the year under review against one officer and 87 men in the preceding year. The following statement gives the details of police officers and men invalided during the year with their ratio per mille of the total strength :—

| District.         | Officers. |                                                           | Men.       |                                                                                                                                                                       | Ratio per mille invalided on total strength. |             |

\* Fifty of these operations were performed in Madras; they have been included in the statistics of this report. This is a departure from the method followed last year.

† In the comparison made, the figures for Madras have been excluded, as they were not included in the statistics of last year's report.

(e) *Mortality* \*.—There were 46 deaths among in-patients and 157 among out-patients during the year under report against 46 and 169, respectively, in the year previous. Fifty-three of the 203 deaths during the year, however, were from cholera (4 in-patients and 49 out-patients), while the number of deaths from this cause during the preceding year was only 5, all of which occurred among out-patients. If the deaths from this cause be excluded, the mortality during the year under review compares very favourably with that of the preceding year. The following statement gives in detail the causes of mortality among both in- and out-door patients :—

| District.         | In hospital.  |                                                                                                                                                   | Out of hospital. |                                                                                                                                                              | Grand total of in and out. |

(f) *Sickness and mortality amongst European officers*.—Out of a total of 112 treated, 95 were out-patients. Of the seventeen officers treated as in-patients, two † died, one from enteric fever and the other from acute nephritis. Both the deaths occurred in the General Hospital, Madras.

4. *Inspection by the Surgeon-General*.—Twelve police hospitals were visited by me during the year, viz., those in Anantapur, Bellary, Chittoor, Coimbatore,

\* In the comparison made the figures for Madras have been excluded, as they were not included in the statistics of last year's report.

† One Superintendent and one inspector.

Cuddalore, Cuddapah, Kurnool, Nellore, Rajahmundry, Salem, Tanjore and Trichinopoly.

5. Finance.—The total expenditure for the year under report was Rupees 30,813-2-2, or Rs. 1,958-12-2 less than the previous year. The details of charges incurred are given below :—

| Year.    | Establishment. | Diet of patients. | Country and European medicines. | Petty construction and repairs. | Miscellaneous charges. | Total expenditure. |

| Decrease | 412 0 2        | 10 9 9            | 318 3 9                         | 345 14 5                        | 893 3 7                | 1,958 12 2         |

*Establishment.*—The decrease of Rs. 412-0-2 under this heading was due to the posting of a third-class hospital assistant instead of a civil apothecary to the police hospital, Vizianagram.

*Diet of patients.*—The slight increase under this item calls for no comment.

*Country and European medicines.*—There was a decrease of Rs. 318-3-9 under this heading. The details are as follows :—

|                                     |     |             |
|-------------------------------------|-----|-------------|
| Country medicines                   | ... | Rs. 236 7 9 |
| European medicines                  | ... | 4,620 10 11 |
| Surgical instruments and appliances | ... | 1,044 14 9  |
| Total                               | ... | 5,902 1 5   |

*Petty construction and repairs and miscellaneous charges.*—The decrease under these items as well as that under the heading of medicines were merely accidental.

I have the honour to be,  
Sir,

Your most obedient servant,

*Chitambar*  
Surgeon-Major-General,  
Surgeon-General with the Government of Madras.

STATEMENTS I-V.

C.No.3,066

## SUBJECT

Annual report on Police Hospitals

Read letter from the Surgeon Genl No 302  
d/ 14 Aug. 1907-2

ORDER

No. 1393 d/ 15 Oct. 07

The Surgeon Genl submits his Annual Report on the working of the Police Hospitals in this Presy. for the year 1896-97. The Govt. is ~~pleased~~ to observe that the instructions regarding the omission of unnecessary matter, contained in G.O.No.998 Public, d/ 11th Sept: 1896, have ~~been noted~~ <sup>had attention</sup> with the result that the present report is briefer, yet not less complete, than that of last year.

para 2. B

M

2. G.O.No.800 Pub., d/ 3-8-96, directed the abolition of twelve police hospitals and wards. ~~Indicated change in the total~~ <sup>in which they are situated</sup> ~~wards~~ have already been carried out. <sup>of them</sup> regard to nine ~~of these institutions~~ the remaining three will be closed as soon as suitable arrangements for the treatment of the police in their localities have been made.

There were at the close of the year fifty one institutions at work with <sup>beds</sup> accommodation for 591 in-patients. As in 1895-96 the only hospital in which the accommodation

The Hon'ble Sir Henry Bliss, K.C.I.E.

(Delayed pending inquiry, in most cases unsuccessful, in the matter referred to in para 3 of the draft).

accommodation was obviously insufficient for existing needs was that at St: Thomas Mount.

~~that the fact that the number of beds in the hospital at St. Thomas Mount was insufficient for existing needs was that at St. Thomas Mount.~~

*There has been a lot of conversation about the Hospital at St. Thomas Mount - as the L. P. should take it up & so forth. The conclusion is that it is not a new one. It was a very old one -*

*vide current 3292, & 3523 in linked file.*

3 Comparing the tabular statement in para two with the corresponding statistics in last year's report, it ~~is~~ <sup>was</sup> ~~remained~~ <sup>remained</sup> that at Guntur the number of beds has risen while at Cuddalore and Tellicherry ~~has~~ <sup>has</sup> fallen. Foot-notes pointing out ~~such~~ <sup>of this nature</sup> changes would much simplify the checking of these statements.

<sup>Order regarding</sup> The erection of police hospitals at Vizagapatam, Cumbum, and Nandyal ~~is~~ <sup>is</sup> ~~pending~~ <sup>pending</sup> revision of the plans submitted to Govt. which were found to be ~~on~~ <sup>on</sup> far too costly a scale.

vide G.O.No.534 Pub., d/ 8th May 1897

B

With regard to the Vizagapatam hospital the Govt. observes from statement V in the report for 1895-96 that no expenditure on house rent was then shown against that institution. The hospital at Virianagram, which is to be closed, has been allowed to ~~remain~~ <sup>continue</sup> open until a building is constructed at Vizagapatam, and it is not clear under what circumstances a ~~house~~ <sup>now</sup> has been rented at the latter place. The Surgeon Genl: refers to the utilisation in future by the Public Works Dept: of the present police

*room in the Civil Hospital*

police hospital at Rajamundry and the consequent necessity for a new building. The Govt. is in possession of no definite information on this matter, but it is presumed that what is ~~referred~~ <sup>alluded</sup> to is the possible acquisition of the site for the use of the East Coast Railway. The S.G. should have clearly explained the circumstances to which ~~allusion~~ <sup>reference</sup> is made, and not left it to Govt. to ~~search~~ <sup>seek</sup> for an explanation of ~~this~~ <sup>his</sup> remark. The S.G.'s letter containing proposals regarding the police hospital at Chingleput has not been received. The suggestion regarding Cuddalore should be submitted with full details in consultation with the I.G. of Police.

4. The year under review appears to have been a comparatively healthy one, the admissions to hospital being less than in either of the two preceding years. The daily average of ~~inpatients~~ <sup>inpatients</sup> was however ~~higher~~ <sup>higher</sup> than in 1895-96. The high rates of sick in Godavari, Vizagapatam, Ganjam and Salem, upon which the Govt. commented in reviewing the ~~annual~~ <sup>the previous year</sup> report for 1895-96, ~~was~~ <sup>was</sup> continued, and the S.G. has again offered no remarks on this important point.

The ~~considerable~~ <sup>appreciable</sup> increase in the proportion of men invalided, as compared with the previous year, appears to be ~~hand~~ <sup>hand</sup> accidental. The mortality in the force from ordinary ~~causes~~ <sup>causes</sup> that is, excluding cholera, shows a striking ~~reduction~~ <sup>decline</sup>.

The various details in para 3 are rendered

rendered somewhat confusing by the fact that the figures for Madras have been in some cases included and in others omitted. The inclusion in a list of surgical operations performed in police hospitals of a number performed in the General and other civil hospitals in Madras seems unnecessary.

5. The decrease under "Establishment" is attributed by the S.G. entirely to the reduction <sup>in the</sup> charges at Victoria Hospital. Statement V however shows that <sup>in Madras</sup> extensive decreases have occurred in other hospitals and it is plain that the diminution in the total cost cannot be set down to any one institution. ~~The~~

~~The report on the whole, a satisfactory one.~~
