No. 206.

From

A. REA, Esquire,

SUPERINTENDENT, ARCHAEOLOGICAL SURVEY,

(MADRAS,)

To

The Chief Secretary
to the Government of Madras.

SIR,

I have the honour to submit for⁽¹⁾ publication⁽²⁾ the manuscript and plates⁽³⁾ of a report on the monumental remains of the Netherlands East India Company. The plates chiefly illustrate the finely carved tombstones, found at Pulicat and other sites of the settlements. There are 33 drawings, 29 facsimile estampages, and a photograph. The negative of the last can be sent when necessary.

(2)
Cover Nos. $\frac{208}{25.11.96}$

and $\frac{209}{25.11.96}$

1. In the letter press, the copies of Dutch epitaphs should be printed.

2.

in heavy capitals, line for line as they appear in the manuscript.

3. The plates should be produced by the Madras Survey Office, as were those in the recently published Survey volume XXI; but the final prints, appearing as plates in the book, should be in black. The drawings should be produced to as large a size as possible - about eight inches in height. The estampages are the full size of the stones from which they were taken. The photographed reductions of these, should be to a uniform scale, - as large as the size of the book will permit - perhaps a tenth of the originals. The proofs of the plates would be sent to me when ready.

4. In this instance, I would propose that the plates be interspersed throughout the book, and not in one collection at the end.

I have the honour to be

Sir,

Your most obedient servant,

A. W.

Superintendent.

FOR ORDERS.

The accompanying MSS., with

Part I contains an Historical
Memoir of this Company, Part II
contains detailed notes of 20
places where Dutch remains
exist (including a traditional
Dutch settlement at Mellor).
Part III consists of Chapters
on Indo Dutch Coinage.
There are 33 drawings (very
well executed), 29 rubbings
of epitaphs and a photograph
of some Indo Dutch coins. Mr.

however of far more general
interest than any of the other
volumes relating to Madras
already published in the
Imperial Series.

It is admitted that the
work is well worth publishing -

may be followed.
