Civil Lunatics, being Natives of this Presidency, confined in the
Rangoon Lunatic Asylum.

Communicating to the Commissioner of Police, Madras, and certain District Magistrates a list of —, with the request that they will cause inquiries to be made whether the relatives or friends of any of those lunatics are willing to take charge of them; addressing the Resident of Mysore in regard to a lunatic said to be a native of that province; and requesting the Surgeon-General to report as to the accommodation available in the several lunatic asylums in the Presidency.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper :—

From R. NATHAN, Esq., Officiating Under Secretary to the Government of India, Home Department (Medical), to the Chief Secretary to the Government of Madras, dated Calcutta, the 28th January 1897, No. 43.

I am directed to forward a copy of a letter from the Chief Commissioner of Burma, No. 250—9K-21, dated the 8th December 1896, together with a copy of a list of civil lunatics confined in the Rangoon Lunatic Asylum who are natives of the Madras Presidency and whose transfer to Madras is now recommended by the Chief Commissioner of Burma.

2. I am to request that, with the permission of the Governor in Council, it may be ascertained which of these lunatics have friends who are willing to take charge of them, and that arrangements may then be made for receiving them from Burma, with a view to their discharge under the Act relating to lunatic asylums.

3. With regard to those lunatics who may not have friends willing or able to receive them, the Government of India do not agree with the view indicated by the Chief Commissioner that the Burma Administration cannot properly be held financially responsible for lunatics arrested and confined in Burma who are not natives of that province. But the Government of India consider that the lunatics will be happier and have a better chance of recovery if they are confined in an asylum near their native place than if they remain in a distant province. I am to inquire whether on these grounds the Government of Madras will consent to receive charge of those of the lunatics who cannot be made over to their friends.

4. I am to observe that it is not stated in the list forwarded by the Chief Commissioner whether or not the lunatics numbered 1, 2, 3, 4, 5, 7, 8, 10, 13, 17, 18 and 19 in the list are quiet and harmless. The Chief Commissioner has been asked to supply this information, and it will be communicated to the Government of Madras when received.

ENCLOSURES.

From D. H. R. TWOOMEY, Esq., Officiating Secretary to the Chief Commissioner of Burma, Judicial Department, to the Secretary to the Government of India, Home Department, dated Rangoon, the 8th December 1896, No. 250—9K-21.

I am directed to submit a nominal roll of 31 persons (natives of India) who are confined in the Rangoon Lunatic Asylum, and to solicit that the sanction of the Government of India may be accorded under the provisions of section 17-C. of Act XXXVI of 1858, as amended by Act XX of 1889, to their transfer to lunatic asylums of the provinces to which they belong, namely—

To the North-Western Provinces	..	..	..	..	..	..	3
„ the Punjab	..	..	..	..	..	..	2
„ Bengal	..	..	..	..	..	..	7
„ Madras	..	..	..	..	..	..	19
Total	..	..	..	..	..	..	31

The remarks of the Superintendent of the Rangoon Asylum show that many of the lunatics whose transfer is solicited are harmless and might now be made over to the care of their friends. But their discharge cannot be effected without the greatest difficulty in Burma as their friends are all in their native provinces.

2. I am to bring to the notice of the Government of India that the Government of Madras, in their letter, No. 796 (Judicial), dated the 10th May 1895, declined to receive into Madras asylums certain civil lunatics belonging to that presidency. No reason was assigned for this refusal. The annual report on the Madras asylums for 1895 shows that there was no overcrowding during the year. It appears probable, therefore, that some, if not all, of the lunatics referred to could have been received in the Madras asylums without inconvenience. The expense of maintaining lunatics has to be borne by municipalities when the lunatic is apprehended within municipal limits, and the Rangoon Municipal Committee have recently represented that the Municipal fund should not be required to pay for casual immigrants from Madras and other places in India who become insane within a short period of their arrival in Burma.

3. On the grounds described in the preceding paragraph, the Chief Commissioner ventures to address this application to the Government of India in the first place, in order that, if there is no objection, the Provincial Governments concerned may be requested to provide accommodation for the lunatics whose transfer is solicited.

I AM directed to submit a nominal roll of 31 persons (natives of India) who are confined in the Rangoon Lunatic Asylum, and to solicit that the sanction of the Government of India may be accorded under the provisions of section 17 C. of Act XXXVI of 1858, as amended by Act XX of 1889, to their transfer to lunatic asylums of the provinces to which they belong, namely—

The remarks of the Superintendent of the Rangoon Asylum shew that many of the lunatics whose transfer is solicited are harmless and might now be made over to the care of their friends. But their discharge cannot be effected without the greatest difficulty in Burma, as their friends are all in their native provinces.

2. I am to bring to the notice of the Government of India that the Government of Madras, in their letter No. 796 (Judicial), dated the 10th May 1895, declined to receive into Madras Asylums certain civil lunatics belonging to that presidency. No reason was assigned for this refusal. The annual report on the Madras Asylums for 1895 shews that there was no overcrowding during the year.
