The position is exactly the same as it was when G.O. 1200 of 14-9-97 was passed. No spare officer is or can be ~~for so~~ made available till the frontier war ceases. If the S.G. had any arrangements in view he wd have given them. He had better be referred to the G.O. above quoted with the remark that the situation remains unchanged.

At 9.11.97

It is two months since the last G.O. issued & we may hope that before long our Madras will begin to come back to us. ~~It is~~ I presume we must ask India to sanction the departing of an officer for training in the Ch. Secy's laboratory here. If so, better with permission - the training not to be carried out of course, until we get more back. From the other hand, we don't need to refer to India (and I don't quite see why we should, as we have authority & sanction departments not exceeding 6 months), better tell the S.G. that he can come up when he has men available.
