[Despatch Abstract.]

Coming to the Surge General's office. P.W.D. considers it desirable that efforts should be made to minimize the number of separate demands for petty works in connection with the General Hospital buildings, the requirements being, as far as possible, estimated for once a year.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

From G. S. T. HARRIS, Esq., Consulting Architect to the Government of Madras, to the Chief Engineer, Public Works Department, dated Chépák, 17th December 1896, No. 4629.

With reference to paragraph 2 of G.O., No. 3470 W., dated the 4th instant, I have the honour to report that two of the seven items were, the Senior Medical Officer states, due to "imperfections in the original works," the remaining items were asked for as they were found to be urgent necessities and were not foreseen.

ORDER—No. 227 W., dated 23rd January 1897.

It is considered desirable that efforts should be made to minimise the number of separate demands for petty works in connection with the General Hospital buildings, the requirements being, as far as possible, estimated for once a year. The present arrangement involves much complexity in accounts and unnecessary correspondence. Urgent demands may, however, be complied with as the necessity arises, and these will not, it is considered, be frequent.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following

From the Consulting Architect to the Government of Madras, No 4187, dated 17th November 1896.

Order thereon No 3470 W of 4th December 1896.

The estimate, amounting to Rs 37 for fixing Cuddapah slabs in the Dispensary room at the General Hospital, is sanctioned as supplemental to the estimate of Rs 6,825 sanctioned in G.O No 32974 dated 17th November 1896, and the amount is appropriated from the Provincial reserve.

2 It is observed that in the course of one month 7 supplemental estimates have been sanctioned in connection with minor additions to the General Hospital and it is not known how many more will be received before the close of the current official year. The Consulting Architect will therefore report whether these petty requirements cannot be foreseen and estimated for once a year.

This sanction has been registered as Provincial No 121 W of 1896/97 and
