Public DEPARTMENT.

SUBJECT.

The Medical Store Building

FOR ORDERS,

In his letter 124377 of 24 November last the Consulting Architect reported on the unsatisfactory conditions of the building used as the Govt. Medical Store ~~at~~ (the Old Mint) and recommended that it should be reroofed.

The Medical Storekeeper
is however anxious to re-
move the stores to another
building and suggested
the old Women and Children
Hospital.

The P. W. Dept forwarded
the letter on the 17th Decemr
for instructions whether
an estimate for improvement

to the existing building might be prepared and intimated that the old Lymer Hospital buildings are already occupied and that their low-lying position rendered them unsuitable for a medical store depot.

The P. W. Dept was then (Dept) upon asked whether the building was Imperial or Provincial one, and its attention was directed to the recent Govt (put up) funds which the store depot is now under the direct control of the Director Genl of the Indian Medical Service.

It will be seen from its letter No 3405 M.W. of the 15th ultimo, that India has meanwhile received information of the unsafe condition of the building and has enquired what measures have been adopted for the protection of the stores.

The P. W. D. now replies

* G.O. 670 Feb 2 950 Feb 425.76 43.12.96

replies that the store buildings are Provincial and maintained from Pool funds. It is for consideration whether Imperial should not in future provide accommodation for the stores as the control of them has been withdrawn from the Provincial Govt.

As the matter is urgent it is submitted that the estimate for repairs may be called for and the P. W. D. requested to look into the question referred to above.
