[Despatch Abstract.]

Sanctioning, with remarks, the construction,
in the dispensary at Bhavaneswar, of an extra
window for the distribution of medicine and a
door between the office and the compounding
room, and calling for a revised estimate al-
lowing only for these additions.

OFFICE OF SURGEON-GENERAL

WITH THE GOVERNMENT OF MADRAS,

February 1896.

From

SURGEON-MAJOR-GENERAL J. SIBTHORPE, F.R.C.P.I.,

SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

To

THE HON'BLE THE CHIEF SECRETARY TO GOVERNMENT,

Judicial DEPARTMENT.

SIR,

I have the honour to state that the Government Agent, Godavari District, reports that while the dispensary building at Polavaram was under construction as per estimate amounting to Rs 2650 sanctioned in G.O.No.1925-W, dated the 24th July 1893, certain defects were noticed by the District Medical and Sanitary Officer, whereupon the Superintending Engineer furnished the Government Agent with a revised plan and estimates for Rs 3600 or Rs 950 in excess of the original estimate to ~~the~~ cover the cost of remedying the defects.

2. He therefore solicits the sanction of Government to the increased expenditure.

3. As the construction of the building was started prior to the receipt of the standard plan and the alterations are essential, I recommend that the sanction applied for may be accorded.

4. Correspondence together with plan and estimates is herein enclosed for favour of perusal and return.

I have the honour to be,

Sir,

Your most obedient Servant,

J. Sibthorpe

Surgeon-Major-General,

Surgeon-General with the

Hospital at Polavaram

الحمد لله رب العالمين

۱۳۰۰ هجری قمری (۱۸۸۳ میلادی)

FOR ORDERS.

In G.O. No. 1925 W. dated 24th July 1893 an estimate amounting to Rs. 2,650 for constructing a hospital at Polavaram in the Gouavari district was sanctioned for execution when funds were available.

In February 1896 the Assistant of that place in his letter pointed out four serious defects in the building then under construction. This has resulted in the revised estimate for Rs. 3,600, or an excess of Rs. 900, which is now submitted for the sanction of Govt. The Surgeon-General states that the construction of the building was commenced before the issue of the existing standard plan and adds that the alterations are essential. The plan shows clearly the additions to the previously sanctioned building and the comparative statement

of differences (flagged M) explains
the various excesses over the original
estimate.

9DB
15/2/97

The Superintendent General
writes at a later letter
no 1557 G.D. (with of A)
his part of the reason is
due to increased rates.

The District Surgeon in his
endorsement no 745 on
the letter of the Hospital
Asst. Dir. that according to
Departmental rules separate
rooms for dressing male &
female patients, & separate
wardens for the distribution of
medicines are "specifically
indispensable". It is seen from
G.O. no 1925 W. d. 24/7/33 E

that the Surgeon for the approval
of the plan of the building
thereafter did not take the
same view as the Dist. Surg.
x S. L. L. to District

The plan shows no
verandah, the Hosp. Assistant
considered it unnecessary.

out patients dispensary it
is a luxury which could
easily be dispensed with.
It appears from memo no
2045 C in the P.W.D. printed
on page 1 of G.O. no 1925
that a verandah was then
contemplated: it is not
clear how it afterwards dropped
out of the plan.

Two modifications
asked for, viz opening a
door between the office &
the compounding room, &
providing an extra window
for the distribution of medicine
should not add much to
the cost of the building. It
is submitted that there may
be allowed.

M.
5/2/97

This file has been delayed
while reference was made
to ascertain that the
Standard plan was to which
the Surg. Gen. referred. There
was no information regarding
it either in the Office or in the
P.W.D. It appears from the

Surgeon's letter no 98
d. 26-2-97. As
that he referred to a
standard plan sanctioned
by the Sanitary Board.
As this plan is for a far
larger institution than
that now proposed the
reference to it in the Surg. Genl.
letter was, it is submitted,
unnecessary. It is observed
that the plan was obtained
from the Sanitary Board
contains only one dressing
room.

M. A verandah would seem to be
5/3/97 a very desirable adjunct. I
cannot make out what it would cost.
As for the ^{separate} dressing room for
females it does not seem to be needed
in a place like Polavaram. A plan
of A.S. the Surg. Genl. plan provides
for only one dressing room

ORDER. N^o 278 of 16-3-97

The construction in
The alteration of the plan for
improving
the dispensary at Polavaram so far as
to provide for an extra window for the
distribution of medicine and for a door
between the office and the compounding
room is sanctioned. - A revised estimate
allowing for these additions only should
be submitted.

2 As the institution is
only an out-patient
dispensary, a verandah
cannot be considered
necessary. It is
regard to the separate
dressing room for
females it is observed
that no such room is
provided in the standard
plan sanctioned by the
Sanitary Board. It is
the Surg. Genl. ^{letter} confirmed.
and there seems to be no
need for any

3. It is observed that the
The Surgeon-General's refer-
-ence to "the standard plan", subsequent
-ly ascertained to be that sanctioned
by the "Sanitary Board", was unnecessary
as that plan is intended for a much
larger institution than the one now
under consideration.

3. A separate dressing room for
females, which, it is observed, is not
provided for in "the standard plan",
does not seem to be needed at Polavaram
nor does a verandah seeing that the
building is to be used only for
out-patients' dispensary.
