GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper :—

G.O., No. 164, Revenue, dated 15th March 1897.

Read—the following Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 5th March 1897, Mis. No. 1649 :—

Read—the following letter from A. C. TATE, Esq., Collector of Cuddapah, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated 20th February 1897, Cur. No. 894-Rev. :—

I have the honour to request that the Board will recommend the appointment of a Special Assistant, under section 25 of the Famine Code, for discharging the routine duties of my office. The affected area which comprises portions of four taluks forming the northern section of the district is large enough to demand the greater portion of my attention and the approaching jamabandi renders it essential that I should ask for this help. The district consists of eleven taluks. Allowing two taluks for each Divisional officer, the jamabandi of three taluks generally falls to the share of the Collector, and following the practice, I have reserved Cuddapah, Proddatur and Madanapalle for my settlement; and a portion of the jamabandi work will also have to be done by the Special Assistant.

2. As regards my office there is considerable increase of work both in the Revenue and Account branches. The returns to be submitted from the Revenue branch are noted in the margin. At present the services of the second English clerk on Rs. 50 are solely utilized for correspondence connected with the state of the season, his ordinary work being done by others and his hands are so overful that he is also assisted by another clerk in the preparation of the famine programme. For the past four months the clerk on Rs. 50 has been doing no other work than that connected with the season, while the other clerk has been doing the work mentioned above in addition to his ordinary duties. Thus there has been an increase of pressure on the ordinary staff which it will not be able to successfully cope with in a climate like that of Cuddapah.

3. The approach of jamabandi is an additional reason for strengthening the staff. Every member of the ordinary establishment will be badly wanted to get through the jamabandi in an unfavourable season, when, owing to the necessity for the grant of remissions of various kinds, the scrutiny of accounts should be as thorough as possible in order both to safeguard the interests of Government and to see that deserving ryots get their due share of remissions.

- (1) The fortnightly narrative.
- (2) The fortnightly task returns.
- (3) Monthly statements noted below :—
 - D₁. Progress reports of relief works in operation during the month.
 - D₂. Abstract of expenditure on all relief works.
 - E₁. Statement showing the numbers fed at kitchens and in poor-houses.
 - E₂. A statement of village relief when that form of gratuitous relief is being given.
 - E₃. Statement of gratuitous relief to relief workers' children on relief works.
 - F. Statement of advances made under the Loans Act.
 - G. Statement of advances made to weavers.
 - H. Statement of appointments made.
 - I. Statement showing the amount of grain purchased.
 - L. Statement showing the number on relief works of each class.
 - A statement showing the amount of revenue suspended.
 - M. Statement showing the monthly death-rate.
 - N. Statement showing the audited expenditure.
- (4) Quarterly famine programme.

4. As regards the additional work in the Account branch, I have to bring to the notice of the Board that the work of checking the vouchers connected with the weavers' relief scheme and relief kitchens is increasing day by day. One thousand and seven vouchers are reported to be now awaiting check and in consideration of the allotment of Rs. 1,25,000 sanctioned by Government for the relief of weavers, it is found very difficult to get through this work promptly and efficiently without extra aid.

5. I have, therefore, the honour to request early sanction for the entertainment of a clerk on Rs. 50 in the Revenue branch and an accountant on Rs. 35 in the Account branch of my office.

Resolution—dated 5th March 1897, Mis. No. 1649.

The Collector's application for the appointment of a Special Assistant Collector, under section 25 of the Famine Code, will be submitted for the favourable consideration of Government in reference to G.O., No. 669, Revenue, dated 26th November 1896.

2. The Board is not prepared to endorse the Collector's application for clerical assistance at present, especially as none such has been found necessary in Bellary, where relief is being administered on a far larger scale than in Cuddapah, and none was granted in Cuddapah in 1892, when relief measures there were on a larger scale than they now are, whilst the returns under the present Famine Code are much less numerous than those sent in in 1892.

Read—the following letter from A. C. TATE, Esq., Collector of Cuddapah, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated 4th March 1897, Ref. on Cur. No. 894-Rev. :—

In my letter, Current No. 894-Rev., dated 20th February 1897, I requested the Board to recommend the appointment of a Special Assistant, under section 25 of the Famine Code, to discharge the routine duties of my office and also to sanction the entertainment of a clerk on Rs. 50 and an accountant on Rs. 35 in my office. There are four works in progress already, and I have issued instructions or am arranging for five more works being started in the current fortnight.

2. As the necessity for the additional establishment is very real, I request that Government may be moved to send me an Assistant at an early date and to sanction the establishment by wire, if possible.

GOVERNMENT HOUSE,

11th March 1897.

My dear Price,

With reference to

the accompanying file, it has been proposed on a separate famine file that a Special Assistant Collector should be sent to help Tate at Cuddapah, under Section 25 of the Famine Code. His Excellency proposes that Roberts should be appointed for this duty. Cuddapah is, as you know, a particularly unpleasant place in the hot weather, and Roberts is not a very strong officer, but he is a good one, & as his work will not

not involve knocking about
in Camp, His Excellency hopes
that he will be found able
to stand the climate. His
Excellency would propose that
he should get ^{the} pay of an acting
Head Assistant Collector while
on this duty.

Yours Sincerely,

L. S. H. M.
