Note for the Secretary

The Sanitary Commissioner's letter (in the current) dated the 15th instant was received in our office yesterday. In this he requests orders on cards (in connection with the preparation of mortality statements) which were decided

in G.O. 160 12-3-97; this G.O. was despatched to the Lt. Col. on the 17th instant and was received here the Sanitary Commissioner's office only yesterday.

- In the mean time the Govt of India telegraphed ~~to~~ us ^{on the 13th instant} to expedite the submission of mortality statements for ^{and enquiring when they may be expected} past months. This was communicated to the Board & the Sanitary Commr on the 24th instant. The Board thereon telegraphed ^(on 24th) to the Sanitary Commissioner requesting him to reply to the Govt of India when the statements may be expected. On receipt of this telegram he issued orders for orders on the printed form in his letter of the ~~15th~~ 15th in ignorance of the fact that these points had already been decided in G.O. 160 12-3-97.

he mentioned in his telegram
the points on which orders
were required and we were
~~not~~ able to reply to him
since though we were in ignor-
ance ^{at the time} that he had raised any
question at all.

3. The above delay and telegra-
phic correspondence would
have been ~~unnecessary~~ avoided
if he had received ¹⁶⁰ ~~120~~ ¹⁷
direct from us
or if he had known that he
issued orders on any point
I therefore suggested that we
might ~~communicate~~ direct
with the Sanitary Commission
for all matters and the
Secretary has agreed to this
but as he is under the
Dept we cannot do this
without the permission of
that Dept & it is better
to send an office note
to that Dept suggesting the
above course

Flag Y.

**This has not been communicated to the Sanitary Commissioner by the L & M Dept.*

Under the Chief Secretary's office order dated 31st January 1890, as modified by the order dated 15th August 1891, all papers ^{relating to} dealing with Local and Municipal sanitation and vaccination are dealt with in the Local and Municipal Department and those relating to general sanitation and vaccination in the Public Department. As the papers passing through the Sanitary Commissioner's office relate mostly to local and municipal sanitation and vaccination, the Public Department has removed that officer from the list of heads of departments under the Chief Secretary and left it to the Local and Municipal Department to communicate to him even such orders as G.O. No. 179 Public dated 23rd February 1897 which have no connection with local and municipal sanitation. Please see the distribution list in the original G.O. the G.O. quoted and the office notes on current No. 644 L. The Sanitary Commissioner has thus come to be recognized

as an officer under the Local and Municipal Department and even G.Os. in the Revenue and other Departments are forwarded to him, through the Local and Municipal Department, E.G., please see G.Os. No. 470 Revenue dated 21st September 1896 and No. 340 Judicial dated 11th March 1897.

Flags B. C.

As the Sanitary Commissioner is a Provincial officer and is on the same footing as the Surgeon General, although both of them have a great deal to do with Local Boards and Municipal Councils, it is submitted that all orders, except those passed in the Local and Municipal Department, should be issued to him in or through the Public Department. The Sanitary Engineer, although a Provincial officer, is on a different footing as his work relates wholly to Local Boards and Municipal Councils.

He will soon be an officer of the Sanitary Board, in all probability?
S.P.

P.R.
24/3/97

The San. Commr. is the adviser of the Govt on all sanitary matters, whether ~~sanitary~~ local or provincial. He advises about ports as well as municipalities. He is also head of the Vaccination Dept., & all questions relating to vital statistics are referred to him. More properly he should

Sanitary to Govt

be regarded as subordinate to the Public Dept than to the L. & M. Dept.

It is however not a matter of any vital importance; but a definite decision shd. be recorded.

S.P. 25.3.97
To Public Dept. as.

I think the L. & M. Dept. is right, that is, that all orders, except those in the L. & M. Dept, which will go to him direct, should go to the San. Commr. in or through the Pub. Dept.

AS
31/3/97

Public does from time to time - though not very frequently - correspond with the Sanitary Commr. There seems to be no objection to the course suggested by the L. & M. Dept., that all G.Os (except those in L. & M.) should issue to him from Public.

AK. I do not care what arrangements are made so long as it is definitely decided under which Dept the Sanitary Commr. is. He has more to do with the Govt than with any other Dept. but as the Secy. to the Govt is the adviser of Govt in all Sanitary matters

Communications
to the Sang: Comr.

FOR ORDERS.

In its office note of the
31st ultimo the Rev. Dept.
explains that considerable
delay and telegraphic
correspondence in con-
-nection with certain mor-
-tality returns has re-
-sulted from that Dept.
not communicating
direct ^{with} the Sang Comr.
It therefore suggests
that to avoid such
undue delay the Rev. Dept.
should ^{in future} communicate
direct with him
on all famine
matters (instead of as
at present they have all,
If this course
is approved it
proposed to
