SUBJECT.

Notifies certain additions to the Colonial Emigration Rules.

To The B^d of Rev (Sep Rev) }
Protector of Emigrants, Madras, }
Gazette 22/5/97

No. $\frac{625}{31-1}$.

GOVERNMENT OF INDIA
DEPARTMENT OF REVENUE AND AGRICULTURE
EMIGRATION.

NOTIFICATION.

Simla, the 5th May 1897.

IN exercise of the powers conferred by section 80 of the Indian Emigration Act, 1883 (XXI of 1883), the Governor-General in Council is pleased to make the following additions to the rules under the said Act published with the Notification of the Government of India in the Department of Revenue and Agriculture, No. 94-E., dated the 18th March 1886, and amended by the Notification of the Government of India in the same Department, No. 170, dated the 1st February 1896:—

(1) In the test prescribed for lime-juice in Rule 178A, Chapter V, section III. for the words in the *Note*—

“A darkening indicates lead or copper,”

the following shall be substituted, namely:—

“A darkening which disappears again almost immediately is due to iron, but a persistent darkening indicates the presence of lead or copper.”

(2) To paragraph 2 of the said *Note* the following shall be added, namely:—

“As a confirmatory test the following process may be used:—

“Evaporate some of the juice to dryness and ignite; then dissolve the remaining ash in Nitric Acid and divide the solution into two portions. To one of these add a little Iodide of Potassium solution: a yellow precipitate indicates lead. To the other portion add Ferrocyanide of Potassium: a chocolate precipitate indicates copper, and a white precipitate lead.”

DENZIL IBBETSON,

Secretary to the Government of India.

No. $\frac{626-627}{31-1}$.

COPY forwarded to the Government of ^{Madras} ~~Madras~~, for information, in continuation of this Department endorsement No. $\frac{34-35}{7-1}$, dated the 16th March 1897.

By order,

955.

Under-Secretary to the Government of India.
