ENT No. 1111

Office note.

With reference to para 3 of Memorandum No. 1649 Public, dated 15th August 1896, the Superintendent, Government Press, submits the report called for on the indebtedness of some of the employees of the Government Press since 1st April 1896. Messrs. Trivett, J. Peters, J. Silva and A. J. Peters have been invalided and have retired from service since the receipt of the above memorandum, and Mr. A. S. Xavier has withdrawn his attachments.

2. It will be seen from the accompanying statement that there are 8 employees whose salaries are at the present time attached, and of whom five are so much in debt that their debts cannot be cleared within the next two years. The following are the particulars of each case:-

Mr. J. D. Ryan took the benefit of the Insolvent Act in 1887, and his pay was attached in 1888 and has continued so ever since. From 1888 to date he has received the following increases of pay:-

An attachment for Rs. 156-13-0 was received in April 1896, and payments amounting to Rs. 454-8-11 were made, the total reduction in the year being Rs. 297-11-11. The Superintendent has not been satisfied with Mr. Ryan's services during the past year owing to absence and inattention to his work. He is 31 years of age and has completed 27 1/2 years qualifying superior service; to qualify himself for a retiring pension, he must make up 3 1/2 years more. The Superintendent has on this occasion no recommendation to make on Mr. Ryan's behalf.

Mr. E. A. Deal. Attachments amounting to Rs. 279-0-0 were received in December 1896; and payments amounting to Rs. 44-4-0 were made; the total reduction in the year being Rs. 122-4-0. Mr. Deal is most unfortunate in his domestic life. The Superintendent recommends that he be given a further opportunity for reducing his debts during this official year, as he is a hard working and in other respects a satisfactory foreman. He has assisted the Superintendent with presswork during the present month owing to the dismissal of the pressman.

Mr. R. Dillon took the benefit of the Insolvent Act in 1894, and his pay was attached again in 1895.

When the last report was made his debts amounted to only Rs. 446-15-11, but during the year they have increased by Rs. 1084-14-10, owing to domestic troubles and ill health. He was warned in March 1896 that if more attachments were received against him, his case would be reported to Government. Mr. Dillon has a wife, 5 children, and an aged mother depending upon his half salary (Rs. 30). The Superintendent solicits that Government will be pleased to give Mr. Dillon's case favourable consideration for another year.

Mr. G. W. Inayat. From August 1894 no attachments have been received against him, and from the last report he has reduced his debts by Rs. 171-4-0. Mr. Inayat has never been a satisfactory pressman, but of late his work has been even more unsatisfactory than ever. There is also no prospect of his rising to a higher salary to assist in reducing his indebtedness, and at the present rate of reduction there is no prospect of these debts being cleared for many years. The Superintendent has therefore no recommendation to make on his behalf.

Mr. A. Moraes. Since the last report his debts have increased by Rs. 1360-13-0, and have been reduced by Rs. 298-10-4. At the time the

Indebtedness of some of the

FOR ORDERS.

Under G.O no 44 d. 21 Jan. 1895
this matter may be disposed of by
the C.S.

Trivet Leal

Ryan Moraes
Major Thomas Pahlwan Sahib

Memo No. 1629 d/15-8-96.

In March 1896 the Supdt. Govt. Press submitted for orders the cases of thirteen of the Press employees who were involved in debt and whose salaries were attached. One of these men subsequently retired, and orders were passed in the case of three others. While as regards the rest the Superintendent was informed that they might remain in the service, but that he should at the end of six months submit a further report as to the state of their affairs. This he now does.

Of the nine employees one (Trivet) has since been invalided and has retired from service, and the salary of Kavir has been released from attachment. The seven cases thus remaining to be disposed of are dealt with seriatim.

Ryan is an Examiner aged 51 with a complete service of 53 years, and 27½ ^{superior} qualifying service. His present pay is Rs. 90, and his debts amount to

Rs. 1560.

last report was made, he had a debt of only Rs. 397-15-4. The reason why the amount has been added during his past years was certain creditors who did not formerly press him for payment had now attached his salary. The Superintendent recommends that he be given an opportunity for reducing these outstandings during this year.

G. Randick factor having applied for the benefit of the Insolvent Act, he is under suspension from the 8th February 1897. He has been frequently absent from work owing to sickness, and of late has not been diligent with his work. His case will be reported upon later on.

Mr. A. C. Thomas - his debts are repayable within two months.

Mr. Pahlwan Sahib whose debts are repayable within 12 months has been warned to reduce his debts steadily and not to incur further debts.

Rs.1560. He passed through the Insolvent Court in 1887, but his pay was again attached in 1888, and has remained so ever since. The Supdt. reports that he has not been satisfied with this man's services during the past year owing to absences and inattention to his work. He has on this occasion no recommendation to make on his behalf.

This man's debts in March 1st 1896 were shown as Rs.1857: he has therefore paid off nearly Rs.300 during the year. He has 2½ years more to put in for a pension. With regard to his absences it appears from the statement in the margin of the Superintendent's note that they have been already very numerous this year. xx

Leal is a Foreman. He has debts of about Rs.2,169 yet to clear. His age is 41, service 21 years, and pay Rs.70. He is reported to be hard-working, and his work very satisfactory. He assisted the Supdt. during April last with press work owing to the dismissal of the pressmen. The Supdt. recommends that he be given further opportunity for reducing his debts during this official year.

Dillon aged 35 is also a Foreman with a service of 18 years and a salary of Rs.60. He was insolvent for two months in 1894. In 1895 another attachment was issued. His debts on March 1st 1896 were only Rs.446. Since then

xx
The Supdt. does not say what can be done with this man. He has contracted no debts since 1888, and he has only 2½ years to put in for his pension. On the score of indolence there is no more against him now than in 1886 when his case was put before the very same Committee. It is a fact that he has Rs.2501 in March 1896 but his paper punishment for irregularity & neglect in reduction, & that no punishment is warranted in the present enquiry is called for.

xx

This man's case is no worse than the others, and his position has somewhat improved since the last report on him. To dismiss him for indolence because his work is bad would not, it is submitted, be just. It would be fair to warn him that he will be dismissed if his work does not improve. But his debts, which may not be overwhelming in his present pay, would lead to his dismissal. It appears that there are not debts contracted during the year, but sums for which he is liable and for the first time during the year.

they have increased to Rs.1196, owing, the Supdt. says, to domestic misfortunes. The Supdt. requests that Govt. will be pleased to give this man's case a favourable consideration for another year.

Major, a proof-reader on Rs.35, is 35 years old, and has served 18 years. His debts amount to Rs.1007 against Rs.1178 in March 1896. The Supdt. reports that his work is very unsatisfactory, and that there is no prospect of his rising to a higher salary to enable him to clear his debts. The Supdt. has no recommendation to make on his behalf. xx

Moraes a Foreman on Rs.50, who owed Rs.397 in March 1896, now has his pay attached for debts amounting to Rs.1460. His age is only 35, but he has served 20 years. The Supdt. recommends that he be given an opportunity for reducing his indebtedness during this year.

Thomas, a Foreman on Rs.120, and Bahilwan Sahib, an examiner on Rs.45 have debts of Rs.189 and 220 respectively. The Supdt. reports that the former can be paid off within two months, and the latter within a year.

The case of G. Ramiah Sastri proof-reader is reported for the first time. He is now under suspension having applied for the benefits of the Insolvent Act. He is stated to

be irregular in his attendance and indifferent to his work. He has a service of 10 years, his present pay being Rs. 10. The Supdt. promises to submit a further report on his case, which it is submitted may be awaited.

Chief Secy's order

ORDER No. 642, dated 25th May 1897.

T.D. Ryan. This man's debt has been reduced somewhat during the year but not to any great extent. He has, however, long service and has ^{to} put in less than 2½ years for pension. I am therefore averse to dealing with him so severely as I would with a younger man. I note that the Superintendent is dissatisfied with him on the ground of absence from work and inattention to his duties. The remedy for these faults is to refuse leave and to reduce the man's pay if he does not give satisfaction. He should be warned to this effect and if he does not ^{mend} ~~mind~~ the warning should be enforced. I observe that Ryan was promoted in May 1896. If men do not give satisfaction, seniority should not have weight when considering the question of promoting them. A further report should be sent up regarding this man at the close of the year and it should be intimated to him that if he does not improve and does not pay off more rapidly than he has, he will incur very great risk of dismissal notwithstanding his long service.

E.A. Leal. I accept the Superintendent's recommendation regarding this man, and in doing so am influenced by the fact that he assisted the Superintendent during the late strike and is well spoken of by his superior.

R. Dillon. I accept the Superintendent's recommendation in this case also. A report as to Dillon's financial circum-

circumstances should be sent up at the end of the year and it will then be considered whether his condition is such as to warrant his being retained in the public service.

G.W. Major. This man has, though there have been no new attachments against him for nearly three years, reduced his debt by only Rs.171-1-0. His indebtedness amounts to Rs.1000, his pay is Rs.30, and the Superintendent speaks unfavourably of him. He should be called upon to show cause why he should not be removed from the service.

A. Moraes. Under the explanation offered by the Superintendent, this man will be given a further grace until the end of the year when a report on him should be sent up. It would appear from the statement with the Superintendent's report of the 26th March 1896 that this man did not correctly state his indebtedness. The Superintendent should see that this sort of thing does not recur.

G. Ramiah Sastri. The case of this man will be separately dealt with when the report on him which has been received from the Superintendent is considered.

A.C. Thomas. This man's debts are small and the Superintendent should see that he pays them off as soon as possible.

Pahilwan Sahib. The Superintendent should keep an eye on this man, and, if he does not materially decrease his debts before the close of the year, a report regarding him should be sent up.
