2. The remaining reports will be submitted when received.

3. I would wish to call particular attention to the remarks of the * * * *

Such remarks have to be communicated *verbatim* to the Medical officers concerned and naturally lead to a good deal of irritation.

Several of the Collectors have informed me that they consider this duty of making confidential reports on Medical officers, who often are more seniors in the service, nearly an impossible one, as they and their families depend on such Medical officers for their treatment during illness.

It appears to me, moreover, that such reports, if unfavourable, when communicated to the Medical officers are not at all likely to conduce to the efficient or harmonious working of the district, which should be aimed at by the Collector. They are likely to do away with that independence of character on the part of the Medical officer which is so necessary for the efficient performance of his duties as a medical and sanitary adviser. As far as I am aware, Collectors are not called upon to make confidential reports on other Military officers serving in their districts, such as officers of the Royal Engineers.

4. I understand from the Director-General, Indian Medical Service, that it was never intended (except in very exceptional cases, such as officers serving under the Foreign department in isolated stations) that non-professional officers should report on Medical officers, and that in the Bengal Presidency District officers never do so. He is of opinion that the duty of making such reports rests entirely with an Administrative Medical officer whoever he may be, and that the procedure should be uniform throughout India (*vide* Government of India, Home Department, letter No. 5-Med.—500-507 of the 15th August 1891, reprinted on page 3 of G.O., No. 1136, Public, dated the 21st October 1896).

5. I hope Government will reconsider the above Government order and do away with these particular confidential reports, as under G.O., No. 1136, Public, of the 21st October 1896, very full reports on each officer will be submitted, and under G.O., No. 595, Public, dated the 13th July 1895, a summary will be forwarded to the Government of India through the Madras Government.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 9th January 1897, No. 3-C.

With reference to G.O., No. 1136, Public, dated the 21st October 1896, I have the honour to forward the annual confidential reports on Commissioned Medical officers employed in the Civil department in this Presidency now in India.

2. The reports for the following officers will be forwarded when received from them after filling in page 1:—

Surgeon-Lt.-Col. A. H. Leapingwell.	Surgeon-Captain W. Molesworth.
Surgeon-Major J. C. Marsden.	" C. F. Fearnside.

In continuation of my letter, No. 3-C, dated the 9th instant, I have the honour to forward herewith the annual confidential reports on the Commissioned Medical officers named in the margin. Others will follow.

2. It will be seen from the last paragraph on page 3 of the reports that they should all be returned to this office, after completion by Government, for transmission to the Director-General, Indian Medical Service.

ORDER—No. 680, Public, dated 31st May 1897.

His Excellency the Governor in Council considers it necessary that Collectors should continue to submit to Government the confidential reports on Commissioned Medical officers as directed in G.O., No. 330, Judicial, dated 12th May 1882, and paragraph 2 of G.O., No. 744, Public, dated 5th October 1894. They will, however, in future, confine their remarks to the discharge by the Commissioned Medical officers of their districts of their *civil* duties. It will further be impressed upon Collectors that what Government desires is their *bonâ fide* opinion in each case. The reports should, therefore, be submitted *direct* to Government and Collectors will not in future send to the officers on whom they report copies of any unfavourable remarks they may deem it necessary to make. If any such action seems necessary, it will be taken by Government.

2. With reference to paragraph 1 of G.O., No. 744, Public, dated 5th October 1894, and the correspondence recorded in G.O., No. 1136, Public, dated 21st October 1896, the Government of India will be addressed in regard to the necessity for submitting to it separate sets of confidential reports.

LETTER—to the Secretary to the Government of India, Home Department (Medical), No. 681, Public, dated Ootacamund, 31st May 1897.

With reference to Lieutenant-Colonel Maitland's letter, No. 1924-A., Military, dated 11th July 1894, and the correspondence ending with Mr. Hill's letter, No. 23-Medl.—837, dated 29th September 1896, I am directed to inquire whether the different sets of confidential reports therein prescribed are absolutely necessary.

2. From paragraph 6 of Lieutenant-Colonel Maitland's letter quoted above and from his subsequent letter, No. 1910-A., Military, dated 18th June 1895, it appears that a summary of the confidential reports on Medical officers in civil employ should be drawn up by the Surgeon-General for transmission, through the Local Government, to the Government of India, Military Department; while the individual reports are, after completion by the Local Government, to be forwarded by the Surgeon-General to the Director-General, Indian Medical Service. In the absence of any special reasons therefor, His Excellency the Governor in Council is unable to see the necessity for this Government making the same remarks twice over, viz., once in the reports to the Director-General, Indian Medical Service, and again in the summary to be transmitted to the Military Department.

3. I am, therefore, to inquire whether it would not suffice if the summary is prepared by the Surgeon-General, after the remarks of the Local Government have been received, and forwarded by him direct to the Director-General, Indian Medical Service, with the separate reports. This course, if adopted, would, I am to observe, not only save considerable time and trouble, but also meet the wishes of the Government of India, whose original intention—*vide* paragraph 6 of Lieutenant-Colonel Maitland's letter, No. 1924-A., Military, dated 11th July 1894—would seem to have been that the *summaries* should be submitted to it by the Director-General, Indian Medical Service.

4. In the meanwhile, I am directed to submit, as required by the Government of India, Military Department, the summary received from the Surgeon-General, Madras, in column 5 of which the remarks of this Government have been entered. The separate reports received from that officer have been returned to him for transmission to the Director-General, Indian Medical Service.

In one of his reports he states "I have an impression that he ought to be stricter in insisting upon careful nursing: e.g. in dysentery that he ought to keep his patients more still. But of course I know nothing except empirically." Order W. 680 of 31st May 97
 A

H. E the Governor
 in Council considers
 it necessary that Collec-
 tors should continue
 to submit to Govt the
 Confd reports on
 Commissioned medl
 officers as directed
 in f.O. N^o. 330 Judd
 d/12.5.82 and para 2
 of f.O. N^o. 744 Pub d/5.10.94.
 They will, however, in
 future, confine their
 remarks to the medical
 discharge of ~~the medical officers~~
 their civil duties. It
 will further be impressed
 upon collectors that
 what Govt desires is
 their bona fide opinion
 in each case. The reports
 should therefore be
 submitted direct
 to Govt and ~~not~~

discharge by the Comm^d. Medical Officers
 of their districts

not be incumbent on
collectors to send
to the officers on
whose they report
copies of any unfavour-
able remarks they
may deem it neces-
sary to record. making

It is added that
if any such action seems
necessary, it will be taken
by Govt. BS

2. With reference to
para 1 of J.O. N° 744 Pub
d/5.10.94, and the
correspondence recorded
in J.O. 1136 Pub d/21.10.96,
the Govt of India will
be addressed in
regard to the necessity
for submitting to
it separate sets
of Confdl reports.

Letter to

The Govt of India

1 Medl/

Sir, With reference to
Lt Col Maitland's
letter.

To The Surgeon Genl with reports
" San'y Commr.

The Resdt in T. & C
Judd Dept
Dy Asst Genl all Madras Comd.

letter N° 1924 A d/11.7.94,
and the correspondence
ending with Mr Hills
letter N° 23 Medl/1887
d/29.9.96, I am directed
to enquire whether the
different sets of
Confdl reports therein
prescribed are ab-
solutely necessary.
From Lt Col Maitland's
letter quoted above
and from his subse-
quent letter N° 1910 A
Medl/ d/18.6.95, it appears
that a summary of the
Confdl reports on medl
officers in civil employ,
is required to be drawn
up by the Surgeon Genl
for transmission thro
the local Govt to the
Govt of India, Medl
Dept; while the individ-
ual reports are to be
forwarded by the Surgeon Genl to the
Director General, Indian
Medical Service. In the
absence of any special
reasons therefor, H.E. the
Governor in Council
is unable to see the

to me a King the same
summary twice over, viz
once in the reports to
the Director Genl, I. M. S.,
and again in the summary
for ^{the report submitted to} the Mily Dept.

3. I am therefore to
enquire whether it would
not suffice if the
summary is prepared
by the Surge Genl,
after the remarks
of the local foot
have been received,
and forwarded
by him direct to
the Director Genl, I. M. S.,
with the separate
reports. This course,
if adopted, would
save to observe,
not only save
considerable
time and trouble,
but also meet the
wishes of the
foot of India whose
original intention—
vide para 6 of Lt. Col
Macpherson's letter

10 1024 A Mtd 11/11/97

would seem to have
been that the summary
should be submitted
to it by the Director Genl,
I. M. S.

4. In the meanwhile
I am directed to sub-
mit as required by
~~the foot of India~~ ^{the foot of India} the
summary received
from the Surge Genl,
Madras, with the remarks
of this foot ^{have been} entered
in column 5 ^{of which} thereof.
The separate reports
received from that
officer have been
returned to him
for transmission
to the Director Genl, I. M. S.,
