INSTRUCTIONS.

We do hereby certify that according to the best of our professional

judgment, after a careful personal examination of the case, we consider

the health of M. S. S. L. Campbell

of the Indian Civil service to be such as to render

leave of absence to Europe for observation and treatment

for a period of at least one year absolutely necessary for

possible his recovery. as he is suffering from Epilepsy the

cause of which is at present obscure, the Surgeon

Major General having actually seen when receiving

from a British Epileptic Surgeon in Madras.

The Board has considered the case for the most Medical

Attendant may be handed over to the officer sealed

in the usual way. C. S. Thompson President.

Surgeon Major General. Insd.
Surgeon. Genl. with the Genl. of Madras
Surgeon Lieut Col H.D. Cooke Esq Members.

With the cognizance of the head of his office, or if he is himself the head of the office, of the head of his department: the applicant must present himself with 3 copies of the statement of his case in a cover sealed by his medical attendant at the seat of the Government where he is serving, or at such other place as may be appointed by that Government where a committee of medical officers can be assembled under the orders of the Surgeon-General. The board should see that the applicant fulfils these conditions.

Before deciding whether to grant or refuse the certificate the medical board may in a doubtful case, detain an applicant under professional observation during a period not exceeding fourteen days.

If it can be avoided, the medical attendant on a case should not be a member of the board which considers it, and under no circumstances can he sit as president. He should, however, be required to attend the board to furnish any information whenever his presence is considered necessary.

The medical board, after a careful examination of the officer, and consideration of the medical attendant's statement of the case, will record in the proceedings as follows:—

- (a) Whether change of climate in or out of India is necessary.
- (b) The period of absence recommended in or out of India, care being taken that leave in excess of the period to which the sick officer is entitled by regulations is not recommended.
- (c) In the case of an officer requiring furlough or leave of absence owing to illness caused directly by intemperance, the medical board, whilst recording their opinion, will confine their recommendation to the officer appearing periodically before fresh boards, or to the treatment of the case as one of discipline, whichever may be deemed necessary.

In urgent cases when a medical board considers it absolutely necessary that an officer recommended for change of air, either in or out of India, should proceed in anticipation of sanction, a recommendation to that effect should be made in the proceedings.

FOR ORDERS.

Mr. C. may have six months' leave. He will have to pass a medical B^d before he can leave England, and the B^d is pretty certain to keep him back for a year. He may spend his leave in India until the 25th June.

Mr. G. L. Campbell applies for six months' furlough on medical certificate from the 30th ~~ultimo~~ with the request that he may be permitted to spend ^{in India} it until the 25th instant. There is no objection to Mr. Campbell being granted a part of his leave in India (art 354-a²) but he will forfeit his subsidiary leave. On the analogy of art 398² C.S.R. Mr. Campbell's furlough ^{be held to} must apparently commence from the 29th May, the date on which he was examined by the Medical Board.

report on his case and the
next article requires a duplicate
copy to be sent to the Under-
Secretary of State. But as
Dr. Browning is of opinion
that Mr Campbell should
not see the report on his
