Hospital Assistants on Famine Duty—Charge Allowance.

Considering that when the Collector certifies that a hospital assistant on famine duty has to hire a conveyance for the performance of his daily duty, the latter's charge allowance should be raised from Rs. 10 to Rs. 20 *per mensem*; and stating that orders will issue accordingly in the Financial Department.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—again the following papers:—

G.O., No. 217, Financial, dated 8th March 1897.

ABSTRACT.—According sanction to the payment of a charge allowance of Rs. 10 to hospital assistants deputed for famine duty who are transferred from appointments in which they have received charge allowance.

G.O., No. 724, Public, dated 10th June 1897.

ABSTRACT.—Passing orders on the suggestions of the Surgeon-General in regard to the withdrawal of hospital assistants for famine duty from unimportant and minor dispensaries when necessary and to the offer of more liberal and uniform terms on certain scale to private hospital assistants for famine duty.

READ—also the following paper:—

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Camp, Ootacamund, 14th May 1897, No. T-2—23.

At the request of the District Medical and Sanitary Officer, Bellary, I have the honour to request that Government will be pleased to sanction horse or conveyance allowance to the medical subordinates employed on famine duty as given to the Public Works Department overseers.

2. The Collector in a communication to the District Medical and Sanitary Officer states that the medical subordinates on famine duty whenever they visit places which are not within a radius of five miles from their posts may draw the travelling allowance admissible to them under the Civil Service Regulations and inquired whether this will not be sufficient.

3. The District Medical and Sanitary Officer replied to him in the negative, and states that the dispensary is usually located in the centre of the work and the hospital assistant usually has about four miles either side—a total of sixteen miles, but as he has not been five miles from head-quarters gets nothing. He also states that Public Works Department subordinates get a horse allowance and medical subordinates cannot do their work properly on foot.

4. On the subject being referred to the Accountant-General that officer states that if the pay and allowances of the hospital assistants in question are being charged to Provincial funds, no horse or conveyance allowance can be granted without Government of India's sanction as per article 1181 of the Civil Service Regulations (*vide* copy of his letter enclosed). If, however, they are being paid from Local funds, Government can sanction a horse allowance if they wish.

5. On this letter being communicated to the District Medical and Sanitary Officer, Bellary, that officer requests that the sanction of the Government of India may be obtained through the Local Government.

6. Under these circumstances I request that Government will be pleased to obtain the sanction of the Government of India to the grant of a horse or conveyance allowance to the medical subordinates in question.

ENCLOSURE.

Copy of a letter from the Assistant Accountant-General and Inspector of Local Fund Accounts, to the Surgeon-General with the Government of Madras, dated 1st April 1897, No. L.F.D.—745.

With reference to your endorsement No. 649—3, dated the 5th March 1897, on letter No. 334, dated 22nd February 1897, from the District Medical and Sanitary Officer, Bellary, I have the honour to state that if the pay and allowances of the hospital assistant in question are being charged to Provincial funds, no horse or conveyance allowance can be granted without Government of India's sanction (*vide* article 1181 of the Civil Service Regulations). If, however, he is being paid from Local funds, Government can sanction a horse allowance, if they wish, or if they prefer, they may authorise the grant of a charge allowance of Rs. 10 on the analogy of that sanctioned in G.O., No. 2828 L., dated 5th December 1892.

2. The papers are herewith returned.

ORDER—No. 796, Public, dated 25th June 1897.

Under existing rules hospital assistants deputed for famine duty receive a charge allowance of Rs. 10 *per mensem*. The Government considers that where the Collector certifies that it is necessary for a medical subordinate to hire a conveyance in order to perform his daily duty, this allowance should be raised to Rs. 20 *per mensem*. Orders will issue accordingly in the Financial Department.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following paper :—

Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 10th February 1897, Mis. No. 984.

Read—the following letter from the Collector of Bellary, dated 6th February 1897, Ref. on Cur. No. 468 :—

I have the honour to state that the District Medical and Sanitary Officer relieved by junior men five medical subordinates in charge of dispensaries—two of 2nd class of Rs. 35 each and three of 3rd class on Rs. 25—and detailed them for famine duty. The latter now claim a charge allowance of Rs. 10 per mensem and urge that the Government has sanctioned a similar allowance* to hospital assistants employed on cholera duty. These men have been removed from their dispensary charge on the ground that experienced men are required for famine work, and they lose the Rs. 10, charge allowance, which they were drawing at the time of their transfer to famine duty. These subordinates undergo much exposure and have few comforts, and I request that the sanction of Government may be obtained to pay a charge allowance of Rs. 10 to hospital assistants employed on famine duty.

Resolution—dated 10th February 1897, Mis. No. 984.

Forwarded to the Surgeon-General to the Government of Madras for necessary action.

2. The Board considers that the Collector's recommendation should be approved.

No special rule has been made with regard to the grant of command or horse allowance to P. W. Subordinate on family duty. The grant follows the rule in article 1183 Civil Service Regulations, that is, the allowance given to all who have a large amount of travelling at or near head quarters. The amount is Rs 130 for an Upper Subordinate and Rs 150 for a Lower Subordinate that is the Governor. Sanctions are given by the Superintending Engineer. As that we do not know how many men draw the allowance
