JUNE.

Hospital Assistants.

Sanctioning the entertainment in Government service of certain — referred to by the Surgeon-General, as well as of any others who may hereafter offer their services, provided that they are fully qualified and otherwise suitable men and that their engagement does not increase the establishment to more than its sanctioned strength.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

Read—again the following papers:—

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 9th February 1895, No. 127.

* * * *

Paragraph 11.—It is most necessary that local bodies should inform the Surgeon-General at least a year before they wish to replace a Government hospital assistant by men engaged by themselves under G.O., No. 1966, Financial, dated 25th August 1884, to enable him to cease recruiting for the appointment; but, in my opinion, the more Government hospital assistants are employed, the better it is for Government as regards a war service and in order to obviate unduly moving about Government hospital assistants in peace time.

* * * *

G.O., Mis. No. 436, Public, dated 1st April 1896.

Read—the following letter from Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 7th March 1896, No. 187:—

With reference to G.O., Mis. No. 470 L., dated the 4th March 1893, I addressed the President, District Board, Nellore, with a view to enquire when he will be able to carry out the orders of Government regarding the employment of Government hospital assistants.

2. In reply, that officer informs me that the orders of Government will be given effect to as vacancies occur, but suggests that, if some of the eight reserve hospital assistants who have applied to join the Government service be so entertained, there will be openings for Government men in the district.

3. The employment in local service of men trained in Local fund schools is most disadvantageous, as they are not available for the requirements of the department when emergencies arise. With this view I would recommend that the eight hospital assistants referred to above, and any others who may be willing to join Government service, may be entertained as Government hospital assistants so as to increase the strength of Provincial reserve and lent for employment under local boards and municipalities.

4. I consider that the tendency to employ private and locally-trained hospital assistants by local bodies should, whenever possible, be minimised in view of Provincial requirements and the State responsibilities.

Endt. No. 356.

Transferred to the Public Department.

FORT ST. GEORGE,
19th March 1896.

(Signed) W. W. PHILLIPS,
Ag. Assistant Secretary.

Order—Mis. No. 436, Public, dated 1st April 1896.

The entertainment of the eight hospital assistants is sanctioned. The specific approval of Government should be obtained in each future similar case.

(True Extract.)

(Signed) J. F. PRICE,
Chief Secretary.

To the Surgeon-General.
" Local and Municipal Department.
" Accountant-General.

G.O., Mis. No. 545, Public, dated 12th May 1897.

Read—the following papers:—

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 28th January 1897, No. 54.

I have the honour to state that in September 1896 the District Medical and Sanitary Officer, Bellary, applied to this office, at the instance of the district board, to withdraw three senior Government hospital assistants employed in independent charges in the district to make room for an equal number of young Local fund hospital assistants who had passed out during the year.

2. In reply, his attention was drawn to paragraph 5 of G.O., No. 527, Public, dated the 25th June 1895, which distinctly rules that it is most undesirable to employ third-class hospital assistants in independent charge of even dispensaries if it can possibly be avoided.

3. With reference to this reply, I received a letter from the President, District Board, Bellary, stating that there are at present six Local fund hospital assistants in the district trained at a considerable expense to the board, three of whom are already employed in independent charge, and that, if they are not allowed to be employed in such capacity or provided for elsewhere, the board will be put to a heavy loss by not only paying its own men for doing nothing, but also by engaging Government hospital assistants in their stead.

4. In replying to this communication, I again impressed on the President the undesirability of placing such men in independent charges for which they are not fitted by their medical education, and suggested the advisability of their being given opportunities of acquiring experience in their profession by serving under the supervision of more highly-trained medical men.

5. The President, while agreeing in this view, considers that the poor state of the board's finances precludes the carrying out of my recommendation and proposes, as an alternative, that as many Local fund third-class hospital assistants as possible may be transferred to other districts.

6. This course is not feasible so long as the men remain Local fund hospital assistants, and even were it possible under present conditions to transfer them to other districts, I would not advise such a step, as their employment will be a source of inconvenience wherever they went.

7. In my opinion, therefore, the best solution of the difficulty would be to bring the six Local fund hospital assistants on the Government establishment and utilize them in other than independent capacities both in Bellary and elsewhere.

8. I may state that of the eight Nellore hospital assistants, sanctioned to be entertained in Government service in G.O., No. 436, Public, dated the 1st April 1896, only six joined the department, and at present the reserve establishment of hospital assistants is below strength by twelve, so that the transfer of the Bellary men to Government service is not likely to create any supernumeraries.

9. I consider it necessary that the training of private hospital assistants by local bodies should be discouraged as far as possible. Unless this is done, it will not be possible to increase the strength of Provincial reserve, and the department will in consequence be quite unable to bear the drain on it during war or other emergencies. At present, with a comparatively large reserve at my disposal, I am unable to meet in full the demands for extra medical aid from various districts for cholera duties, to which are now added those of famine. Under these circumstances, I trust that Government will be pleased to accord sanction to the proposal in paragraph 7 of this letter.

Endt. No. 173.

Transferred to the Public Department.

FORT ST. GEORGE,
16th February 1897.

(Signed) G. S. FORBES,
Secretary to Government.

Ref. No. 483, Public.

It should be stated whether the district board has any objection to the proposal in paragraph 7 of the Surgeon-General's letter.

23rd February 1897.

(Signed) J. F. PRICE,
Chief Secretary.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 17th April 1897, No. 236.

With reference to your memorandum, No. 483, Public, dated 23rd February 1897, I have the honour to state that the District Board of Bellary have expressed their approval of the proposal made in paragraph 7 of my letter, No. 54, of 28th January 1897, regarding the transfer of the six Local fund hospital assistants to the Government establishment and their employment in Bellary and elsewhere in other than independent capacities.

Order—Mis. No. 545, Public, dated 12th May 1897.

The Surgeon-General's proposal to bring the six Local fund hospital assistants on the Government establishment, and to utilize them in other than independent capacities, both in Bellary and elsewhere, is approved.

2. The question of the advisability of the training of private hospital assistants by local bodies will be considered when the question of medical education is finally dealt with.

(True Extract.)

(Signed) J. F. PRICE,
Chief Secretary.

To the Surgeon-General.

READ—also the following papers:—

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Camp, Ootacamund, 14th May 1897, No. Tour-2—24.

In continuation of my letters quoted in the margin, I have the honour to forward the enclosed copy of a letter from the President, District Board, Bellary, and to recommend, with reference to paragraphs 7 and 9 of my letter, No. 54, dated 28th

January 1897, that the four Bellary Local fund students now under training at the Medical College may be brought on the Government list, so as to increase the strength of the Provincial reserve.

2. Two of these students will pass out this year and the other two next year, so that the expense to Government in the matter of their stipends will be very small.

ENCLOSURE.

COPY of a letter from the Collector and President, District Board, Bellary, to the Surgeon-General with the Government of Madras, No. C. R. 1365, dated 22nd April 1897.

With reference to your letter, No. 2064, dated 17th April 1897, I have the honour to state that four students are now undergoing training at the Medical College, two of them will return this year and the other two next year. What the district board wishes to be informed is whether, with reference to your remark that the training of private hospital assistants by local bodies should be discouraged as far as possible, the Government will undertake to pay their stipends from Provincial funds for the remaining period of their course and take them on the Provincial list as soon as they pass out.

Endt. No. 638.

Transferred to the Public Department, in continuation of Government endorsement, No. 173, dated 16th February 1897.

FORT ST. GEORGE,
3rd June 1897.

(Signed) G. S. FORBES,
Secretary to Government.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Ootacamund, 8th June 1897, No. T.-2—91.

I have the honour to forward, for the orders of Government, the accompanying application from a Local fund hospital assistant employed in the Gódávári district to be permitted to join the Subordinate Civil Medical Department.

2. I have ascertained from the District Medical and Sanitary Officer, Gódávári, that the hospital assistant bears a very good character and that the President, District Board, has no objection to his entering Government service.

3. In my letter, No. 54, dated 28th January 1897, to Government in the Local and Municipal Department, disposed of in G.O., No. 545, Public, dated 12th May 1897, I have brought to the notice of Government the desirability of increasing the strength of Provincial reserve, and this can only be done by bringing on the Government establishment those Local fund hospital assistants who hold permanent appointments in districts and who are willing to join Government service.

4. As this hospital assistant is willing to enter Government service and as the number of Muhammadan hospital assistants in the department is much below its requirements, I recommend his application for the favourable consideration and sanction of Government.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Ootacamund, 14th June 1897, No. Tour-2—109.

In continuation of my letter, No. T-2—91, dated the 8th instant, I have the honour to submit the accompanying application from private hospital assistant P. F. Noronha for an appointment in the Subordinate Medical Department.

2. He has produced usual certificate of physical fitness for the public service and is prepared to execute the necessary agreement.

3. The employment of such candidates will not only increase the Provincial reserve, but will also result in a saving to Government, as a corresponding reduction will be made in the number of candidates recruited each year who are educated at Government expense.

4. In this connection, I would invite the attention of Government to paragraph 11 of my letter, No. 127, dated 9th February 1895, and request that, in order to meet departmental requirements, I may be permitted in future to entertain hospital assistants who have been educated at their own expense and who are willing to join Government service.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Ootacamund, 22nd June 1897, No. T-2—126.

In continuation of my letters noted in the margin, I have the honour to forward the accompanying application from Local fund hospital assistant S. Subbaroya Pillai for the favourable consideration of Government.

No. T-2—91, dated 8th June 1897.
" T-2—109 " 14th " "

ORDER—No. 831, Public, dated 30th June 1897.

The entertainment of the hospital assistants above referred to, as well as of any others who may hereafter offer their services, is sanctioned, provided that they are fully qualified and otherwise suitable men and that their engagement does not increase the establishment to more than its sanctioned strength.

Sir

I beg to state that I am now
employed as a Local Fund Hospital
Assistant in the District Board
Godavry & I have 6 years Service
in the Department but I am great
desirous of entering into the Government
Service.

Last year some of the
Local Fund Hospital Assistant

from ~~Nations~~ were entertained as
Government Hospital Assistants,
and it now appears that some of
the Local Fund Hospital Assistants
under the District Board of Bellary
are to be similarly entertained.

I therefore humbly request you
will be good enough to take me
also into the Government Service.
For which act of kindness I
shall as in duty bound ever pray.

I beg to remain,

Sir

The Secretary, Hongkong General,
with the Government of Madras,
Madras, 1858

 Humble petition of Mangalore
 Municipal Hospital Assistant,
 P. F. Noronha, dated the 28th
 5th April 1897.

Most respectfully sheweth,
That your petitioner
has been serving as an hospital as-
sistant from June 1893 under the
Hon. Municipal Council. That peti-
tioner having undergone a pre-collegiate
course of one year on a monthly stipend
of rupees seven, and a collegiate course
of three years at the Madras Medical
College on a monthly stipend of rupees nine,
passed the hospital assistant's test in
Madras in June 1893, having obtained
a first class diploma.

That after his col-
-legiate^{career}, petitioner having been engaged
by the Mangalore Municipal Council,
was put in charge of the Municipal
Branch Dispensary at Balar in Mangalore
for a period of two and half years, thence
he was put in charge of the Local Fund
Dispensary, Belthangady in South
Canara for two months and during
the remaining period of his service in
this District, he worked at the Muni-
-cipal Hospital at Mangalore.

A branch dispensary
having been opened in Polar in
Nangal.

Through the District Medical
and Sanitary Officer, South Canara.
Report No. 1624/3

Hospital Assistant P. F. Noronha

Please submit a certificate of
your physical fitness and age for the
public service from a Commissioned
Medical Officer and state if in the event
of your being embarked you are prepared
to execute the necessary agreement to
serve Government for a period of 3 years.

I be returned with your reply.

SUBJECT.

Proposal to bring four Biliary Local
 Fund Medical students on the Govern-
 ment List. *OC*

FOR ORDERS.

A

G.O. 545, Public, dated 12th
 May 1897 accorded sanction to the pro-
 posal of the Surgeon-General "to bring
 the six Local Fund Hospital Assistants
 (in Biliary) on the Govt. establishment
 and to utilize them in other than in-
 dependent capacities both in Biliary
 and elsewhere."

*B

In para. 9 of his letter read
 in that G.O., the Surgeon-General
 stated as his opinion that unless the
 training of private Hospital Assistants
 by Local Bodies was discouraged as far
 as possible it would not be possible
 to increase the strength of provincial
 hospitals and that the Department would
 in consequence be quite unable to bear
 the drain on it during war or other
 emergencies. The President, District
 Board, Biliary, now suggests that
 Govt. should take over and pay from
 Provincial funds the stipend of four
 students sent by the District Board

vide quod to et.

to

to the Medical College, employing them in the provincial service when they pass out.

The Surgeon-General forwards this letter, apparently approving of the proposal as it will increase the reserve of Hospital Assistants. He points out that as two of the students will pass out this year, and the remaining two next year, the cost to Govt. of their stipends would be small.

The suggestion of the District Board is, it is submitted, not quite so disinterested as it at first sight appears. Having found some difficulty in disposing of some of their trained 3rd class Hospital Assistants, the Board now wishes to get rid of its students, and apparently abandon private training.

In favour of the proposal is the fact that the transfer of the four students will eventually increase by four the number of posts under Local Boards available for Govt. Hospital Assts., and so increase the reserve. On the other hand, the District Board having undertaken to pay the stipends should perhaps do so. The Surgeon-General may, it is submitted, take the students on the provincial list as soon as they pass out of the College, their training being completed at the expense of the District Board. For Govt. to relieve the Board of the responsibility, which it has undertaken, would, it is submitted, form a bad precedent.

* he "recommends" the proposal, vide para after E

C.Nos. 2138 & 2197

C.No. 2138 F

The Surgeon General forwards an application from Local Fund Hospital Asst. Muhammad Abdul Rahman, employed in the Godavari District, asking to be permitted to join the subordinate Civil Medical Dept. The Dt. Medical and Sanitary Officer, Godavari, reports that the Hospital Asst. bears a good character and ^{that} the President, District Board, has no objection to his entering the Govt. service, provided certain conditions, to which the Hospital Asst. has assented and complied with.

The S.G. refers to his letter No. 54, d/ 28th Jan. 1897 recorded in G.O.No. 545 Pub., d/ 12th May 1897, in which he pointed out that the only way of increasing the provincial reserve was by bringing on the Govt. establishment local fund Hospital Assts. ^{who} to hold permanent appointments in districts, and who are willing to join the Govt. service. He adds that the number of Muhammadan Hospital Assts. in the dept. is much below its requirements, and therefore recommends the application for favourable consideration of Govt.

This man has not produced a medical certificate of fitness for the public service

P.T.O.

MR. 15/6/57

P.T.O.

C.No.2197

A similar application from private Hospital Asst. P.F.Noronha is also forwarded by the S.G., who remarks that the employment of such candidates will not only increase the Provincial reserve, but also result in a saving to Govt., as a corresponding reduction will be made in the number of candidates recruited each year who are educated at Govt. expense. The applicant has produced the usual certificate of physical fitness for public service and is prepared to execute the necessary agreement. It will be seen from the enclosures to the current that his services ~~have~~ ^{were} ~~been~~ dispensed with, from the 1st of April last, by the Mangalore Municipality, on the abolition of the branch dispensary at Polar.

In connection with this application the S.G. invites attention to para 11 of his letter No.127, d/ 9th Feb. 1895, in the "lie over" file put up, where he expressed the opinion that "the more ~~the~~ Govt. Hospital Assts. are employed, the better it is for Govt. as regards a war service". He asks that in order to meet departmental requirements he may be permitted in future to entertain Hospital Assts. who have been educated at their own expense and are willing to join Govt. service. With reference to this proposal attention is solicited

P

solicited to the notes flagged G in G.O. No.436 Pub., d/ 1st April 1896. In that order the S.G. was told that the specific approval of Govt. should be obtained in each case.

The aspect of affairs has, however, changed somewhat since the passing of that order.

This man handed out with a C.W. 1st Class certificate & 4 years' 18/6/97 mented by the Dist. Secy. & Sanitary Officer.

As regards the proposal of the Bellary Board the Govt. would ^{not} have to pay much and as it is hard up for money just now the M. Am. might be taken over Govt. undertaking to pay their stipends on the understanding that doing so would set form a precedent.

24/6/97

The S.G. may take the man over, and after take down the man if any offer, provided that they are fully qualified & other wise suitable man, & that this engagement will bring in little to more than sanctioned strength.

This is hardly necessary to say, I think so
