To

The Chief Secretary to the Govt. of Madras.

Home Department.

(Sanitary)

Calcutta, the 22nd January 1897.

Sir,

I am directed to request that, with the permission of His Excellency the Governor in Council, the Government of India may be informed by telegram of any cases of bubonic plague which may be reported in the Madras Presidency. It should if possible be stated in the report whether the cases are fatal, whether they are imported from Bombay or any other infected place or whether they are of local origin; also whether they are discovered in the course of the medical examination of passengers at railway stations.

I have the honour to be,

Sir,

Your most obedient Servant,

R. Nathan

Offg. Under Secretary to the Government of India.

ORDER

Notes

The arrangements existing at present for the inspection of passengers arriving from Bombay are as follows:--

1. All down trains are inspected at Raichur by the Railway apothecary. At first this was done under orders from the railway authorities; but now, the apothecary has been instructed to place himself in communication with the Sanitary Commissioner on the subject.

2. At Perambore a qualified San'y. Inspector has, since October last, inspected all trains from Bombay; the addresses of all passengers from Bombay are taken.

taken and they are watched for 10 days.

3. A G.O. issued last week, No. 1112, 19-1-97 requests the Chairman of all Municipal Councils on the line of railway to have their Sanitary inspectors standing near the railway ticket collectors and that the names and probable addresses of all passengers who could possibly have arrived from Bombay or Hyderabad territory should be taken and that, as in Madras, they should be watched for 10 days. The Sanf Com^r states that though arrangements to this effect may seem troublesome they can be made to work and that they work without much difficulty in Madras.

Besides these measures for the prevention of the importation of the plague the Sanf Com^r has made arrangements to receive information by wire should the plague break out in any part of the Presidency.
