G.O., No. 90, 2nd February 1897.

FEBRUARY.

Medical Establishment for the East Coast Railway.

Communicating to the Surgeon-General the sanction of the Government of India to a scale of — and requesting him to report if the services of a Military Assistant Surgeon, 1st class, on Rs. 300 per mensem, can be secured for the charge of the railway.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper :—

From G. H. D. WALKER, Esq., Under Secretary to the Government of India, Public Works Department (General), to the Joint Secretary to the Government of Madras, Public Works Department (Railway Branch), dated Calcutta, the 6th January 1897, No. G. 32.

With reference to your letter, No. 947, Public, dated 2nd September 1896, I am directed to communicate the sanction of the Government of India to the scale of Medical establishment for the East Coast Railway as detailed in the accompanying schedule.

2. As regards the medical officer to whom it is not considered necessary or advisable to give the title of Chief Medical Officer, I am to state that the Government of India see no grounds for raising his pay from Rs. 300 rising to Rs. 400 as proposed. It is considered that a Military Assistant Surgeon, 1st class, should be appointed to the charge of the railway; and that Rs. 300 per mensem will be sufficient for him, *i.e.*, Rs. 200 per mensem pay of grade and Rs. 100 per mensem charge allowance. If the Government of Madras cannot provide an officer to fill the post, a reference should be made to this Government which will probably be in a position to do so.

3. It is considered that the whole of the Medical establishment herein sanctioned, including that for the Bashkool to Puri section and the Puri branch which lie within the jurisdiction of the Bengal Government, should be under the Madras Medical department.

4. With reference to paragraph 6 of your letter, No. 586, Public, dated 11th July 1895, referred to in paragraph 4 of your letter under reply, I am to state that the medical arrangements should be worked under the Madras Government, *i.e.*, the Surgeon-General, Madras, who will be able to fill vacancies among the medical subordinates as they occur. These subordinates should, therefore, be on the Madras official list. The returns from the hospitals may be included in the annual report on civil hospitals and dispensaries.

ENCLOSURE.

SCALE of Medical Establishment for the East Coast Railway.
