NOTE FOR THE CHIEF SECRETARY.

current no. 1286.

With reference to your note dated 19th inst. I submit herewith the reply from C.A. (P.W.D.) to my reference. It does not help in any way.

2. The file ^(now put up) re Hosp. Dept. was received by me to-day hence the delay. Please see your note & H. M.'s remark. It is on G.O. no. 963 d. 17.7. The P.W.D. have not yet replied to that G.O.

3. Govt. having approved of a standard estimate for Hosp. Dept. costing Rs. 830, exclusive of compensation for land, it is submitted that the plan estimate in the present current, involving a cost of Rs. 2950 cannot be accepted. The O.M. to the S.G. might be modified thus:-

" In G.O. no. 963 d. 17.7.27 Public, an estimate costing Rs. 830. Exclusive of compensation for land for the same.

P. b. h. Dept

g.O. Since its standard plan
the scale provided for in
it estimate. The plan
and estimate amounting
to Rs 2950 ~~submitted for the~~
~~for the Gumpur Hosp.~~

Government of Madras.
PUBLIC WORKS DEPARTMENT.

MEMORANDUM.

Dated Madras, 10 February 1897.

With reference to G.O.No:1274 Public dated 4th Decem-
ber 1896, and endorsement No:148 dated 20th January 1897, rela-
tive to the proposed Hospital Assistant's quarters at Palam-
cottah, the undersigned has the honour to state that a reduc-
tion of only Rs.220 can be effected in the estimate of Rs.2320
submitted by the Superintending Engineer, and this only
by the use of inferior materials, which the Chief Engineer does
not advocate. In these circumstances it seems advisable to
sanction the estimate as originally prepared, if the type
design is to be adhered to.

2. In this connection, attention is invited to Public Works
Memo:No:416 C dated 22nd January 1897, regarding the Hospital
Assistant's quarters at Coimbatore, to which a reply is awaited.
On looking through the type design again, however, the Chief
Engineer is unable to suggest any reduction of the small
accommodation provided, and it seems desirable to reconsider
the whole question of the scale of quarters to be provided
for Hospital Assistants.

SUBJECT.

Submitting for sanction
a revised plan and estimate
for a simple building for
the use of the Hospital Assistant-
at Bhadrachellam

10.3.1. No. 27 dated 3/10-1-37 This estimate was returned to the P.W.D. to be still further amended by the omission of the following items:-

- (i) Asphalt damp course
- (ii) Iron bars and frames to windows
- (iii) Ventilators
- (iv) Pointing
- (v) Buckets,

and by the following alterations viz.,
(a) the height of the walls and verandah pillars to be reduced by 18 inches.

(b) Vengai or Venteah to be used throughout

(c) Venetian doors and windows to be omitted.

(d) Khat flooring only to be provided, except in the latrine, and the plastering to be with mud.

In current No. 1033 Pub., the P.W.D. returns the estimate revised accordingly, at the same time calling attention to the notes of the Chief Engineer dated 1-37 and 10-2-37 in which he deprecated the use of inferior materials and suggested that the original estimate should be sanctioned on the whole scale of Rs. 2000. With its endorsement No. 1243 dated 3/1-4-37 (Current No. 1523)

the P.W.D. returned the estimate, at the same time calling attention to the notes of the Chief Engineer, 3/3-1-37 and 10-2-37 in which he deprecated the use of inferior materials. The cost according to this estimate was Rs. 2000.

M's instructions given in G.O. No. 27

and suggested that the original estimate should be sanctioned on the whole scale of Rs. 2000 revised.

There is not much difference between the two estimates but the latter is very doubtful whether the plastering of the walls done by the hand labor will be as well as the plastering.

4/10-1-37 not having been fully carried out, the estimate was again returned to the P.W.D. with office note No. 203 dated 10-1-37. The P.W.D. now submits two estimates one for Rs. 1775 and the other for Rs. 1810. The former provides mud plastering and white washing for both interior and exterior walls: The latter provides two coats of chunam for exterior walls. The higher estimate is recommended by the Consulting Architect on the ground that the plastering and plastering will not stand rain. The estimate as it at present stands fulfils all the conditions required by the P.W.D. and is probably the lowest that can be expected from the P.W.D.

While the standard plan and estimate have thus been under revision, estimates, following the same plan, have been collected for quarters for Hospital Assistants at the following places:-

- (a) Coimbatore (Cur. No. 5573)
- (b) Palanpottah (G.O. No. 1274 dated 1/4-2-36)
- (c) Gurnool (Cur. No. 1318)
- (d) Soler (Cur. No. 2172)
- (e) Bellary (Cur. No. 2035)
- (f) Bhadrachalam (Cur. No. 1417)

(a) The estimate for Coimbatore, including the cost of acquiring the site, (Rs. 1000), demolishing old buildings (Rs. 100) and building a compound wall (Rs. 400) amounted to Rs. 1400. This was referred to the P.W.D. for reductions, in the light of the remarks made by the Chief Engineer, dated 17-1-37, and the P.W.D. has now submitted a revised estimate for Rs. 4250.

ing alone was reduced to L. 2230,
97 returned with P.V.D. memorandum
P.V.D. G, d/10-1-97 with a note from
the Chief Engineer saying that he did not

(1)rove of the reductions, as he con-
sidered that they would involve greater
outlay on repairs. It was ordered that
this current should lie over pending the
decision ^{as to} the standard estimate.

(b) With its memo No. 3034 d/10-11-96,
the P.V.D. forwarded estimates for
Hospital Assistants' quarters at Palam-
cottah amounting to L. 2230. The estimate
had been already sanctioned by the
Superintending Engineer. Certain pos-
sible reductions were pointed out in
G.O. No. 1274 Pub., d/4-12-96. In reply
the Secretary P.V.D. said that the at-
most reduction possible would be L. 220,
and that only by the use of inferior
materials which he did not recommend.
This estimate was sent again to the
P.V.D. for revision with the standard
estimate: it has not been returned.

(c) An estimate based on the standard
plan has been sent in by the I.C. of
Police, for quarters for the Assistant
in charge of the Police Hospital,
Murnool. The estimate amounts to L. 2700.
It provides for the coursed rubble in
mortar walls, teak woodwork, common
plaster, pointing, venetian and panel
doors, and venetian windows, ventilators
and other items already cut out of the
standard estimate.

just before A,

A,

nd G'

C

Current No. 1315

(1)

3360
-1430
2230

(d) An estimate amounting to L. 2900
quarters for the Hospital assistant
attached to the Police Hospital at Sale
submitted by the Surgeon General in Ma-
1896 (Sur. No. 2172) and was returned
the P.V.D. in order that the estimate
might be reduced to a sum more suitable
to the position in life of an Hospital
assistant. It was specially directed that
~~bottom~~ ^{batten} doors should be substituted for
venetians. (O.M. No. 1623 d/13-8-96). This
has, after a lapse of nearly eight months,
been returned, reduced to L. 2230 by the
substitution of west coast wood in place
of teak for doors, windows and scantlings
and of concrete for Cuddapah slabs in the
floor. This may, the P.V.D. says, be
further reduced to L. 2230 if ~~bottom~~ ^{batten}
doors are substituted for venetians and
the cement plaster for the floor is
omitted. The first of these reductions
was, it is to be remembered, specifically
ordered.

(e) The Bellary estimate, submitted by
the S.G. on May 4, 1897 amounts to L. 3700.
This includes all the items to which ob-
jection has been taken in the ~~higher~~ ^{the} esti-
mates such as teakwood throughout, Cud-
dapah slabs, venetians &c. and a pinewood
ceiling which is new.

(f) In his letter No. 286 d/10-4-96, the
S.G. submitted an estimate for L. 2800
for quarters for the Hospital assistant
at Bhadrachellam - and remarked that the
cost seemed to be very high. The P.

just before E
ie., G.O. 639 of 96

Estimated amount to only Rs. 110. The Agent refused to pass the estimate - directed that the Agent should estimate for a "simple building such as the residents of the place inhabit". The Agent now (C.No. 1417) submits an estimate for Rs. 370 (of which Rs. 40 is compensation for land) for a building on the lines of the standard plan, with gravel foundation, basement of rough stone in clay, mud walls, gravel floors plastered with mud, and white washed, tiled roof, and doors and windows of jungle wood. This estimate therefore amounts only to about one half of the lowest sum arrived at by the P.W.D., viz. Rs. 1776.

orders are solicited as to whether the standard estimate is to be adopted or whether, in view of the great difference between the P.W.D. estimate and that of the Godavari Agent, the latter may be sent to the P.W.D. with a request that they will examine it and say if there are any professional objections to be taken to it. If there are not it will be a question whether the P.W.D. should be asked to frame an estimate for a building of the same kind as that at Bhadrachellam, or whether, if they cannot do so, their agency must not be given up in these cases, the Godavari Agent's plan and estimate being accepted as a standard to be carried out departmentally by the Police Dept. or by the Local

E G.O. 639 of

F

This is quite as good as a man in a shop. As this is a life or death for himself & I can't say for sure. I think the P.W.D. should not be asked to do this. I think the P.W.D. should not be asked to do this. I think the P.W.D. should not be asked to do this. 12/7/97

It may be sent but there can be no question about that. The P.W.D. will have to look into it and draw the whole thing up. However, saying that the building estimated by the Agent Godavari is not only half as long as the building which the P.W.D. writes for, but also in replacing it would not cost as much as that which the P.W.D. has to build. It is to build places for anything and everything without one thing or another. The nature of the country are accustomed to and would be content with if that Dept. would only
