P.S.
The proposal in para. 9 of the **CURRENT No. 477/4711**
that all Local Bds (including all
Tahsil Bds) a Municipality should have
copies, seems unnecessary. The G.O.s concerning
these orders are communicated to G.O.M. & would it
not suffice if each District Bd. had a copy
for reference? This would largely reduce the no. required.

From

SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

To

THE HON'BLE THE CHIEF SECRETARY TO GOVERNMENT,

Public Department.

SIR,

The final revise of the New Civil Medical Code having been received from the Press and forwarded to you for the approval of Government, I have now the honor to submit proposals regarding its distribution, so that the Superintendent of Government Press may be informed of the number of copies to be printed by him.

3. I am of opinion that every Medical Officer and subordinate employed in the Civil Department should provide himself with a copy of the Code at his own expense. Should Government approve of this proposal it will be necessary to print 670 more copies. I make this suggestion as all medical subordinates in Civil employ are required

required to pass among other subjects in the medical regulations to qualify for septennial promotion.

Is this necessary?

4. I would also suggest that all Local Boards and Municipalities may be instructed to supply their Medical Institution with a copy of the Code on payment. This will necessitate the printing of a further number of 433 copies - or altogether,

- | | |
|---|-----|
| (1) Free supply | 90 |
| (2) On payment to Medical Officers and Subordinates | 670 |
| (3) On payment to Municipal and Local Fund Institutions | 433 |

Total 1193

5. Should Government approve of the above proposals, the Superintendent Government Press may be directed to print 1200 copies, to fix the cost per copy and also to print correction slips which may be sent to him from time to time by this office and issue them on payment in the case of numbers 2 and 3. On receipt of Government orders the necessary departmental instructions will be issued.

I have the honor to be,

Sir,

Your most obedient servant,

C. S. M. S. P.

Major J.

NOTE FOR THE CHIEF SECRETARY.

The distribution of the old code was left by foot to the Surgeon Genl, then Inspector Genl, Indian Medical Dept, vide G.O. No 1262 dtdy 2.5.1870

From the correspondence read in G.O. 1459 dtdy 19-4-69 it appears that five hundred copies of the 1856 Edition were struck off, of which number 350 for distribution to Hospitals, & the remainder was "disposed of by the Supdt of the Madras Asylum Press". The price of that Edition was Rs 3/4 per copy for Govt, and Rs 5/8 for individuals.

In para 6 of Surgeon Cornish's letter dtdy 3.6.69 ~~that~~ he computed that ~~the~~ 600 copies of the 1870 Edition would be required

S. A.

The Code has still to be examined in this regard with reference to the mistakes pointed out before. orders on the distribution can be passed when this is done.
