Office of Sanitary Commissioner,  
Fort St. George, 8<sup>th</sup> Decem<sup>r</sup> 1897.

No. 2525  
S

*Recd 9*

From

Surgeon-Lieut.-Col. W. G. King, M.B., C.M., D.P.H.,

Sanitary Commissioner for Madras,

To

The Secretary to Government,

Public Department,

Fort St. George.

Sir,

With reference to G.O. No. 1573 dated 29th. November 1897, Public, I have the honor to state that the two attendants are required for such purposes as maintaining heat by various means, the less refined process of chopping meat and making broths and agar-agar, procuring blood serums and other media for cultivation. They would also be required for the rough cleansing of various glass instruments, procuring, manipulating, feeding, and observation of animals intended for inoculation and the like. There is further a considerable number of glass instruments that demand care, and arrangement for laboratory purposes. As work may be conducted at night as well as day and as there are two officers that may be engaged on work, it is desirable that two attendants be available. Again it takes some time for men to learn the various duties required, and illness or other cause of absence on the part of one attendant might lead not only to inconvenience but loss of weeks of patient labour from absence of the required knowledge by an untrained hand.

I have the honor to be,  
Sir,  
Your most obedient servant,

*W. G. King*

Surgeon Lieut.-Colonel  
Sanitary Commissioner for Madras.
