No. 242 W., 31st JANUARY 1898.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers :—

From H. A. MOSS, Esq., General Superintendent, Public Works Stores Division, Madras, to the Examiner, Public Works Accounts, dated 14th January 1898, No. 78 S.

I have the honour to submit, for submission to Government, a special indent No. 17 of 1897-98, in triplicate for revolving drums required from England for the Consulting Architect Division.

From the Examiner, Public Works Accounts, dated 15th January 1898, No. 115 B/B.

No. 322 C.

In the Government order on the revised estimates for the observatory buildings, the Government Astronomer's opinion is asked on a suggestion made by you that only one of the revolving drums should be obtained from England, and that the other two should be copied from the first out here. Please say whether this indent may await Mr. Michie Smith's reply on the subject.

19th January 1898.

(Signed) W. B. DEWINTON,
Ag. Secretary to Govt.

From G. S. T. HARRIS, Esq., Consulting Architect to Government, to the Secretary to Government, Public Works Department, dated 20th January 1898, No. 2631.

I have spoken to Mr. Michie Smith about this, and I understood from him that he did not consider that the drums could be made here. Moreover, I believe they are patented. Mr. Smith has written to Sir Howard Grubb detailing his requirements. I would have liked the indent to have gone this mail. Mr. Michie Smith will not probably be back till the end of the month ; but I fancy his wish is to have all made in Dublin.

ORDER—No. 242 W., dated 31st January 1898.

The indent will be forwarded to the Home Government for early compliance.
