It may be better to move the

As cholera has broken out at Belandorai and in the neighbourhood and already 12 cases have proved fatal, the coolies employed on the work have already dispersed, and it is not possible to induce them to return if proper medical aid cannot be made available. I have, therefore, the honour to request that you will please arrange to get the services of a hospital assistant for Belandorai and Ghatiafope ancient works for a period of about three months.
