INSPECTOR-GENERAL OF POLICE,

To

SIR,

Fort St George,

Pro. the Surgeon General with the
Government of Madras.

ENCLOSURES.

I have the honor, with reference to G.O.

No. 534 A Mis. Public, dated 8 May 1894, to
submit a fresh plan and estimate for
a Police ward to contain 8 beds at a
cost of Rs 2945.

2. This estimate has been drawn up by
the Sanitary Engineer and approved by
the Surgeon General. The plans and
estimates originally drawn up by the
Sanitary Engineer on the instructions
given in the above G.O. were disapproved
of by the Surgeon General, who was of
opinion that a building constructed on

those

sent separately

Ms. 272 of 878
Those lines would be condemned by every
sanitary expert, who inspected it.
The idea of the building of which the
design is now submitted is to provide
impervious flooring, good verandahs
and ample cubic space for every
patient. The expense of construction
is reduced by ^{the adoption of} light cheap walls. The
building seems to me suitable for
its purpose and I venture to submit
the design for the sanction of Govern-
ment. If sanctioned, the Police
wards at Cambam and Vandyal
will be built on the lines of this
standard design.

I have the honor to be,

Sir,

Your most obed^t. Serv^t.

Standard plan for Police Hospital
Wards.

FOR ORDERS.

Attention is solicited to notes & orders in G.O.No.534 A d/8-5-97. In that order the Govt. declined to sanction the standard plan for Police Hospital Wards drawn up by the Sany. Engineer, on the ground that they were far too elaborate and much too costly, and issued instructions for the preparation of a revised plan with a view to lessening the cost in every possible way. With C.No.509 the I.G. of Police submits for sanction a revised plan drawn up by the Sany. Engineer and approved by the Surg-Genl. for a Police Ward, to consist of 8 beds, at a cost of Rs.2975. "The idea of the building of which the design is now submitted", says the I.G., "is to provide impervious flooring, good verandahs and ample cubic space for every patient", - the plans and estimates originally drawn up by the Sany. Engr. in accordance with the instructions in the G.O. quoted above ~~have been~~ ^{were}

disapproved

+ I think we may
accept it.*

disapproved by the Surg. Genl. who "was of opinion that a building constructed on those lines would be condemned by every sanitary expert who inspected it". For this assertion of the Surg. Genl. no reasons have been advanced and it is perhaps unnecessary to enquire into ~~them~~ ^{them}.

The estimate of Rs. 2,975 now submitted is, it is thought, a moderate one and may perhaps be approved. It may be noted that the estimates for Cumbam and Nandyal submitted by ^{the} I.G. amounted roughly to as much as Rs. 7,200 for 10 beds & Rs. 6,500 for 8 beds respectively.

2. With reference to H.M.'s notes flagged Q & A² in G.O.No. 534 A, d/ 8-5-97 and marked with red lead attention is solicited to P.W.G.O.No. 3503 d/ 7-12-96 and the notes filed therein which bear out H.M.'s remarks about Mangalore tile roofs. It may be noted that the Mangalore tile roofs have been provided for in the estimate now submitted for sanction. X

The revised plan shows

- B
- (1) less space (32X18 as against 42X22)
 - (2) narrow verandahs (7'-6" instead of 9')
 - (3) lower walls (lowered to eleven feet as directed)
 - (4) no drain
 - (5) reduction in the number of windows but
 - (6) verandahs have been provided all round.

(7) the superstructure remains of brick ~~and~~ ⁱⁿ chunam.

(8) earth floor has not been provided.

Cook-rooms have been omitted but the

Ag.

Ag. I.G. and the Surg. Genl. agree that no cook room is required. (Cur. No. 1574) ~~yet~~ The Surg. Genl. is said to have approved the previous plans which contained provision for a cook room (vide Mr. Jones' letter at Q in ~~and~~ G.O.No. 534 A. Pub. d/ 8-5-97.)
