Public Works Department.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following:-

From the Medical Storekeeper to Government, Madras Command, No. 11/533, dated 18th May 1898:-

I have the honour to state that the ceiling of the bottle room is collapsing possibly owing to the weight of the new roof and I would request the favour of very early orders on the subject.

In order to avoid as far as may be further damage the Consulting Architect has this day been addressed and I trust that my action will meet with approval.

In this connection I would beg leave to invite attention to this office No. 12/1856 of 25th January 1898 and to suggest that the opportunity be taken to erect the dwarf walls therein referred to, while the present damage is being made good.

Endorsement in the Public Department, No. 1180 dated 21st May 1898.

Order thereon:- 1355 W 27-5-98

Communicated to the Consulting Architect who will report when the new roof to the bottle room in the Medical stores was put up, and what led to its collapsing. Arrangements should be made at once to put the roof in a safe condition.

2. With reference to the concluding para of the Medical Storekeeper's

Storekeeper's letter, it is observed that orders have already been issued to the effect that the dwarf walls should be constructed from Imperial funds.
