decided.?

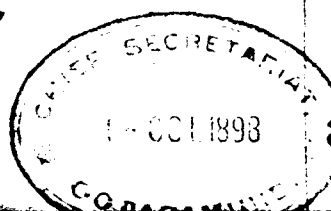

From 'the' above it appears
that the telegram now
under consideration should, as
far as its relation to Commons?
appear to depend of a Public.
The S.B. opinion regarding the
Person Doctor & the returned
apothecary may also be
conveniently obtained by
Public, altho' as mentioned
above it is not necessary
that Govt should at present
interfere with regard to
apothecaries.

The question of the employment
of nurses will depend upon
the reply of L & M to the
query above.

At
29.9.98 to the S.B. will in
fact provide the answer

whether they are to be in London
it will seem better to have that
matter also under Public.
