PUBLIC DEPARTMENT.

READ—again the following paper :—

G.O., No. 75, Public, dated 11th January 1898.

ABSTRACT.—Communicating to all heads of departments under the Public department, Proceedings, Pension department, forwarding a set of rules for the record of the finger prints of Government servants and pensioners and for the utilization thereof.

ORDER—No. 1267, Public, dated 13th October 1898.

The Government regrets that, owing to a mistake, the Deputy Adjutant-General, Madras Command, was included among the officers who were asked to state, with reference to G.O., No. 918, Pension, dated 4th December 1897, whether they required apparatus for taking finger-tip impressions. The establishments in the Military Department not being under the control of this Government, the rules regarding the taking of finger-tip impressions do not apply to them, and the apparatus indented for will not, therefore, be required.

2. The Surgeon-General with the Government of Madras and the Private Secretary to His Excellency the Governor are already included in the list of officers (in Appendix B of G.O., No. 918, Pension, dated 4th December 1897) to whom the apparatus will be supplied. Their present indents need not, therefore, be complied with.

3. The Translators to Government and the Meteorological Reporter will be informed that they should borrow the apparatus, when necessary, from the Superintendent, Government Press.

4. One set of apparatus required for taking finger-tip impressions will be supplied from the Pension Department to the British Consular Agent, Pondicherry, for the identification of persons in the Consular Agency, and of Civil and Military pensioners under his supervision.

The result has been that the Deputy-Adjutant-General, who is not a head of a department under Public, has indented for six sets of the apparatus. ORDER
The J. Secy. to Govt.
Owing to a mistake G.O. No. 918, Pension dated 4th Decr. 1897 was communicated to the Deputy Adjutant General, Madras, (encd)

CS. The present proposal of the J. Secy. of India is to have one office containing the duties of Meteorological Reporter to Govt. & Supt. of the Madras Observatory (under Indian Act at Q in G.O. 1342 21.11.98) under himself with retires. Under the circumstances it will, it is submitted, be simplest to give him Popon the set of the apparatus which she asks for. This will completely be available for use in the Madras Observatory also. Mr. Michie Shillie will require a set when he moves to Kodakanal. But as he does not now ask for one it is unnecessary at present to give him one.

Why does the Pension Dept
supply the apparatus

Note for the Under Secy

The Pension department
does not supply the apparatus. Under
para 4 of G.O. 918 of 4-12-97, the Su-
perintendent of Stationery will
arrange for the supply of rollers,
the other articles being obtained
locally. Please see original of
G.O. 918 Pension of 4-12-97. The
Meteorological Reporter and the
Translators to Government are
in the list of officers who submit
pension applications but they
were not included in the list of
officers to whom the apparatus
should be supplied, as it was
thought that the occasional need
of each officer in the Presidency
Town might be met by requiring
the Superintendent Government
Press to keep a spare set in re-
-use for loan to them.

With a view to economise
as far as possible, the
Pension Department in
the first instance drew
up a list of officers to
whom separate sets
of the apparatus were
to be supplied. Several
officers were designedly
left out because they
could use sets supplied
to some other officers close
by. It was accordingly
stated in the Pension
G.O. that if any other officers
than those named in the
list wanted the apparatus
the head of the Dept was
to apply for it giving
full reasons.

The British Consular
Agent of Pondicherry may
have a set. It appears to
have been omitted through oversight.
The translators ^{of the meteorological Department} were expected
to borrow from the Dept
of Agr. But if Public
works require two sets
to be supplied to these officers
the need not, I submit, be met by Mr. 110.58

There is no objection to
the draft in the Dept. subject
to the correction in para 3.
