Memorandum from

Official memorandum No 390 Public

Forwarded.

If Surgeon Captain Giffard be considered to have acted as Chemical Examiner, Madras in addition to his own duties as Resident Surgeon, General Hospital, during the deputation of the Chem. Examiner in connection with the Eclipse expenditure from 14th to 26th January 1898, he will be entitled to draw for this period under Article 184 (i) salary at Rs 800 per mensem and under clause ii such allowance for the additional appointment as Government may fix not exceeding Rs 400 per mensem, provided Government is pleased to dispense with the proviso in clause (iii), and make the declaration prescribed in rule 1 under that article.

It is respectfully submitted however that Article 176 Civil Service Regulations was framed to meet a case such as the present one in which an Officer simply carries on the work of an Officer to enable the permanent incumbent to absent himself for a few days, and that the special reasons described in note 1 to Article 184 can hardly be said to warrant the application of that Article through the Officer may have incurred the extra responsibility contemplated by Article 176 Civil Service Regulations which on a similar declaration made by Government under Article 177 Civil Service Regulations would entitle him to extra remuneration.

The proper course would therefore appear to be to consider
Surgeon Captain Giffard to have been in charge of
the duties of Chemical Examiner in addition to his own
and to grant him a charge allowance at the rate of £100/-
a month.
