ORDER.

S.M. To the Surgeon General.

The list of rubber stamps

 Dept submitted with this

S. G.'s letter no 526 d 17/1/98
 shows that there is great
 diversity in the patterns
 now in use: the number too

appears susceptible of
 reduction. The S. G. is
 requested to report whether

it is possible to ^{cease supplying}

the following numbers in his
 list, which appear to

be of little practical use,

The list of stamps in use in
 the Civil Medical Department
 received submitted by the S. G.
 shows that there is great
 diversity in the patterns. The
 Superintendent of Stationery will
 be instructed in future to
 supply officers in the C. M. Dept
 with the following stamps only.

a. All ~~all~~ Commissioned medical
 officers in separate charge
 of an office, hospital, or
 Lunatic Asylum,

In f.o. 673 Dated 25.12.97
the Public Dept was requested
to institute - so far as the
medical Dept is concerned -
an enquiry similar to that
undertaken by the Land
Revenue Dept. The results
of which are embodied
in that f.o. The Surgeon
was therefore told to report
as to the number and de-
-scription of rubber stamps
in use in the Civil
and Med. Dept - f.o. R No
998 Dated 16.9.97.

The Surgeon's reply
is C 4908.

Many of the stamps
shown in the list seem
to be superfluous.
Attention is especially
solicited to those used
by the Secy to the Surgeon
- also to those in
use in the General Hospital.
Date

date stamps (nos 153, 6,
11, 15822) as also nos 23, 25,
28 & 29 seem necessary.

Orders are solicited
as to the others.

Civ.

3/1/98

~~The others may be
retained. The District establishment
of a D.M.O. is small, and
the use of the stamps is a
matter of convenience to it. The
stamps in the General & Maternity
Hospital may also be retained.~~

The object seems
to be to attain uniformity as
much as possible. It would
seem enough if each D.M.O.
had, (1) Officer date stamp.

(2) on H.M.S. only.

(3) District Medical &

Sanitary Officer. (omitting name of District)

This would cut out

nos. 4. 8. 9. 12. 13. 14. 21. 23.
24. 25. 26. 29. (30 to 39 inclusive
are absurd. No time can be saved
by their use, rather the reverse)

The stamps in
use in the Maternity and General
Hospital may be retained, as only a

This w^d seem
to be enough -
unless the S.G. sees
strong reasons for
the retention of
any others
MA

trifling expenditure will be
incurred by their retention,
and many of them ~~are~~ refer to
subjects which it may be of
great importance to have
clearly labelled.

It will be seen

that only seven D.M.O.s
are now supplied with stamps.

Of the ^{four} standard

~~four~~ stamps suggested above
were sanctioned it would not
mean that they would be
necessarily supplied to all officers,
but only those who indicated.

But probably a dozen
stamps of one pattern would
cost no more than 3 or 4 of
different patterns.
