FURTHER PAPERS.

G.O.	No.	Department.	Date.

Copy of letter from the Government of India, Home Department (Jails)
No.152, dated 24th March 1898:-

I am directed to refer to the Resolution of the Government of Madras, No.1557, dated the 20th November 1897, on the subject of ~~the~~ the maladministration of the Pajamundry Central Jail by the Superintendent Mr. J.H.Young, and the Medical Officer, Surgeon-Major S.C. Sarkies. The Government of India fully agree with the censure passed by the Governor in Council on these two officers.

2. The Government of India consider that Surgeon-Major Sarkies showed great lack of energy and weakness, and they notice that the Local Government have decided that he is to receive no advancement until he shows improvement in the discharge of his ~~duties~~ duties. In connection with the orders passed on the case of Dr.Sarkies I am to invite attention to the circular of the Government of India No.14/369-375 (Medical) dated the 15th November 1880, a copy of which was forwarded to the Government of Madras under endorsement No.14-376 of the same date. In paragraph 6 (c) of that circular it was stated that reports should be submitted by the provincial Administrative Medical Officers to the Surgeon General with the Government of India of any circumstances affecting private or professional character which are of such a nature that they should be made known to the head of the Department without waiting for the annual confidential report. At the time that the Circular of November 1880 issued there was no need for the submission of those reports in the case of officers serving in the Madras Presidency, as promotion within the Madras cadre was made by the Local Government. The necessity has however since arisen in consequence of the change of procedure, by which promotions are now made under the orders of the Government of India. It is necessary for the Director-General, Indian Medical Service, to receive reports of the nature contemplated in paragraph 6(c) of the circular, in order that he may have a complete record before him when advising on questions of promotion. I am therefore to request that the Surgeon-General with the Government of Madras may be directed in future to forward to the Director General, Indian Medical Service, reports regarding important circumstances affecting the private or professional character of medical officers, such for instance as Dr.Sarkies' failure to discharge the duties of the officer in medical charge of the Pajamundry Jail.
