Nellore Collector's Office,
Camp Peda Malalapadu
4th March 1898.

From

E. Scott Esquire
Ag. Collector of
Nellore

To.

The Chief Secretary to
Government, Public Department,
Madras.

Sir,

I have the honour to address
Government with reference to the Nellore
Government with reference to the Nellore
Reading Room referred to in the margin-
ally noted orders of Government.

2. The origin of the Reading Room is
sufficiently clear from the papers
printed with these orders. It need only
be noted here that the Reading Room
was first started with a fund of
Rs 2,000, of which Rs 1,000 were contri-

G.O. no: 10548 23.9.63.
G.O. no: 12758 19.11.63.
G.O. no: 1396 8/16.12.63.

subsidised by Government, and Rs 1,000 raised by private subscriptions from European and Eurasian residents, that the site of the Reading Room was made over by Government as a freehold to the Collector of Nellore under Title Deed No 6 dated 15th May 1868, and that the following rules were approved of by Government for the management of the Reading Room:

- (1) To fix the monthly subscription at Rs 1½ for those living in the station, Rs 1 for those living in the district.
- (2) To have a committee of seven members, two official, five to be elected by the subscribers inclusive of Secretary.
- (3) To consider all Europeans, East Indians and natives now in the district and willing to join

eligible.

- (4) To admit hereafter only by ballot and on payment of a donation of Rs 5, and
- (5) That the Committee shall have power to frame such bye-laws as may be necessary to maintain order.

In G. O No: 1840 Mis: dated 5th August 1885, the Collector and the District Judge were appointed official members of the Committee.

3. As stated in this office letter No: 388² dated 23rd July 1885, the Reading Room was closed from May 1876 to April 1884, but was then resuscitated. Later on, in 1891, it seems to have been again practically shut up, and was not made use of until about August 1893 after a meeting of residents in Nellore had been held. Since then it has continued in existence, and

it is the character of its management during this period that has made it necessary for me to address Government.

4. I enclose a copy of the rules now in force. It will be seen that they are not in accordance with the rules sanctioned by Government, and though reference is made in rule 18 to the ex-officio members it is nowhere stated who these are, and personally I have had no notice of any meeting connected with the Reading Room except once in July last when notice of a general meeting was sent to me because apparently the Committee had heard I was making enquiries about the Reading Room. I attended that meeting because it seemed evident from the subjects to come before the meeting for dis-

9
- cussion that the members of the Reading Room, or at least a number of them with the silent acquiescence of others, were in the habit of behaving themselves in the Reading Room in a manner more suitable to a low pot-house than to an institution started by the voluntary contribution of European and Eurasian gentlemen, and by a liberal contribution from Government, and having as its President the Collector of the District with the District Judge as a member of the Committee, and because I was satisfied that no respectable persons would venture to visit the Reading Room, and that consequently it was very far from effecting the object with which it was started. At the beginning of the meeting I addressed those present and pointed out to them that a complete revolution in the general tone of the institution was necessary, that

it none of them could claim to be
members as none had been admitted
it in accordance with the rules approved
by Government, that the Committee
meetings were ultra vires as no notice
of such meeting was sent to all the
members of the Committee and I
told them that I proposed addressing
Government shortly in view to recti-
fying the existing state of things unless
some proposal was put before me
by the members which would place
matters on a proper footing. Since
then I have heard nothing from
the Secretary of the Reading Room
and I have therefore felt it necessary
to address Government.

5. With reference to what I have
said above as regards the character
of the institution, it is at present
I think sufficient if I give Govern-
ment one instance of what goes

11
on in the Reading Room. At the
beginning of 1897, a member of the
Reading Room was prosecuted under
the instructions of the District Magistrate
(Mr. Meyer) for having in his possession
a large quantity of obscene literature.
A meeting was then held in the Reading
Room - of which the District Magistrate
as Collector was ex-officio President -
to protest against the action of the District
Magistrate. Possibly only a few members
were responsible for this meeting
being held, but the fact that such
a meeting was held and that it
was possible to hold it shows how
rotten the state of the institution must
be.

6. Under these circumstances, I have
to ask for the approval of Government
to my closing the Reading Room for
a short period and starting it

it again on a proper basis, so that
it can be availed of by every-
one who is desirous of taking
advantage of the library, which
contains a number of very valuable
books. A list of the present members
will show by how few of those
who ought to make use of it, the
Reading Room actually is made
use of. That the Collector has power
to close the Reading Room there
can, I think, be no doubt.

I have the honour to be,
Sir,
Your most obedient servant,
Ag: Collector.

C. No. 968

Public DEPARTMENT.

SUBJECT.

The Vellore Reading Room.

- H. E. THE GOVERNOR.
Sir H. W.
(1) THE HON'BLE MR. BLISS, C.I.E.
(2) THE HON'BLE MR. GROSE, C.I.E.

FOR ORDERS.

I have the honour to
acknowledge the receipt of
your letter of the 10th inst.
and in reply to inform you
that the same has been
forwarded to the Board of
Revenue for their consideration.
I have no doubt that it
will be favourably received.
By my proposed amendment
to the rules governing the
Reading Room I have no doubt it will be
carried.

In 1863 Captain A Moborley
of the Public Works Department
started the idea of establishing
a reading room and library in
the town of Vellore for the benefit
especially of the European and
East-Indian Govt employes of
the district and got up a meeting
at which Rs 655 was subscribed.
The then Collector of the district
forwarded a copy of the resolutions
of the meeting to the Board
of Revenue, with the request
that Govt might contribute
a sum equal to the subscription
collected. The Govt agreed
to make a grant-in-aid of
the building proposed to be
erected for the purpose equal
to the amount of the local

1 a subscription but not exceeding
2 Rs 1000, provided that the library
3 be open to East Indian and
4 Native as well as to European
5 subscribers at a moderate of
6 subscription.

Go. No. 1054 Public 23.9.63

1 2. With his letter dated the
2 20th October 1863 Mr Dykes
3 the Collector of the district forwarded
4 certain rules for the manage-
5 ment of the institution and
6 requested that the Govt might
7 nominate two official members
8 to sit on the Committee of
9 management which was
10 to consist of seven members.
11 Govt approved of the rules
12 which, it remarked, provided
13 for the admission of Natives
14 on the same terms as Europeans
15 and Eurasians, but did not
16 say anything about the
17 nomination of the official
18 members.

* The rules are not found in
the go. approving of them. (No
1275 219.11.63) The original
also has been looked up

Go. No. 1275 Pub 219.11.63

1 3. On a further representa-
2 tion from the Collector it was
3 resolved that the Collector of
4 Nellore and the Executive
5 Engineer of the district

Go. No. 1396 Pub 216.12.63

be appointed members on
the part of Govt, of the manage-
ment Committee.

4 In para 2 of the present
current it is said that the
site of the Reading Room
was made over by Govt
as a freehold to the collector
of Nellore under Title Deed
No. 6 dated 15th May 1868.

No authority for the transaction
referred to is traceable in
the records of the Govt office
except ^{Go.} No. 1864 Revenue dated
3.7.68, under which the
title deed of the Reading Room
was, among other title deeds,
sealed and returned to the
Board of Revenue.

5. The Reading Room ~~was~~
ceased to work for some
time but was resuscitated
in 1884 (Vide Mr Grose's letter
No. 3882 23^d July 1885). The
exact period for which the
institution remained closed

is stated in para 3 of the
current to be from May
1876 to April 1884. In 1885
on the recommendation of
the collector, the Govt
appointed the collector of
the District and the District
and Sessions Judge as official
members of the Managing
Committee.

Go. No 1840 Pubhe 225.8.85

6. In 1891 the Reading Room
appears to have been ~~again~~
^{for a second time} shut up and opened only
about 1893 when after a
meeting of the residents
of Nellore it was brought
into existence again. The
collector reports that since
then it has continued its
existence and that it is
with reference to the
character of its manage-
ment during this period
that the present communi-
cation is addressed to Govt.
7. The mode in which
the Reading Room is worked

17
at present and the behaviour
and social position of its
members are dealt with
in para 4 et seq of the
current. With a view to
improve the institution
and to make it more useful
to the public Mr Scott
asks for the approval
of Govt who closing it and
starting it on a proper
basis. He presumes that
there can be no doubt about
his power to close the
Reading Room.

8. From the facts that
Govt has met half the cost
of the erection of the building
that it has made over its
site as a freehold ^x to the
collector on behalf of the
society and that it has
nominated two of its official
to be ex-officio members
of the Committee of manage-
ment, it is clear that

* This was apparently
done under the
Ordinary rules (B.S.O.
no 36) and the Collector
has not been asked to
report.

Govt can legally interfere
 But it seems doubtful
 whether it has power to
 authorize the collector to
 altogether close and start
 anew an institution which
 is maintained, though
 aided at the outset, by
 voluntary subscriptions.
 Before giving a definite
 answer it would, it is
 subd, be well to ask the
 collector to make detailed
 proposals for its future
 management, in the event
 of its temporary closure being
 authorized by Govt.

24/4/8. It is submitted that
 it is open to doubt whether
 Govt. has any power to
 close the reading room. It
 is impossible now to say
 what the present rules under
 which any material
 deposited from those
 originally approved by Govt.

Swaminathi Aiyar

The Reading Room, and
 as a condition it arranged
 to nominate two members
 of the Committee of management.
 It would not be unreasonable
 to suppose that this could

 of these two members.

It is submitted therefore
 that Mr Scott should be
 told that he & the judge
 should attend the meetings
 & do their best to keep things
 straight. If matters should
 get so bad that the
 two ex-officio members
 consider that they cannot
 remain members of the
 Committee then it will be
 necessary to see that the
 steps can be taken.

Clerk's proposal to close
the reading room cannot
therefore be approved.

the Association.

latter by way of securing
the former.
The Judge has apparently
let things slide instead of insisting
on their rights as ex-officio members
of Committee. As suggested
by the A.S. the Com. & the Judge
should attend the meetings
and will no doubt be able
to secure needed reforms &
a compliance with the
rules.

Possibly the Hon. Mr. Grose
may know something about
the Reading Room.

I see the rules do not provide
for expulsion of a member
for misconduct. Failure to
pay up the subscription is
the only mortal sin - vide rule 27.
