police education of the degree of

university and college in the United States.

L. I. C. - License in Military Science.

Their professional education, and relation
to the military service, and political conditions.
The history of the military profession, and its
relation to the state and society.

The elements of inorganic and organic chemistry. In the practical examinations each candidate shall be required to perform at least ten analyses. This examination shall include qualitative analyses, the precipitation of gaseous constituents and other impurities in the atmosphere, analyses of water for domestic use, and of the nature and extent of its mineral and organic constituents; detection of chemical and microscopical adulteration in articles of food and drink; and analyses of mineral waters. It shall also include the analysis of the following substances:—
1. Experimental Physics.

[illegible]

to include General Pathology, including Bacteriology.

The history of epidemic and endemic diseases, their geographical distribution, and relations to climatic and geological conditions. The methods used in bacteriological investigations.

VI. Hygiene - The causes and prevention of disease, conditions of health, nutrition, clothing, and industry, the hygiene of public and private buildings and of particular occupations, quarantine of hospitals for infectious diseases, conveyance of the sick; Vaccination; food, drink; diseases of animals and vegetables in their relation to the health of man; famine diseases; poisoning in manufactures, commercial and domestic use.

VII. Sanitation - Sanitary engineering. Collection, removal, and disposal of town refuse and excreta; conservation of water, drainage, houses, markets, cellars, and dairies, public drinking places, streets, and public buildings, and disposal of the dead; general principles of the construction of buildings, sewers, drainage, and water supply works, and of ventilation and lighting.

VIII. Drawing and Mensuration - Candidates will be expected to understand plans, sections, and estimates of public and private buildings, mines, water and sewerage works, to draw rough figured plans of sanitary works; and to have a knowledge of engineering terms. Mensuration of planes and simple solids.

Books of Sanitation. Text Books of Sanitation. Chemistry. Roscoe's Descriptive Chemistry. Wanklyn's Water Analysis. Hasall's Food and its Adulterations. Physics. Balfour Stewart's Lessons in Elementary Physics. Scott's Elementary Meteorology. Bradhan's Hand-book of Meteorology. Ganot's Natural Philosophy for Beginners.

Sanitary Law. Manuals for Public Officers of Health and Hand-book for Inspectors of Nuisances, by Michael Corfield. Wanklyn's Manual of Public Health edited by Ernest Hart. The different Sanitary Acts passed by the Government of India. The Sanitary Clauses of the Penal Code.

Vital Statistics. Dr Farr's Vital Statistics. Parkes' Manual of Practical Hygiene. Article on Medical Statistics in the Cyclopedia of Anatomy and Physiology. Reports of the Famine Commission.

Madras Census Reports of 1871 to 1891.

Sanitary Engineering and Sanitation. Latham's Sanitary Engineering. Hasall's Water Works, Sewers, Sewerage and Irrigation. ^{Krepps'} Sewerage Questions. Corfield's Dwelling Houses. Galton's Construction of Hospitals. Manual of Hygiene, Sanitation and Sanitary Engineering (available at the Government Press, Madras).

at Bangalore, and after undergoing his F.A. Course in the same institution, joined the L.M.S. Section of the Medical College at Madras in October 1884, and on the completion of a full course of 4 years, he passed the L.M.S. Degree Examination in July 1888.

4. That, Subsequently, Your Excellency's Memorialist underwent a Special Course of one year in Sanitary Science and Sanitary Engineering in the Medical and the Engineering Colleges at Madras and passed the L.S.Sc. Degree Examination in July 1894.

5 That the Graduates' list in the Madras University Calendar will show that Your Excellency's Memorialist is the only one in the Presidency who has yet passed the said L.S.Sc. Degree Examination, and the difficulty of passing this Examination can be perceived on perusal of the Curricula prescribed by the University which is hereto appended for easy reference.

6. That Your Excellency's Memorialist having thus specially qualified himself in Sanitary Science, in addition to passing in Medicine and Surgery, he humbly thinks he is entitled, on account of such qualifications, to apply for one of the posts of District Medical and Sanitary Officer reserved for

natives; and the fact that he is a native of the Madras Presidency is another circumstance in his favour.

7 That Your Excellency's Memorialist has a thorough knowledge of Canarese and the other languages of South Canara, including Strindustani; and he is fairly acquainted with Tamil, Telugu and Malayalam; he is prepared to take service in any District of the Presidency.

8. That for the last four years and a half Your Excellency's Memorialist has been the Health Officer at Trivandrum in the Native State of Travancore on a salary of Rs 175 plus an allowance of Rs 20.

9. That Your Excellency's Memorialist humbly and respectfully begs to solicit that, on a kind and favourable consideration of the above circumstances, Your Excellency may be pleased to confer on him one of the posts in question, or at least an acting appointment; or if this be not feasible just now, to appoint him permanent Civil Assistant Surgeon, and he shall, as in duty bound, ever pray.
