I remember seeing
in the Tappan personal file

my attention at once, owing
to its being different in
form from those sent by
other depts. of the E. of I.

2. The reminder by
post was followed by one
by telegram, received on
20th Inst (Current No 25-58)
On seeing this telegram, I
asked the Public Reference
what had become of the
printed reminder received
the previous day, but he
could give me no information.

3. On receipt of the
telegram from the E. of I.
I immediately forwarded it to the

paper No 1121 A 7/21.7.99,
to which a reply was required.
This could not be traced,
& the G. of S. was asked by
telegram on 5.7.99

the office both on 21.7.22

the printed reminder received

this morning (23) Despatcher
V. Ramaswami Konda brought
the missing reminder to C.A.

have been taken from

V. Ramaswami Konda - ^{Let} Last
evening I made two entries
in the ~~despatch~~ register of
papers despatched to the Rev.

was not there in the book.
This morning at 11 a.m. I found
the reminder in the register of

the book this morning before
I sent it to the Rev. Dept.
On its return from Rev., I
immediately opened it in
order to make a further
entry, & I then found
the G. of S. reminder about
midway in the volume.
I then took it out.

S. K. Govindan - I remember
seeing the G. of S. printed
reminder with the top sheet.
I had a doubt as to which
dept. it belonged. I
asked Chakrapani Rao
whether he had seen the
original current to which
it was a reminder, & to
which dept. it belonged.
He said it might be
either Public or G. of S.
I marked it Public &
included it in the

the papers to my secretary
to be registered. I am positive
that I did not hand over
the remainder to Despatch

R. Chakrabarti Rao. I
remember Jorindar asking
me if the remainder was
Public or S.D. He made
similar inquiries about
some other papers at the
same time. As regards the
S.D. remainder, I told
him that I did not
remember any papers in
Public, but that it must
be either Public or S.D.
I advised him to inquire
in S.D., as my Hollingsworth
was stated in the remainder
to belong to the
~~College~~ College.
I know nothing more
about the papers.
Mr. Hollingsworth I remember
seeing the remainder in the
Suppl. personal file when

the letter was being made
up. The remainder was
sent to the College
5- It seems clear that
an attempt was made by
some one to suppress the
remainder, owing to the
previous papers to which
it called attention having
disappeared.

I think that looking to
the ~~fact that~~ ^{date} of Indian

in view of the fact that that

hand about the time Chakrabarti

to his account. Looking further
at the instances in which he

SIR,

I am directed to forward for submission to His Excellency the Governor in Council the correspondence noted From Director-General, Indian Medical Service, No. 2972, dated 2nd June 1899 and enclosures. (RETURN REQUESTED) : tion from Senior Assistant-Surgeon and Honorary Captain R. Hollingsworth

Medical College, Madras, who attains 55 years of age, and should retire from the service on the 11th November 1899, for an extension of service till the 1st January 1900, to enable him to complete three years service in his present grade and thus qualify for the higher of the two rates of pension laid down for that grade in Article 1619, Army Regulations, India, Volume I, Part I. It will be seen that the application is strongly recommended by the local departmental authorities not only on personal but also and chiefly on public grounds and that the Principal of the College on the latter grounds recommends Captain Hollingsworth's retention in the service till the termination of the College Session, that is, till the 31st March 1900.

2. Before considering this application the Government of India would be glad to be favoured with the views of His Excellency in Council whether the desirability of retaining Captain Hollingsworth in the service beyond the 11th November 1899, is sufficiently great as to warrant a special

recommendation

Sir,

In continuation of my telegram of this date, and with reference to your letter no 1572 A dated 22 Sept. 1899, I am directed to state that, in the opinion of this Govt, the reasons given in the letter from the Principal Med. College to the Secretary to the Surgeon Genl with the Govt. of Madras, no 149 dated 29 April 1899, are sufficiently strong to warrant a special recommendation being made to the Secy. of State for the retention in the service of India asst. Surgeon & Army. Capt. R. Hollingsworth until the end of the College Session, that is, until the 31 March 1900.

As stated in my telegram no 586 dated the 20 Sept. 1899, the receipt of your letter no 1121 A dated 21 July 1899 is not traceable in the office. I am now directed to return the copies

of documents received with your letter no 1572 A dated 22 Sept. 1899, & also to forward copies obtained from local offices of the remaining papers required to complete the case. A list of the enclosures now sent is attached.

NOTE FOR THE UNDER SECRETARY.

Please see the Ch.
 Secy's note on the draft
 regarding why
 the recommendation on
 behalf of Army Captain
 Hollingsworth was not
 directed by the Surgeon Genl.

2. The original applica-
 tion was sent by the S. G.
 to the D. G. early in the
 year, before direct commu-
 nication between those offices was
 restricted in any manner
 as far as para 6 of the
 G. & S. letter printed with
 S.O. 42759 Public D 11-7-22 -
 It is possible also that the
 Surgeon Genl. treated this
 as a matter relating to
 the "operation of departmental
 rules".

Orders are requested
 as to whether the question
 should be put to the D. G.

It seems therefore useless
 to ask the S. G. - a new
 officer too - about it. It
 can't happen again under
 the new rule as to correspondence.

He further action called for
 H. 26.10.22

Col. The manuscript to
 the Mil. Subordinate
 Medical Service is a
 letter in which the
 he has happened to
 be mentioned in D. G.

Please see para 4 of the
 S. G. letter on p. 3 of 60.
 670 P. B. d 25/8/26. (Mr. Kap.)

H. 26.10.22
 I should think the

is a matter which we have
 15 have direct to the D. G. without
 20 approval of the Govt. since the
 25 Bureau may be a military office
 but if it be supposed that Govt.
 had wished to get him out without
 of retaining him it seems
 obvious that it wishes we
 have been directed by the
 D. G. action.

Senior Assistant Surgeon with the

Madras.

To, The Secretary to the Surgeon General
with the Government of Madras
(through the Principal, Medical College).

Sir, With reference to a return from the
Accountant General stating that in accordance
with para 233 of India Army Regulations 1871,
I must retire from the service on the 11th November
1899, the date on which I complete fifty five
years of age, I beg respectfully to point out that
on that date, I will be short by fifty days of
the three years which qualifies, under India
Army Regulations of 1871 para 30, a Senior
Assistant Surgeon with the Honorary Rank of
Captain, for the pension of Rs 200 per mensem.

From the
statement of
my services
in the margin,
it will be
observed that
I will have
completed on
the 11th Nov. 1899

a service of nearly forty one years in the Madras
Medical Department, thirty two years of which
were in the Warrent and four years and
three

three months in the Commissioned grades of the Subordinate Medical Service. It will also be noted that of the thirty two years in the Warrant grades, twenty years and two months were passed in the grade of Assistant Apothecary, owing to the large number of supernumeraries in the Department and the practice that then obtained of permitting Senior Apothecaries an extension of three years after completing fifty five years of age. The prolonged service in the junior grades that this involved, was subsequently relieved by limiting the period of service as Assistant Apothecary to fourteen years. I should here mention, that I entered the service, when I was fourteen years and two months and that I passed out first in my batch, when I was eighteen years and six months old.

vide G.O. No. 276 of 23.9.98 subsequently abrogated by G.O. No. 167 of 1900

Under these circumstances, I beg the Surgeon General with the Government, will in consideration of my long service in the Department and the prolonged period I served in the Lower Warrant Grades, favorably consider my request, that I may be permitted to continue in the Department, until the 1st January 1900, to enable me to complete three years in my present grade and then qualify for the pension of rupees two hundred per mensem. I may here mention that a concession similar to the one now requested, but only for eleven days, was granted to Senior Apothecary J. Everard in December 97, to enable him to qualify for the Superior pension.

I have the honor to be Sir
Your Most Obedient Servant
R. R. Hollingworth

Senior Asst Surgeon with the Hon. rank of Captain
Assistant to the Professor of Materia Medica
and Senior Assistant Medical College, Madras

Sp. M.
1149

To The Secretary Surgeon General
with the Gov. of Madras.

In forwarding the request of Honorary Captain R. Hollingworth for favorable consideration, I have the honor to state that I consider the excellent services he has rendered for a long period of years in the performance of his duties at the Medical College, are deserving of the fullest possible consideration, on purely personal grounds, but in addition there has also to be considered, the desirability of a prolongation of his service in the interests of the public service. He attains the age of 55 on the 11th November 1899, that is to say, in the middle of the College Session and it is I consider, in every way desirable that he should not be compelled to interrupt his duties at the Medical College, till the termination of the Session, that is, the 31st March 1900. Any avoidable break in the continuity of the teaching, is to be deprecated and should he not be granted an extension, it will be necessary to appoint a new teacher in the subject of Surgery to the large class of Hospital Assistants and which is carried out entirely by him, and in addition the supplementary teaching to the class of Military pupils, in the subject of Phakera cladia, will be also interrupted. Moreover the charge of the office of the Medical College, will also have to be placed in new hands and it will be particularly

particularly unfortunate should any change
take place at the present time, seeing
that the Revised regulations of the Madras
University, regarding the medical degrees, are
now being introduced and in conformity
therewith the revised rules appertaining
to the training of auxiliary pupils are also
being brought into force. I therefore
venture to solicit special consideration
to the prolongation of Captain Hollisworth's
services throughout the ensuing session.
