THE CHEMICAL EXAMINER,
Madras,

To
THE Secretary to the Surgeon General
With the Govt of Madras

Enclosures.
1. G.O. No: 1041 15.9.99

Reference:—

Sir,

With reference to paragraph 2 of the letter from the Government of India, Communicated in G.O. No: 1041 dated 15th September 1899, I have the honour to state that a quartz plate was received here on the 12th September last and the Polariscope was fitted up and samples of sugar are being analyzed in this Laboratory since then.

2) The Polariscope was tested as soon as it was received, 14th July 1899 and found to be in working order.

I

I knew that the quartz plates and tables were not necessary, but the directions, given in the Report of the Scientific Commission on the Polariscope, sent with the instrument, enjoin that a "complete verification of the accurate adjustment of the Polariscope by means of three Central plates, as given above, should be employed whenever the polariscope is set up for the first time by the officers using it, and that when the Central plates were required.

3). I beg to forward the letter from the Director General of Stores London dated 28th July 1879 enclosed with above-mentioned G.O. is retained for the file of this office.

I have the honor to be,
Sir,
your most obedient Servant
K Sampson Major Genl
Ag: Chemical Examiner.
