Extract from the Director-General of Stores' letter, No. S.9800, dated the 6th September 1899.

In continuation of my letter No.S.8755 of 28th July 1899, I have the honour to inform you that the quartz plates for polariscopes were sent by parcel post on 30th August 1899—one each to Calcutta, Madras, Bombay, Karachi and Rangoon.

The tables were only procurable in a work entitled 'Sugar' by Lock and Newlands, and a copy of this book was sent to each of the above-mentioned ports by Brindisi post on 18th August 1899. It is thought that this work which I am informed is the best on the subject may be found useful in other respects.
