OFFICE OF SURGEON-GENERAL
WITH THE GOVERNMENT OF MADRAS,
Madras, the 1st November 1899.

From

SURGEON-GENERAL D. SINCLAIR, M.B., C.S.I., J.M.S.,

SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

To

THE HON'BLE THE CHIEF SECRETARY TO GOVERNMENT,

Public DEPARTMENT.

SIR,

H

With reference to G.O. No. 1230, Public, dated 31st October 1899, I have the honor to state that with plague staring us in the face and with so many Railway and Road Frontier Inspection Stations still in existence, it will be impossible to spare any Hospital Assistants from this Presidency for Famine duty in the Central Provinces. The reserve of 20 per cent referred to by the Government of India is almost wholly absorbed by plague requirements notwithstanding that all leave to Medical Subordinates except on Medical certificate has been stopped.

2. If, however, Government wishes that the demand from the Government of India should be complied with, it can be arranged by withdrawing Hospital Assistants from State Hospitals in the Presidency Town and by closing Minor dispensaries in Districts not affected by plague.

I have the honor to be,

Sir,

Your most obedient servant,

D. Sinclair

Surgeon-General,

Surgeon-General with the Government of

Madras.

 In reply to

On a reference to the

Surgeon General that officer
reports that with the plague
staring us in the face and
with many Railway and
Road frontier stations still
in existence it will be un-
wise to

3076 حب

to spare any Hospital Assis-
tants from this Presidency
and that the reserve of 20
percent referred to by the
Govt. of India is almost wholly
absorbed by plague require-
ments. The Surgeon General
however points out that if
Govt. wishes to comply
with the demand from the
Govt. of India it can be met
by withdrawing Hospital
Assistants from State hospitals
in the Presidency town and
by closing minor dispensaries
in districts not affected
with plague.

Orders are requested.

This is a case of great
urgency & I think we
should comply, informing
India at the same time

C. The proposal of the
S.G. may, it is submitted,
be accepted, but perhaps by withdrawing H.A.s from
it would be well to tell India first State Hos. & minor
dispensaries, & that if
Govt. asked for men from the reserve, plague increases we
if dispensaries are to be closed it
would be well that India should know that this Govt. has gone out of compliance with the demand first
it would help the C.G. & then let India know
