With reference to G.O. No. 514 P. dated
 the 25th May 98, I have the honor to
 forward herewith the copies of the annual
 estimate of Plague expenditure for the
 year 1898-99 prepared in consultation
 with the Accountant General.

2. I regret the delay in the submission
 of the budget, the one from the Collector of
 Madurai having ^{only} been received on the 27th
 August 1898.

3. I request that all Collectors be
 directed to send in punctually to this office
 their monthly estimates commencing from
 the month of August 1898 as soon as the
 sanctioned annual estimate is received by them.

4. There is already considerable extra
 correspondence in this office in connection
 with plague and the compilation of these
 monthly budget estimates will involve additional
 work which my limited establishment is
 utterly unable to cope with. I would therefore
 request that Government will be pleased
 to sanction my entertaining two temporary
 extra clerks on Rs 40 and 25 respectively to
 take up the compilation of monthly estimates
 and the temporary posting to the office of
 a reserve medical subordinate of the
 civil.

In f.o. No. 2514 P Local
dated 25th May 1898
and Municipal / it was laid down that
as most of the Provincial expenditure
would fall under 24 - Medical, the
Collector's application for grants should
be forwarded through the Surgeon General
who would, after checking the estimates
under the heads controlled by him,
consolidate them in his Office and submit
them in print to Government.

In his Proceedings No. 51 dated 4th -
October 1898, ^{however} the Plague Commissioner
considered it unnecessary that the estimates
should be dealt with and tabulated in
the Surgeon General's Office. Reference is also
directed to the H. M.'s remarks which
are quoted below: -

" I don't see that either the Plague
" Commissioner or the Surgeon General
" needs any establishment to do such
" work in connection with estimates as
" is required of one or the other. checking
