Simla, the 22 November 1898.

SIR,

I AM directed to inquire whether *the Government of Madras*

desire that any, and if so, how many, sets of apparatus for producing Röntgen's X rays should be procured in England for the use of medical institutions in the Madras Presidency

It is proposed to procure two additional sets to complete the military equipment, and it is probable that the Director General of Stores at the India Office will be able to obtain a reduction in the price if the full requirements of the Civil and Military Departments are supplied at the same time.

2. I am to add that the cost of each set of apparatus is likely to be about £65.

I have the honour to be,

Yours most obedient Servant,
