OFFICE NOTE.

The Superintendent, Govt. Press, submits that the want of a chemical balance in the Press for weighing and testing sheets of paper and other delicate articles has been long felt ~~and~~ and there is an exceptional opportunity now of obtaining a second hand balance to suit the requirements of the Press, from Messrs. Baker & Co. at the low rate of Rs. 30. The balance is in good order, and a new one would cost at least Rs. 220.

2. The Superintendent further submits that one set of stock and dies with taps $\frac{1}{2}$ ", $\frac{5}{8}$ " and $\frac{3}{4}$ " is constantly required by the Mechanic at the Penitentiary Branch Press for making screws and nuts for

repairing the printing and binding machineries. If this is obtained, the expense now incurred for making screws etc at the Public Works Workshops, can be avoided and work much facilitated. This can be procured from the Reliance Foundry for Rs. 40, which being the cheapest rate obtainable.

3. The undersigned, therefore, solicits that Govt. will be pleased to accord sanction for the purchase of the above two articles. The cost can be met from the Press Budget.
