THE HON'BLE THE CHIEF SECRETARY TO GOVERNMENT,

Public DEPARTMENT.

SIR,

In retransmitting the papers received with your endorsement No. 784 dated the 18th instant, I have the honor to state that, as will be seen from G.O. No. 234, Public, dated 14th February 1899, the Medical Board was directed either to recommend Major Patch, I.M.S., for leave on Medical Certificate in the form prescribed by article 894, Civil Service Regulations, or to give a "definite pronouncement as to his fitness for further service." The Board was not asked to give an invaliding certificate in the form laid down in article 491 (a), Civil Service Regulations, nor does an amended certificate in that form appear to me to be necessary, as Commissioned Medical Officers are not required to support their applications for retirement with invaliding certificates. All that now seems to me to be necessary is that Major Patch, I.M.S., should be called upon by Government, on the strength of the Medical Board's pronouncement, to send in his papers for pension.

I have the honor to be

 The petition of Major A. I. L. Patch
 MB. CM. DPH. Indian Medical Service

Respectfully sheweth

That your petitioner has in
 consequence of ill health contracted
 in Active Field Service, as certified
 by the Medical Board assembled
 at Madras on the 10th December 1898
 (copy of Proceedings of Board attached)
 been obliged to vacate his appoint-
 -ment as District Medical and
 Sanitary officer Kurnool and
 is now and has been for the past
 three months residing unemployed
 in Madras awaiting orders -

Your petitioner has

by his previous service earned
a certain term of leave and
his desire is that this leave may
be granted to him prior to his
retirement - He, however,
feels, from Letter No 1. dated
2nd January 1899 from the
Surgen General with the Govt of Madras
to the Honble the Chief Secy to Govt
Public Department (Copy attached) -
that his claim to this leave is likely
to be ignored - He respectfully
submits, that should this be
done, he will suffer a great and
unmerited hardship, and one
which no officer in his position
is ever, so far as he can ascertain,
called upon to endure - Not
only will his prospective pension
be considerably reduced in
amount, but the pension of
his wife, should she survive
him, as seems only likely,
will be similarly curtailed -
Your petitioner can

imagine no reason why he
should be deprived of the leave
earned by him by previous service,
and seeing that his health has
been shattered in the performance
of his duties as a Military Officer
in the Field, he feels confident
that your Excellency will, with
the well known justice which has
always characterised your
administration, issue such
instructions as will ensure the
grant to your petitioner of all
the privileges of leave prior to
retirement which are usual
and admissible under the Rules
of the Service, and your petitioner,
as in duty bound, will ever pray.

No 1 . . dated 2nd January 1899
with reference to Para 2 of G.O
no 815 Public dated 28th June 1898.

I have the honour to state for the
information of Government, that
immediately on receipt of the
order arrangements were made
for convening a Medical
Board and instructions were
issued to Major A.T.L. Patch D.M.S.

to appear before it. He submitted
instead an application for four
months leave on private affairs.

This having been negatived in
G.O. no 919 Public dated 3rd September
1898, he was again directed to appear
before a Board. After considerable
vacillation and change of mind
he finally decided to do so, but
not until the 10th December 1898.

Accordingly he appeared before
the Medical Board on that date
and I enclose for the

information of Government a
copy of its proceedings.

2. The Board originally granted
two certificates.

(1) Considering him unfit for
further service as a District
Medical and Sanitary Officer

(2) recommending him for one
year's sick leave.

As the dual action of the Board
appeared to me to be most in-
consistent, I returned the
certificate and called upon
them to make one recom-
mendation according to
their conviction for transmission
to Government.

3. The Board while submitting
one certificate have adhered to
the original nature of their
recommendation with this
exception, that instead of
a year's sick leave, they
recommended Major Patch
for two years furlough which
is due to him.

I need hardly observe

that in making this recommendation the Board have exceeded their province. They are only required to give a professional opinion and certainly not to recommend the grant of furlough on sympathetic grounds. This portion of their recommendation, which to say the least of it is most irregular, should therefore be set aside as requiring no consideration and we should proceed to deal with the certificate alone. The Board are distinctly of opinion that "Major Patch is unfit for further service as a District Medical and Sanitary Officer on account of chronic Rheumatism" and the only course now to be adopted is to retire him from the Service with effect from the date of the certificate.

5 - Major Patch is anxious to obtain two

Years furlough which is due
to him and to retire after its
expiration when he will be
entitled to a higher rate of
pension. While ^{fully} sympathizing
with him, I regret I cannot
support his request in the
face of the Board's clear
pronouncement, as his further
retention in the service
will be unfair to government
and a waste of Public money -

The Indian Army

Dr. Patch having
appeared before a Civil

form of certificate pre-

not apparently have been
addressed to the form

it is not plain how
applications to retire should
reach the D.C. It is
suggested however that it
is desirable that such applications
should come to the Govt. & be
sent on to the Govt. of India:
they should not be sent
direct to the D.C. by the S.G.,
because the Govt. will find
its affairs retarded without

appears to be necessary
is to point out to the

No. 171 From the Surgeon General No. 171, dated 1899

189

The Surgeon General
submits a petition from
Major Patch, I. M. S.,
praying that he may
be granted, prior to
retirement, all the
privileges of leave
admissible under the
rules. He states that if
he is refused this con-
cession, not only will
his prospective pension
be considerably reduced
in amount, but that
if his wife, should
survive him, will be
severely affected.

shown by the Controller
of military accounts, in the papers
filed T, that Major Patch
is now entitled to a pension
of £292 per annum, and
that he will not become
eligible for the next higher
rate, viz. £365 per annum,
until 19 June 1901. He
has to his credit furlough
to the extent of 1 year and
192 days counting towards
pension. If granted this
leave from the date he
was struck off duty in Decr
1898, it would take him
only to the middle of 1900,
so that in any case he
would have to put in
further active service to
earn the next higher rate
of pension, and this in
the face of the Medical
Board's certificate, declaring
him unfit for further service
is impossible. ~~Major~~ ^{Major} Patch,
in the event of his
husband's death, would
now draw a pension of

£100 per annum. She can
only draw the next higher
rate, £130 per annum, if
her husband dies after
attaining the rank of
Lieut. Colonel. If he
remains in the service,
he will reach his Lieut.
Colonelcy on 2 Apr 1901,
& this too is now im-
possible. It is utterly
hopeless therefore for
Major Patch to expect
to earn a higher rate
of pension either for
himself or his wife.
It seems doubtful also
whether, under
Art. 499 C.S. Regs. L.
he can be granted
any leave after the date
of the final certificate
of the Med. Board
pronouncing him unfit
for further service.
There is another
point however which

may be mentioned

Major Patch was relieved
of his duties at Kurnool
about 9th Dec 1898, and
the Medical Board finally
promoted him unfit
for further service on the
29th February 1899. The
previous certificates by
the Medical Board were
rejected, one by the Surgeon
General, & one by Govt., as
irregular, and count
for nothing. There seems
no reason why Major
Patch should not be
granted leave for the
period of about 2 months
or 21 days intervening
between his relief & the
date of the Board's final
certificate. If this
decision be granted,
he will draw full pay
during the period, he
will count for more
in his months during
service in Kurnool, &
Collector having no + Current no 739.

ported that his service
fulfilled the conditions of
Gov. no 982 G.O. dt 25.8.97.
The question whether leave
can be granted from 9.12.98
to 28.2.99 seems one for
the Accountant General
to advise on.

Col. D. S. S.
Submitted that his
file may be sent (his) to
the Ac. General for favour
of opinion on the points raised
above. The Comptroller Genl.
has already indicated (under
his paper at T) that he
cannot give an opinion as
to Major Patch's eligibility
for leave under the Civil
rules. Attached is also
written to H.E. the Secy
dt 4.9.99 at R.

For service in mlt. dept -	7.23	Rs 375 p.m. subject to military minimum Rs 250 p.a.

Reading Articles 500 and 501 Civil Service Regulations with article 499 I do not think that the latter article preclude the grant to Major Patch of furlough or leave on medical certificate for which he may have been eligible when he was struck off duty.

I see no reason why he should not be granted with retrospective effect furlough without medical certificate for the first four months of which he would be entitled to full pay, if Govt declare him entitled to the famine concession and he allowed thereafter to send in his application for pension. His retirement would then have effect under article 501 from the termination of his leave.

The application as it would not be an application for "privilege leave" or "leave on medical certificate" should be forwarded to the D. G. I. M. under article 935(a) Civil Service Regs. on a strict interpretation of that Article, but as leave would be on account of illness though not technically "leave on medical certificate", I think, has regard to Art 935(b) that there could be no objection to Govt. passing orders on the application without

For orders

With reference to
the notes below, the Asst.
Sgt. now expresses the
opinion that there is no
reason why Major Patch
should not be granted
the furlough due to him
(1 vac 10 months and 29 days
for the first four months
of which he would be
entitled to full pay
if Govt. declare him to
be entitled to the former
excessions; and there
be allowed to send
his application for

major Patch to qualify for a higher rate of pension either for himself or his wife, but as it is now shown that it can be granted, and as full pay for four months will be a substantial advantage to him, there seems to be no reason why his prayer should be refused.

3. Major Patch's service on famine duty has been declared by the Collector to come within the scope of the Govt. of India Resolution regarding famine concessions.

4. Orders are requested as to whether the leave may now be granted - without

insisting that the application should go first to the D.C. of the District.

No. This is a matter between the S.G. & the D.C. of the Govt. & does not affect this point. Moreover the reason for my reference to the D.C. is wanting as there is no vacancy to be provided for. Major Patch merely remains on the list instead of being retired immediately. AA 21.5.99

In view of the fact that some time has elapsed after Major Patch's relief at Kurort before he was declared by medical board unfit for further service. The Governor

that Major Patch's application for leave should be ~~granted~~ ~~he should be permitted~~ ~~for the date of his relief should be~~ ~~to avail himself~~ ~~of his leave~~ ~~prior to his return~~ ~~to his retirement~~ ~~of the leave for which~~ ~~he is eligible~~, and

that under Art. 50 C.S. Regs, his return should have effect from the termination of his leave.

under Art. 340 C.S. Regn.

to declare that Major

concessions mentioned
in Govt. of India Resoln
no. 5047-P. dated 15th

accordingly be granted,
under para 2 (ii) of the

and his retirement will under
Art. 501 C.S. Regn. have effect from
the termination of his leave. In
the meantime the necessary steps
