No. 34 (Revenue), dated India Office, London, the 16th February 1899.

From—The Right Honourable Lord GEORGE FRANCIS HAMILTON, Her Majesty's Secretary of State for India,

To—His Excellency the Right Honourable the GOVERNOR GENERAL of India in Council.

In compliance with the request in your Government's letter No. 1 (Finance), dated the 5th January 1899, I sanction the proposal that, subject strictly to the limitations stated in your Government order of the 16th December 1898, retired Commissioned Medical Officers may be re-employed temporarily on a salary of Rs500 a month, in addition to their pension.

No. 1, dated Calcutta, the 5th January 1899.

From—The Government of India,

To—Her Majesty's Secretary of State for India.

We have the honour to forward, for Your Lordship's information, a copy of a letter from the Director General, Indian Medical Service, suggesting that, in view of the continued demand for medical officers for plague and other duty, general permission should be accorded to the employment of retired Commissioned Medical Officers on a salary of Rs500 a month, in addition to their pensions, which will continue to be a military charge.

2. The arrangement proposed by the Director General appears to us to be a good one, since officers employed under it would be less expensive than medical gentlemen procured from England and would have the advantage of Indian experience. We have therefore, subject to Your Lordship's approval, which has already been granted in one such case (*vide* your telegram of 17th August 1898, *re* retired Brigade-Surgeon-Lieutenant-Colonel Smyth), sanctioned the proposal on the following conditions:—

- (a) that the officer to be re-employed retired before the 1st April 1898;
- (b) that his re-employment must be either on plague duty, or in a post which cannot be filled in the ordinary way by reason of the officers who would in ordinary course be available for it being required for plague duty.

Condition (a) has been laid down in order that the present arrangement may not tend in any way to stimulate retirement.

We have, etc.,
