In continuation of my letters noted in the margin, I have the honour to forward for your information copy of a letter from President, Municipal Commission, Madras, No. 994-G dated 3rd inst stating that He is not prepared to entertain the two nursing sisters from Bombay as their pay is unknown and will probably be more than he is prepared to give.

2. I understand that their pay in Bombay was Rs. 175 each, the pay of the local nurses is Rs. 100 each so that there is a difference of Rs. 75 and considering that these two ladies are better qualified and have large experience of plague work, it will, I consider, be a pity to lose the benefit of their services for the sake of a few rupees. I have informed the President that a reference has been made to Government on the subject and that until the receipt of a decision the ladies may be allowed to continue on plague duty as they have no wish to do general nursing work.

No. 892 dated 12th December 1898.

Forwarded.

2. The pay of the nurses exceeds that sanctioned in G.O. No. 455-P dated 9th May 1898.

3. The President, Municipal Commission, Madras, does not appear to have been consulted about the engagement of these nurses, nor to have been informed of the rate of pay they expect. He will be requested to state if he is willing to engage the nurses on Rs. 175 per mensem. It is not known if this rate includes all demands. The Surgeon-General will be requested to report if any allowances are expected in addition.

 I have the honor to state that the
 two nursing sisters were obtained by
 Government from Bombay for plague
 duty in Madras and as on their
 arrival there were vacancies for
 them in the Madras Municipality
 they were placed at the disposal of
 the President. There was therefore
 no decision for their being com-

 far as their terms were not
 known in this office.

The Government was then adding
 to the above as regards the rate of
 salary & admissible to them but
 have not as yet received the reply. I
 have since ascertained from one
 of them that they have a receipt of

C. No. 3948

Public DEPARTMENT.

C. No. 3948

SUBJECT. English Nurses

Arrived from Bombay

FOR ORDERS.

The question of the employment of the two nurses who recently arrived from Bombay requires consideration.

It was on the advice of the Surgeon General that the Bombay Govt. was asked to transfer the services of the two ladies to Madras. In his letter No. 438 dated 2.11.98, the S. G. advised that they might be "obtained as soon as possible as the President Municipal Commission has applied to me for nurses".

It now appears that the Municipal is not

1352 pub III
7.11.98

inclined to employ the two ladies on the score of expense.

The pay of nurses locally engaged for plague duty is Rs 100 per m. with board allowance of Rs 1/8 per day, free quarters & lights & travelling allowance for joining & on transport.

The English nurses from Bombay receive pay Rs 175 per m, with free quarters, fuel, lights & food & travelling allowance when travelling on duty.

The difference is not very great & it is due to the unwillingness

of the Municipality to employ the nurses from the uncertainty as to their pay.

This has now been made clear. The Plague Comm.

has asked the President if he is willing to engage

the nurses on Rs 175 per m, & a reply might perhaps be awaited. He has also asked the

Mr. H. J. Jones writes that these services could be profitably employed in connection with vaccination & house to house visiting. I understood they both can circulate.

16/12/98

P. T. O.

Case no. 1 Public contains
a letter in which the S.G.
suggests that if the Pres. of
the Madras Municipal
Council does not require
the nurses, and is not
prepared to pay them, they
should be sent back to
Bombay. In a later letter
however, written in reply to
the S.G. dated 28/5/98, the P.C.

Case no 77 (in linked file)

16/12/98, the S.G. agrees
with G.O. that the two nurses
in question might, possibly
be employed on inoculation
and have to have visiting.

The Plague Comm. upon this
letter has expressed the
willingness to pay the nurses if they
are then employed. The
Financial Dept. states that
their pay will be a Provincial
charge.

The nurses are in Madras
doing nothing & it is desirable
that an early decision should
be arrived at regarding them.
The Comm. has apparently

does not require them as
nurses, though possibly when
it is known that they will
be paid for by Provincial
the Pres. may express his
willingness to find work
for them. It is for the
Plague Dept. to decide
(1) whether these ladies
are required as nurses
in Madras or elsewhere
and (2) if they are not shelter
they are required for
inoculation work & arrangements
in regard to plague have
changed somewhat since
the arrangements for
obtaining these nurses
were first made. If they
are now not actually required
it would, it is submitted,
be best to return them
to Bombay without delay.
It is submitted that the
Plague Comm. may be
asked to obtain early
orders on the above points.

1. The services of the two lady nurses, Miss J. Hawthorne & Miss E. A. P. Kearney, being not now required at the Fort, they will be replaced at the disposal of the Govt. of Bombay: They should return to Bombay, as soon as possible, at the public expense.

I have telephoned across to President M. M. & asked him if he considers that he is likely to want additional nurses. His answer is attached; he says "no". I am of opinion that the nurses with a little use for inoculation work; we have a lady doctor working in the City, but she has done but little work, & I believe many of the people she has inoculated are now. I did not raise the question of the English nurses when communicating with President, nor did I say that Provincial Govt. if I had said that he might have said he was not unwilling to have the nurses on their terms. As he wants none, the nurses may be permitted to return.

The nurses should be sent back to Bombay; of course they will get their pay & allowances for their time here.
