Despatch from Her Majesty's Secretary of State for India, No. 32, dated the 4th June 1873.

Read also—

Home Department Resolution No. 729—53, dated the 6th May 1898, republishing the rules prohibiting the receipt of testimonials and addresses by servants of Government.

Resolution.—In the despatch of June 1873, read in the preamble, the Secretary of State ruled that a Medical officer may, as an exception to the general rule, receive purses and other such testimonials from communities, but may not receive an address unless the Government under which he serves has previously permitted its presentation. These orders are embodied in Rule 5 of the rules republished with the resolution of May 1898 read in the preamble. The rule mentions pecuniary recognition only, and the point has been raised whether it should also be made to cover cases in which either the donors or the Medical officer himself prefer that the presentation should take some other form than a gift of money. The Governor-General in Council is of opinion that the exception is meant to apply to such cases and is therefore pleased to direct that Rule 5 shall be altered as follows:—

“Medical officers are not prohibited from receiving a pecuniary or other gift in recognition of their services from a community or body of persons which may desire to acknowledge these; but the previous sanction of the Local Government or Administration must be obtained by Medical officers before receiving any public complimentary address.
